**NOTICE OF DEMOLITION APPLICATION
PRELIMINARY REVIEW**

TO: Landmark Preservation Commission

FROM: Ann Klaassen, Planning Assistant

DATE: September 26, 2016

REFERENCE: 912 Cherry St. Case No. 16-20

An application for demolition was received September 2, 2016 for the removal of the single-family residence at 912 Cherry St. The original date of construction is unknown. The first record in Village files is of the sewer connection in 1910. The original owner and architect are unknown. The structure is not a national, state, or local designated landmark. Research by the Winnetka Historical Society does not show that this home has historic significance or evidence of significant ownership.

In accordance with Section 15.52.040 of the Village Code, the Commission is required to determine whether the building and/or property is of sufficient historic or architectural merit to warrant conducting an HAIS prior to issuance of the demolition permit. Upon completing the preliminary historic and architectural review, the LPC shall enter preliminary findings on the issue of whether the demolition permit application affects a building or property that has sufficient architectural or historic merit to warrant conducting a full HAIS prior to issuance of the demolition permit. In making its determination, the LPC shall consider the following:

1. The preliminary property history study (information on the original building, date of construction, name of property, architect and owner, current photographs of the property, list of work on the property for which the Village has issued a permit);
2. Comments of the Winnetka Historical Society;
3. Any other information, comment or evidence received by the LPC at the preliminary review meeting.

If the LPC finds that the HAIS is warranted, it shall so notify the Director of Community Development and shall order the applicant to conduct such study.

If the LPC finds that an HAIS is not warranted, it shall notify the Director of Community Development that it finds no historic or architectural grounds for delaying the demolition. The preliminary determination of the LPC shall be supported by findings of fact based on the record. The findings of fact shall include statements as to whether or not the building or property has architectural merit, historical significance, both, or neither.

The LPC shall require an HAIS for any demolition permit application that meets any of the following

criteria:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

The Director of Community Development may delay the issuance of a demolition permit for up to 60 days if one or more building or demolition permits for primary structures have been approved for properties, for which work is continuing, on either side of the right-of-way block face and/or alley along which the property is located, or if the Director determines that a delay is necessary to prevent undue congestion and noise impacts in the neighborhood. Currently, there are no building or demolition permits for new primary structures on the block. The Director has determined that a delay is not necessary to prevent undue congestion and noise impacts within the neighborhood.

**VILLAGE OF WINNETKA
DEPARTMENT OF COMMUNITY DEVELOPMENT**

**NOTICE OF DEMOLITION APPLICATION
PRELIMINARY REVIEW**

TO: Landmark Preservation Commission

FROM: Ann Klaassen, Planning Assistant

DATE: September 26, 2016

REFERENCE: 970-972 Green Bay Rd. Case No. 16-21

An application for demolition was received September 2, 2016 for the removal of the commercial building at 970-972 Green Bay Rd. The original date of construction is unknown. The first record in Village files is of the sewer connection in 1954. The original owner and architect are unknown. The structure is not a national, state, or local designated landmark. Research by the Winnetka Historical Society does not show that this building has historic significance or evidence of significant ownership.

In accordance with Section 15.52.040 of the Village Code, the Commission is required to determine whether the building and/or property is of sufficient historic or architectural merit to warrant conducting an HAIS prior to issuance of the demolition permit. Upon completing the preliminary historic and architectural review, the LPC shall enter preliminary findings on the issue of whether the demolition permit application affects a building or property that has sufficient architectural or historic merit to warrant conducting a full HAIS prior to issuance of the demolition permit. In making its determination, the LPC shall consider the following:

1. The preliminary property history study (information on the original building, date of construction, name of property, architect and owner, current photographs of the property, list of work on the property for which the Village has issued a permit);
2. Comments of the Winnetka Historical Society;
3. Any other information, comment or evidence received by the LPC at the preliminary review meeting.

If the LPC finds that the HAIS is warranted, it shall so notify the Director of Community Development and shall order the applicant to conduct such study.

If the LPC finds that an HAIS is not warranted, it shall notify the Director of Community Development that it finds no historic or architectural grounds for delaying the demolition. The preliminary determination of the LPC shall be supported by findings of fact based on the record. The findings of fact shall include statements as to whether or not the building or property has architectural merit, historical significance, both, or neither.

The LPC shall require an HAIS for any demolition permit application that meets any of the following criteria:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

The Director of Community Development may delay the issuance of a demolition permit for up to 60 days if one or more building or demolition permits for primary structures have been approved for properties, for which work is continuing, on either side of the right-of-way block face and/or alley along which the property is located, or if the Director determines that a delay is necessary to prevent undue congestion and noise impacts in the neighborhood. Currently, there are no building or demolition permits for new primary structures on the block. The Director has determined that a delay is not necessary to prevent undue congestion and noise impacts within the neighborhood.

WALTER, PIGEON FANCIER, STARS AS BIRD TRAINER

Wife Aids Iron Worker in Back Yard Hobby

About 400 pigeons will be liberated between 6 and 7 a. m. today in Sterling, Whitehall county, and the 50 white flight to their various Chicago loft is expected to take no more than 2 or 3 hours.

Go about 9:30 a. m. Mrs. Clara Stoltenbach, 2422 Pleasant st., expects that the usual crowd of neighborhood youngsters will gather in her back yard, pointing toward the horizon for the first glimpse of Dependable Hank and the Stoltenbachs' other birds.

Recent Arrival Time

The pigeon race is sponsored by the Veterans Memorial club, 1017 W. Ashland av., Chicago, when the pigeon race that takes place today, will place countermarks, attached to each bird, on the 2422 Pleasant st. at a time stamping machine in a time stamping machine to record the moment of arrival. Prizes of \$40, \$30, and \$20 will be awarded.

The race, of course, is only one of many participated in during the year by members of the Greater Chicago Pigeon Union. But to pigeon fanciers every race is important.

Mr. and Mrs. Walter Stoltenbach have about 60 of these birds—16 breeders and half dozen of which are racing today, in a loft at the rear of their home. But Dependable Hank, a west suburban town official, is their favorite because he always has lived up to his name.

White's Brings Hank Home

Mrs. Stoltenbach still remembers the day Dependable Hank got his name. A group of neighbors were gathered in the Stoltenbach back yard, awaiting the end of a pigeon derby when these seven birds were sighted and Walter said, "There is No. 486" and started whistling and, what happened but this pigeon came sweeping down and plumped to a stop on the loft's platform. "Just like putting on the brakes in an automobile," said Mrs. Stoltenbach.

Ever since bird No. 486 has been known as Dependable Hank and the Stoltenbachs have never had to whistle again to bring him home.

Mr. and Mrs. Stoltenbach, however, spend as much time training their other birds as they do with Dependable Hank. There is no favoritism in the Stoltenbach loft. And the birds are taught to be self-reliant, too. A small bathtub, for example, is put on each floor of

Church Wedding

Mr. and Mrs. Edmund Ulrich Jr., Chicagoans, were united in matrimony at 2:30 p. m. today at Ashland and Rogers ave. The memorial will consist of a plaque mounted on a stone.

Ceremonies will start with a flag raising by the Sullivan R. O. T. C. unit with Sgt. E. J. R. English, principal of Gale school and adjutant of the Legion's 7th district, will give the pledge of allegiance to the flag.

Invocation will be given by the Rev. Thomas S. Hoyle of St. Jerome's church, Main address will be given by Walter S. Swannick, past commander of the Legion's 7th district and of the Legion's Cook county council.

Days will follow with L. E. R. Wilson in charge. The closing prayer will be given by the Rev. E. E. Bewick of Rogers Park Lutheran church.

Commander of Joyce Kilmer Post is Charles Dalby. The post's memorial committee consists of Paul O. Leaper, past commander, and Abraham Kshelitz, senior vice commander.

Glen Oak Acres Votes to Build Sewer System

Glen Oak Acres voters recently approved a \$225,000 bond issue to help finance a sewer system. The vote was 236 to 124. The unincorporated community at present has no sewer system. Individual property owners rely on septic tanks for sewage disposal.

Based on a Glen Oak Acres real estate valuation of \$2,513,000, the \$225,000 is the bond issue in general obligation bonds that legally can be issued to finance the project. Reasonable estimate of the estimated \$211,546 minimum cost probably will be financed by some form of assessment on property owners utilizing the sewer sanitary district.

Construction work is expected to start in the near future, said Mayor and Council member William E. McQuinn. The projected sewer will tie in with the Chicago sanitary district intercepting sewer in Waukegan rd.

Formation of the Glen Oak Acres sanitary district last year was approved by 22 to 23 votes, as first step in constructing a community sewer system.

In addition to Mayor, Glen Oak Acres sanitary district commissioners include Ed Stephens, treasurer and Lee Barnes, clerk.

Legion Leader
Comdr. Arthur A. Gilbert, Winnetka, recently was elected commander of Winnetka American Legion post. Gilbert, a lieutenant now on active duty at Great Lakes Naval Training center, succeeds Hugh M. Brower.

Hi Ann,

You have been very helpful to us in the past and I thought you might like some feedback on the proposed demolition of the above property.

The proposed demolition cannot come fast enough that building has been an eyesore for decades. We sincerely hope something large with a lot of people living in it will be built in its place SOON!

Are there plans to build on the empty two lots at the southwest corner of Merrill and Green Bay? Or just demolish the corner building?

Best Regards,

John O'Malley
