WINNETKA LANDMARK PRESERVATION COMMISSION NOTICE OF MEETING

September 19, 2016

7:30 p.m.

On Monday, September 19, 2016 the Landmark Preservation Commission will convene a meeting on their alternate meeting date at 7:30 p.m. in the Council Chamber at the Winnetka Village Hall, 510 Green Bay Road, Winnetka, Illinois.

AGENDA

1. Call to order.
2. Approval of July 14, 2016 meeting minutes.
3. Preliminary Review of the Application for Demolition Permit of the single family residence at 630 Rosewood Ave. Case No. 16-17.
4. Preliminary Review of the Application for Demolition Permit of the single family residence at 459 Sheridan Rd. Case No. 16-18.
5. Preliminary Review of the Application for Demolition Permit of the single family residence at 215 Ridge Ave. Case No. 16-19.
6. Old Business.
7. New Business.
8. Adjournment.

Note: Public comment is permitted on all agenda items.

The Village of Winnetka, in compliance with the Americans with Disabilities Act, requests that all persons with disabilities, who require certain accommodations to allow them to observe and/or participate in this meeting or have questions about the accessibility of the meeting or facilities, contact the Village ADA Coordinator at 510 Green Bay Road, Winnetka, Illinois 60093, (Telephone (847) 716-3543; T.D.D. (847) 501-6041).

510 Green Bay Road, Winnetka, Illinois 60093

Administration and Finance (847) 501-6000 Fire (847) 501-6029 Police (847) 501-6034

Community Development (847) 716-3520

Public Works (847) 716-3568 Water and Electric (847) 716-3558

DRAFT

**LANDMARK PRESERVATION COMMISSION
JULY 14, 2016 MEETING MINUTES**

Members Present: Louise Holland, Chairperson
Laura Good
Beth Ann Papoutsis
Paul Weaver
Brian Wolfe

Non-Voting Member Present: Andy Cripe

Members Absent: Chris Enck
Ann Grubb

Village Staff: Ann Klaassen, Planning Assistant

Call to Order:

Chairperson Holland called the meeting to order at 7:30 p.m.

Approval of May 16, 2016 Meeting Minutes

Chairperson Holland stated that the Commission would now review the minutes from the May 16, 2016 meeting. She noted that she had a few corrections and clarified her comments on page 5 of the minutes. She also clarified several of her comments on page 6 of the minutes. Chairperson Holland asked if there were any other comments or corrections. No additional comments or corrections were made at this time. She then asked for a motion.

A motion was made and seconded to approve the May 16, 2016 meeting minutes as amended. A vote was taken and the motion was unanimously passed.

Approval of June 6, 2016 Meeting Minutes

Chairperson Holland then stated that the Commission would review the minutes from the June 6, 2016 meeting. She asked if there were any comments or corrections.

Ms. Good referred the Commission to page 10 of the minutes and identified a specific comment of hers to be stricken from the minutes.

Chairperson Holland also clarified her comments on page nos. 4 and 5 of the minutes. She asked if there were any other comments or corrections. No additional comments or corrections were made at this time. Chairperson Holland then asked for a motion.

A motion was made and seconded to approve the June 6, 2016 meeting minutes as amended. A vote was taken and the motion was unanimously passed.

Review of the Alteration of Designated Landmark, 510 Green Bay Road (Village Hall)

Megan Pierce stated that as indicated in the agenda report, this is the second part of the Village Hall renovation project which related to the 2012 restoration project which included the Village Hall doors. She informed the Commission that for this fiscal year, they budgeted for the storm windows. Ms. Pierce then stated that as part of the 2012 restoration project, the windows have already been restored to a preservation standard. She stated that this project would not be focused on the windows but would be a minor touchup with regard to the woodwork and the paint and included adding storms to the 78 windows identified in the report.

Ms. Pierce stated that as indicated there are 8 different window configurations to consider and that she hoped that the Commission members had an opportunity to look out of the south side of the building on the upper and lower elevations and that they have samples of the different type of windows that they are considering. She also stated that she had a sample for the Commission's review and informed the Commission that part of the delay in getting to the Commission was getting the mockups installed. She stated that the storm windows are for protection and to create energy efficiencies and to improve maintenance and that they realize that this would have a significant aesthetic impact on the building as well.

Ms. Pierce stated that the feedback that she has heard to date is that no one realized that there were new storm windows which is what she wanted to hear and that the storm windows would not create a massively different look. She informed the Commission that there have been a couple more installations since the agenda report was done and that Silvechi Glass (sp?) has been helping them do the mockups. Ms. Pierce stated that the windows themselves are from Allied which specializes in historic and things that disappear to the naked eye.

Ms. Pierce stated that in addition to what was installed last week, they now have a full storm window downstairs. She also stated that there are some components to the windows that are changeable by the seasons and some that are not. She stated that while important to the historic aspect of the building, they are still temporary installations without changing significantly any part of the building. Ms. Pierce informed the Commission that the double hung windows are the windows that would get a lot of the seasonal use in that they would be able to be opened and not have full exposure and that on the first floor, there would be some of that as well.

Ms. Pierce stated that all of the installations that have been put up represent all of the configurations that they would like to consider and that they wanted the Commission's input before going forward. She informed the Commission that by phasing, they would get all of the different windows done this year and that the priority would be to get the wood and paint done and that there are a lot of very fine measurements that would go into this since they would be custom storm windows. Ms. Pierce stated that they would want to get the double hung windows and the maintenance windows done this year and then possibly the clip in phase would come in separately and would relate to timing. She stated that compared to the door project, this project would not have a large effect on the Village Hall and that they would be able to phase it so that it would not affect their workspaces.

Ms. Pierce then stated that she would be happy to answer the Commission's questions and that they were mostly concerned with regard to the aesthetics of aluminum which brings to mind a very different look but that they spent time tracking down several different options and that this one color is an absolutely perfect match which was selected for the Village Hall.

Chairperson Holland asked if there were any questions from the Commission. No questions were raised by the Commission at this time. She then asked if there were any questions from the audience. No questions were raised by the audience at this time. Chairperson Holland then commented that the match of the color is amazing. She also stated that it looks just like the limestone.

Ms. Pierce stated that they are very pleased.

Chairperson Holland asked if there were any other comments. She stated that the Commission has to go through all the standards.

Ms. Klaassen stated that the Commission can just make a motion.

Chairperson Holland then stated that the Commission did not have to go through all of the alteration requirements. She asked for a motion to approve the Phase 1 installation of the storm windows as submitted by Megan Pierce.

Ms. Pierce informed the Commission that the company which would do the installation is to be determined and referred to the bidding process of the Village. She stated that they propose a reduced bidding process since they have identified the appropriate vendors to provide the materials. Ms. Pierce then stated that they would like to get that plan to the Village Council this summer.

Chairperson Holland commented that it is nice to have a local vendor.

Ms. Pierce stated that they have been extremely helpful to date.

A motion was made to approve the alteration of a designated landmark at the Village Hall by Mr. Weaver. Ms. Papoutsis seconded the motion. A vote was taken and the motion was unanimously passed.

AYES: Good, Holland, Papoutsis, Weaver, Wolfe
NAYES: None
NON-VOTING: Cripe

Preliminary Review of the Application for Demolition Permit of the Single Family Residence at 74 Brier St., Case No. 16-14

Eugene Keefe introduced himself to the Commission as the president of Gekere LLC.

Chairperson Holland asked Mr. Keefe if he would be demolishing the structure.

Mr. Keefe responded that if he did not, it would fall over by itself.

Chairperson Holland noted that they received a letter from a neighbor who itemized many concerns with regard to the demolition.

Mr. Keefe informed the Commission that he met with the neighbor.

Chairperson Holland then stated that she would like to get into the record what the Commission is responsible for and what the contractor is responsible for. She stated that the neighbor's first concern related to pest control and animals which have made their way into the home. Chairperson Holland stated that comes under what the Village will require the owner to do to have pest control and animal control conduct services prior to the demolition so that the animals are let loose.

Mr. Keefe informed the Commission that they have removed the dead animals and would remove the others.

Chairperson Holland stated that the next item related to the dangers of mold and mold spores to the neighboring residential property and what precautions would be taken to protect the neighbors and their properties. She noted that the Village would not issue a permit without receiving a permit from Cook County Environmental Control with regard to the standing water which has to be pumped out prior to demolition, as well as to include the mitigation of water and the concern that the whole property is in bad shape.

Mr. Keefe ensured the Commission that would be taken care of.

Chairperson Holland then stated that the neighbor asked for the new plans for construction.

Mr. Keefe informed the Commission that they will use Lindsay Associates of Glenview and noted that they have a civil engineer working on the plans.

Chairperson Holland also stated that the neighbor is concerned with regard to the hours of demolition which are to be 7:00 a.m. to 7:00 p.m. Monday through Friday and not on Saturdays, Sundays or a holiday. She stated construction is permitted 7:00 a.m. to 7:00 p.m. Monday through Friday, 9:00 a.m. to 6:00 p.m. on Saturdays with no construction permitted on Sundays or holidays.

Mr. Keefe noted that they just built a home in Wilmette and will follow the rules.

Chairperson Holland went on to state that the neighbor is concerned with regard to the plans to control traffic on Brier. She stated that the Village says that ingress and egress cannot be blocked. She also referred to an enforcement officer who will monitor the site.

Mr. Keefe stated that they will complete the plans and follow the traffic rules to the letter.

Chairperson Holland then referred to the parking regulations on that street with regard to trucks, etc.

Mr. Keefe confirmed that they would fully comply.

Chairperson Holland stated that with regard to street regulations, the neighbor is concerned as to where the contractors and trades people would park.

Mr. Keefe stated that they would park on the property or legally on the street.

Chairperson Holland stated that now, the Commission would discuss the request for demolition. She noted that the Historical Society has stated that the home has no historical or architectural significance or evidence of significant ownership. Chairperson Holland then asked if there were any questions from the Commission.

Ms. Papoutsis noted that Gus Braun & Associates is the architect of record and stated that she is curious as to if there are any other homes of his in the Village.

Mr. Keefe informed the Commission that 187 Forest was remodeled which is located two blocks away. He noted that it is not new construction. Mr. Keefe also stated that this is his third property in Winnetka that they own.

Chairperson Holland asked if there were any questions from the audience. No questions were raised by the audience at this time. She then asked for a motion to grant the demolition request for 74 Brier.

A motion was made by Ms. Papoutsis and seconded by Mr. Wolfe to grant the demolition permit for 74 Brier. A vote was taken and the motion was unanimously passed.

AYES: Good, Holland, Papoutsis, Weaver, Wolfe

NON-VOTING: Cripe

Preliminary Review of the Application for Demolition Permit of the Single Family Residence at 949 Spruce St., Case No. 16-15

Cory Todd informed the Commission that they have built a few homes in Winnetka and that he is a resident of the Village as well.

Chairperson Holland stated that the Historical Society has stated that the home has no historical architectural significance or evidence of significant ownership.

Ms. Papoutsis asked with regard to the new home, if it would have a similar footprint.

Mr. Todd responded that it would not because there is no basement in the home. He also stated that there would be no sport court.

Chairperson Holland asked if there were any other questions. No additional questions were raised by the Commission at this time. She then asked if there were any questions from the audience. No questions were raised by the audience at this time. Chairperson Holland asked for a motion.

A motion was made by Ms. Good and seconded by Ms. Papoutsis to grant the demolition permit for 949 Spruce Street. A vote was taken and the motion was unanimously passed.

AYES: Good, Holland, Papoutsis, Weaver, Wolfe
NAYES: None
NON-VOTING: Cripe

Preliminary Review of the Application for Demolition Permit of the Single Family Residence at 333 Willow Rd., Case No. 16-16.

Mitch Ruchim stated that he would present the request to the Commission on behalf of Leo Birov and the various entities.

Chairperson Holland stated that she had a couple of questions with regard to who is Mango Construction. She noted that they are signatories to the application.

Mr. Ruchim responded that he cannot answer that question. He stated that Mr. Birov builds a lot of homes in the area and uses various contractors for the demolition work. Mr. Ruchim also stated that Mr. Birov uses the same people typically and that this may be someone new. He noted that Heritage Builders are the actual builders of the home.

Chairperson Holland then stated that there are no ordinances with regard to the bluff and that the bluff is very fragile. She stated that she would assume that when Mr. Birov submits plans for new home, they would take into account the fact that the bluff is fragile.

Mr. Ruchim stated that he is sure he will and that he would make a note of that as well.

Chairperson Holland asked if there were any questions from the Commission.

Ms. Papoutsis asked if the home would have a very deep basement and if there would be a sport court.

Mr. Ruchim responded that has not been determined yet and that they have not closed on the home. He indicated that he did not know the answer to that yet.

Chairperson Holland asked if there were any questions from the audience. No questions were raised from the audience at this time. She then asked for a motion. Chairperson Holland noted

again that the Historical Society has stated that the home has no historical or architectural significance or evidence of significant ownership.

A motion was made by Ms. Good and seconded by Ms. Papoutsis to approve the demolition request for 333 Willow Road. A vote was taken and the motion was unanimously passed.

AYES: Good, Holland, Papoutsis, Weaver, Wolfe
NAYES: None
NON-VOTING: Cripe

Review of the Historical Architectural Impact Study (HAIS) for the Single Family Residence at 1035 Sheridan Rd., Case No. 16-11.

Mitch Ruchim informed the Commission that Mr. Birov is out of the country and that he sent emails out granting Mr. Ruchim permission to represent him.

Chairperson Holland stated that they do have another home that is a Heritage Builders' request. She then referred the Commission to the review of the HAIS for the 1035 Sheridan Road and stated that the Commission is in possession of the HAIS. Chairperson Holland stated that they do have to certify that the HAIS is complete before they can grant the demolition permit and asked for comments from the Commission. She then referred to the last paragraph of the HAIS from Jean Guarino which says that the demolition of the Lafayette Fisher home would impact only the three small mid-century homes in the subdivision if what replaces it is not sensitive to issues of scale and size and that the demolition of the home would not have a negative effect on the existing character of the neighborhood since it is not visible from the public right-of-way. Chairperson Holland stated that however, the neighborhood of the home is the four homes surrounding it. She asked Mr. Ruchim if Mr. Birov is intending to build a two story home.

Mr. Ruchim responded that he did not know if that has been determined yet.

Chairperson Holland stated that Mr. Birov said that at the last demolition request meeting on June 6, 2016. She again referred to the erosion of the bluff which is very fragile and that it is being shored up right now with very large pipes which she assumed would take the storm water from the ravines out to the lake or back into the road, she is not sure where it is going. Chairperson Holland then stated that is going to alleviate the water problems above these four homes. She also stated that there is a 150 year old oak tree on the property as well as the fact that the access to the property is a very narrow road. Chairperson Holland then stated that construction on this road is going to be very tricky. She added that since it is a large lot, she would request that all of the construction vehicles be kept on the private property so that the other residents would have no affect on their ingress or egress. She stated that those are her comments and asked if there were any other comments on the HAIS from the Commission.

Ms. Papoutsis stated that she disagreed with the last comment in the HAIS that the demolition of the home would not have a negative impact on the character of the neighborhood since it is not visible from the public right-of-way. She stated that it is simplistic to her and related to what

goes beyond these homes. Ms. Papoutsis stated that they are all of similar size. She also referred to the character of that area and it being right on the bluff. She reiterated that it goes beyond that small area with regard to the impact to the neighborhood.

Chairperson Holland noted that all four homes were designed by H.L. Newhouse who is a Chicago architect. She then stated that one other concern is that Mr. Birov intends to build a two story home whereas the cul-de-sac is comprised of ranch homes. Chairperson Holland stated that would destroy the neighborhood and the character of the cul-de-sac. She also stated that she is concerned about the fact that this is a small group of Newhouse homes and that when you take one down and build a two story home with possibly a large basement, it would have a terrific impact on the homes in the subdivision.

Jean Guarino informed the Commission that her comment in the last paragraph related to the unified ensemble of four homes, three of which were designed by Newhouse. She agreed that they are similarly scaled ranch homes and that it was her thought that it would impact those four homes in the subdivision.

Chairperson Holland asked Mr. Ruchim to make it clear to Mr. Birov that there is concern about the impact on the four homes.

Mr. Ruchim confirmed that he will do that.

Chairperson Holland then asked if the owners of one of the homes at 1045 Sheridan Road is here.

Ms. Keefe, 1045 Sheridan, informed the Commission that she appreciated reading the paragraph and requiring the report to be done. She also commented that there have been interesting people in the home and that the architect did a lot of work in the area and that the work was distinctive. Ms. Keefe also stated that she would appreciate any guidance the Commission can give them in terms of who has their backs during demolition and construction.

Robert Scales, 1045 Sheridan, stated that Mr. Birov's plan is not sensitive to scale and the lot and that there would be a 9,000 square foot home and an underground basketball court.

Ms. Guarino stated that she has not seen the plan.

Mr. Scales stated that if they were told all of the facts, they would have a different report. He informed the Commission that he spoke to the tree expert today and that with regard to those two large Oaks, their root systems are already covered by the driveway and that new construction would cover them more and that they are likely to die. Mr. Scales also stated that the character of the enclave is going to change and that is his intention. He then stated that whatever the Commission can do to condition the demolition will be welcome.

Chairperson Holland agreed that would be wonderful but that they cannot since they are constrained by the ordinance.

Mr. Scales then thanked the Commission for requiring the report.

Chairperson Holland stated that they would get it on the record and that she wished they could do more which is why Mr. Cripe is on the Commission as a Village Trustee. She noted that there is a lot of consternation about this particular spot in the Village and that if they keep building two story homes in an enclave like this, it would ruin it and that it is a shame that this has to happen. Chairperson Holland reiterated that she would like to see that on the record.

Ms. Good stated that she agreed with Ms. Papoutsis' comments and that she believed that this demolition would impact in a strong way the other properties. She indicated that it reminded her of a wonderful, charming street in Glencoe of Carroll Lane which is off of Green Bay Road. Ms. Good stated that it is mostly one story homes and architecturally significant homes. Ms. Good then stated that part of the value of the properties is the enclave that has the character of a mid-century feel. She then suggested that they imagine Mr. Birov building a home in that enclave and how it would ruin the character of the neighborhood and impact the marketability of the Keck homes. She added that with regard to the home Mr. Birov built for himself, he tore down a Tudor home which has been taken away from the neighborhood forever. Ms. Good then stated that they cannot do anything about it because of the ordinance and that she would like that to go on the record.

Ms. Papoutsis urged Mr. Scales and Ms. Keefe to look at the plans and talk to Jim Stier who is the Village Forester with regard to something that can be done. She also stated that she understood how close to their property this would be and the impact it would have on the surrounding trees. She added that it would be worth it.

Ms. Keefe stated that she appreciated that.

Mr. Ruchim stated that for the record, he asked for Mr. Scales and Ms. Keefe for their information.

Ms. Keefe responded that Mr. Birov has their information.

Ms. Klaassen stated that the Commission has to find whether the HAIS is complete.

Chairperson Holland stated that the Commission has to come up with certain findings for the HAIS and that the first finding related to whether the Commission felt that this is a complete HAIS of the home with the comments that the Commission has made with regard to the impact on the neighborhood and what Mr. Birov told them he would be willing to do at the last meeting.

Ms. Good stated that it is a complete study.

Chairperson Holland stated that the next finding related to whether the proposed demolition would have a significant negative architectural or historical impact on either the Village as a whole or on the immediate neighborhood and whether demolition should be delayed to explore alternatives to total demolition. She stated that the Commission has said that the HAIS is complete and again asked the Commission will the demolition have a significant negative architectural and historical impact on either the Village as a whole or on the immediate neighborhood.

The Commission agreed that there would be an effect on both.

Mr. Wolfe stated that the demolition will have a negative impact.

Chairperson Holland then asked the Commission whether the demolition should be delayed to explore alternatives to total demolition. She noted that the ordinance only allowed for a 60 day delay.

Mr. Weaver stated that he is not sure what the alternatives might be but that they should consider them. He then asked have there been other situations where there have been some alternatives.

Ms. Papoutsis stated that as neighbors, they do feel that there are other alternatives which have not been explored or whether it is possible that there are other options giving the buyer another option.

Mr. Scales informed the Commission that no options were considered and that this all happened immediately without the exploration of options that he knew of. He also stated that he has never seen these kinds of reports. Mr. Scales then stated that they were told what the intentions are of the builder and that they are not sure how they can fully evaluate the impact of the demolition. He stated that the alternatives would not be as severe.

Ms. Keefe informed the Commission that last time, with regard to Mr. Birov and John Fitzgerald, across the street, had the home been listed, they were interested in buying it and that there are always alternatives.

Mr. Ruchim noted for the record that there was a real estate contract and that there was a listed realtor on there but that he is not sure of their involvement. He stated that he wanted to correct that for the record. He stated that in addition, they are within their right to delay demolition approval for 60 days. Mr. Ruchim also stated that this is a complete report which clearly indicates that the property is not a landmark or has historical significance or evidence of ownership that is significant. He stated that while delaying demolition is the Commission's right, he did not see what would be the purpose of that and asked the Commission to approve the demolition request so that they can move forward with the project. Mr. Ruchim stated that they are mindful of the fact that there are concerns in the neighborhood to be addressed and that he will relay them to his client. He added that Mr. Birov has gone through the process numerous times with the Village and that he will do that.

Chairperson Holland also referred to the concern with regard to the erosion of the adjacent wall at 1055 Sheridan Road and the fact that the owner is concerned and that their property is very close to 1035 Sheridan. She stated that there is a major concern is that wall has been eroded once before. Chairperson Holland then referred to the Fitzgeralds at 1055 Sheridan Road. She stated that you can see on the map that the southwest corner of their home is very close to the property line of 1035 Sheridan Road and that there are a lot of concerns about that.

Mr. Ruchim stated that you can see it on the survey.

Chairperson Holland then asked what is the pleasure of the Commission and if they should go ahead with the delay. She referred to the preliminary history study from the Historical Society and asked if there was any other information, comment or evidence on the impact determination meeting.

Mr. Cripe stated that the ordinance is the issue for the Village Council and that they are presented with these. He commented that the heartburn is more about what they don't know but that is not to say that they are blind as to what is coming down. Mr. Cripe added that the ordinance did not give them anything to work with.

Ms. Good commented that she felt powerless.

Mr. Cripe stated that the analysis of the home by Ms. Guarino is not in charge of what went on. He also stated that there are issues with the ordinance. Mr. Cripe then stated that as far as the delay goes, the Commission is feeling responsible that they do not have the power to address it.

Chairperson Holland stated that they investigated the requirement for certain homes that they are asking for demolition to have been put on the MLS. She informed the Commission that they were told by Kathy Janega that they cannot do that and that it requires a contract and there is already a contract. Chairperson Holland then suggested that they present to the attorney that a generic sign without broker information but just a phone number and "For Sale" on it in order to notify the neighborhood that is being impacted that the home is for sale and if they wish to act on it and stated that in some cases, it has been done.

Mr. Weaver stated that the issue comes before the Commission all the time. He suggested that this be the test case and that they take the 60 days or they would keep having this happen. Mr. Weaver stated that it is a very sneaky road off of Sheridan and that once there are trucks and demolition and the new home goes in, it would never be the same. He added that they are the Commission and they have to make other possible alternatives.

Ms. Good stated that she would like to address the comment with regard to whether there is a listing agent on a contract. She stated that as often is the case, they have found after looking at the MLS that the date of the contract is the same day as the day that it went onto the MLS. Ms. Good indicated that there may have been negotiations before that, especially in the case of Mr.

Birov which means nothing if there is a listing agent and that a property is hardly marketed a half day at the most.

Mr. Ruchim stated that he wanted to make it clear for the record and that the Commission is aware of how Mr. Birov handled business. He also stated that they are aware that the issue came up once before with regard to a home being on the market. Mr. Ruchim stated that while they respect that, he wanted to make a clarification of what is the case.

Ms. Good stated that often is the case and that the concern is that the property is hardly ever marketed. She then stated that with regard to her feeling about the delay, it is going to happen anyway and that the more she thought about this, it would really be a statement from the Commission and since they do not have teeth in the ordinance, they have very limited ways in which to express their concern. Ms. Good also stated that she felt that a delay makes a statement that they fight for the owners as much as they can. She stated that all they are getting now if there is a delay is a piece of time and questioned who can say what can happen in that amount of time. Ms. Good stated that there would be 60 days to brainstorm and that is the statement that the Commission is making.

Mr. Weaver asked if there is a motion.

Ms. Good moved to issue 60 day delay for 1035 Sheridan Road.

Chairperson Holland asked if there were any comments from the audience. No comments were made by the Commission at this time.

Mr. Weaver seconded the motion. A vote was taken and the motion was unanimously passed.

AYES: Good, Holland, Papoutsis, Weaver, Wolfe

NAYES: None

NON-VOTING: Cripe

Chairperson Holland confirmed that the Commission would impose the 60 day delay on 1035 Sheridan Road. She then stated that when Mr. Birov returned, he can discuss with the Fitzgeralds and the Scales that a ranch home would not be a terrible thing for him to consider.

Mr. Ruchim responded that he would relay everything that happened but that he cannot guarantee what the reaction will be.

Review of the Historical Architectural Impact Study (HAIS) for the Single Family Residence at 560 Oak St., Case No. 16-12.

Chairperson Holland stated that she would recuse herself as chair for this matter. She then asked if Ms. Guarino had a few comments. Ms. Holland then stated that they talked about the surrounding homes but did not include 545 Oak which is a local landmark and is also on the National Register of Historic Places. She also referred to 570 Oak and the architect who is

Richard Barancik. Ms. Holland noted that it is the home to the west of 560 Oak. She reiterated that she would recuse herself but that Ms. Good will chair the discussion.

Chairperson Good stated that the Commission has to determine whether the HAIS is complete and that the matter is open for discussion. She asked if there were any comments from the audience. No comments were made by the audience at this time. Chairperson Holland then asked for the Commission's comments on the completeness of the report. She also referred to the findings of the Historical Society that the home is not a locally designated landmark or located in an historic district. Chairperson Good stated that she would like to point out that area of town could be an historic district if they ever decided to do that. She also stated that the home is not on the National Register of Historic Places or in a National Register Historic District.

Chairperson Good went on to state that with regard to the Evaluation of Historical Significance, she read from the HAIS as follows: "The home does not possess historic significance at a local, statewide or national level. Lowrey and other owners of this home were researched through a variety of sources, including the Chicago History Museum's online catalog, the *Chicago Tribune's* online archive and the Winnetka Historical Society's files. None of the owners were found to merit individual distinction. No information was found relating the home to an historic event.

Chairperson Good stated that with regard to the Evaluation of Architectural Significance section, she read from the HAIS as follows: "The home was determined to not possess statewide or national architectural significance, however it does possess local architectural significance as the creation of Raymond F. Houlihan and Clarence A. Hemphill, an architect and developer/builder who together played an important role in Winnetka and other historic suburbs in the greater Chicago area such as Oak Park, etc. Houlehan designed 46 houses in the Village through the 1930's to the 1960's. The Lowrey House exemplifies the type of Colonial Revival style residences designed and built by Houlihan/Hemphill throughout Winnetka, which were typically of medium-sized, featured restrained detailing and the use of quality materials."

Chairperson Good then stated that with regard to the Evaluation of Neighborhood Impact section, she read from the HAIS as follows: "The Forest R. Lowrey House at 560 Oak Street contributes to a cohesive streetscape of historical revival style houses dating to the late nineteenth- and early twentieth-centuries that exhibit uniform scale, massing and setbacks. The split-level home at 570 Oak is a good example of mid-century modern architecture home and can also be considered historic since it is more than fifty years old which is the definition determined by the National Trust of Historic Preservation."

Chairperson Good asked the Commission if they should discuss those points and the fact that it does have local significance as determined by the report.

Ms. Papoutsis informed the Commission that Mrs. Lenhart mentioned that she grew up in the home and was very active in the community.

Ms. Good asked what the replacement is.

Mr. Ruchim responded that has not been determined yet.

Chairperson Good stated that they can assume that it would be in keeping with what Heritage Builders has done in the past. She described the area as very charming and that it is an intact part of the community the way it is now. Chairperson Good stated that to lose this home would definitely have an impact. She then stated that she agrees with the local designation comment. Chairperson Good also stated that since they keep losing local sections of town which were well preserved until now, it would have an impact on the greater Winnetka community as well as to see the neighborhoods go.

Ms. Papoutsis informed the Commission that Mr. Lenhart described it as part of the fabric of the community and that once it is removed, you would lose a piece of that fabric.

Chairperson Good stated that for expediency, the Commission is to determine if they think that the report is complete.

Ms. Holland agreed that it would be with the additions she gave.

Chairperson Good stated that to include Ms. Holland's additional comments and that the demolition of 560 Oak would have an adverse impact was discussed because of 545 Oak as a local landmark and that it is on the National Register of Historic Places.

Mr. Weaver stated that with Ms. Holland's changes, it would qualify.

Chairperson Good asked for a motion.

Mr. Weaver moved to confirm that the HAIS is complete with Ms. Holland's additions. Ms. Papoutsis seconded the motion. A vote was taken and the motion was unanimously passed.

AYES:	Good, Papoutsis, Weaver, Wolfe
NAYES:	None
NON-VOTING:	Cripe
ABTAINED:	Holland

Chairperson Good stated that the Commission has determined that the HAIS is complete. She then stated that they have to determine if a 60 day delay is appropriate.

Ms. Klaassen informed Chairperson Good that first, they have to discuss item (b).

Chairperson Good stated that with regard to item (b), whether the proposed demolition would have a significant negative architectural or historical impact on the Village as a whole or on the

immediate neighborhood. She stated that item (c) related to whether demolition should be delayed. Chairperson Good asked the Commission for their comments.

Ms. Papoutsis stated that they all concur that it is unfortunate. She then stated that the home is of no reported historical significance and that in connection with the comments of the neighbors, it does have a negative impact on the community.

Chairperson Good asked if there were any other comments. No additional comments were made by the Commission at this time. She then stated that the Commission is to vote if they agree that the demolition would have a significant negative impact on the Village as a whole or on the immediate neighborhood.

A vote was taken and the Commission determined that the demolition would have a significant negative impact on the Village as a whole and on the immediate neighborhood.

Chairperson Good then stated that the Commission is to determine whether there should be a delay on demolition for 60 days. She asked if there were any comments from the audience.

Mr. Ruchim stated that he understood what the Commission went through the last time and the message they are trying to send. He confirmed that the message was heard loud and clear with regard to 1035 Sheridan. Mr. Ruchim stated that they have read through the reports and that with regard to this one, if you look at 610 Oak which is Mr. Birov's home from 2013 and recognize that there is the same architect right down the block. He reiterated that he understood the message that the Commission is trying to send, but that they should not send it twice. Mr. Ruchim then asked the Commission to go ahead and approve the demolition permit.

Chairperson Good responded that if they do not send the message twice, they are saying that they do not care enough.

Mr. Ruchim stated that with regard to sending a message to Mr. Birov which is their right, everyone who comes before the Commission should have that same message sent to them. He then stated that while he respected the Commission's decision, in this situation, they have to understand that he built a home down the block. Mr. Ruchim stated that the Commission did not like what Mr. Birov does and the way he handled things but that he would build a good home. He added that he is entitled to build a good home according to the way in which the ordinance is set up. Mr. Ruchim concluded that rather than issue a delay, he asked that in this instance, the Commission approve the demolition permit at this time.

Chairperson Good stated that it is their hope that Mr. Birov, in the future, would consider what he is taking down and where. She stated that there are plenty of places in the Village where the impact would not be as great and where the neighborhood impact is not as crucial. Chairperson Good then stated that they would be happy to work with him if he made that effort. She stated that she cannot speak for the Commission but that he has a lot of choices available in terms of where he does demolition. Chairperson Good added that the Commission wanted to retain the

architectural and historical integrity of the Village in certain places which are more intact than others.

Mr. Ruchim reiterated that he understood and that he would relay that message. He stated that Mr. Birov handled things his way. Mr. Ruchim then stated that there are people in the community who are looking to sell their homes and make top dollar and that somebody else would do it if not Mr. Birov.

Mr. Ruchim stated that it was brought up beforehand with regard to putting a property on the market but if there is a strong buyer with cash and no contingencies, that person is more than likely going to get that property. He stated that this is about what is going down and not what is going up. Mr. Ruchim stated that whatever the circumstances are for the area, there are people in the community who want to sell their homes for \$4 million. He then stated that he is not trying to defend Mr. Birov, but that there is another side of the story and another position. Mr. Ruchim stated that the Commission cannot prevent someone from selling their home for a lot of money and that Mr. Birov is one of the people who are willing to do that. He also stated that when he stops doing it, someone else will.

Mr. Ruchim went on to state that with regard to looking to build the home, the message is clear and that he would relay it to him. He again asked the Commission to grant this particular demolition so that they would not be dealing with two delays. Mr. Ruchim informed the Commission that Mr. Birov would be here in two months to receive the message.

Chairperson Good asked if there were any other comments.

Ms. Papoutsis asked Mr. Ruchim to relay to Mr. Birov to consider doing a renovation. She stated that he could be a hero to do a gut job renovation on the home and that he has the staff to do that. Ms. Papoutsis then stated that in connection with the home, there were many people in the community at the last meeting and a lot of people are out of town and that they received letters and emails from the community. She stated that the Commission is here for the people in the community and that it is their responsibility to be sensitive to their wishes. Ms. Papoutsis added that many of the Commission members renovated old homes.

Mr. Ruchim stated that he would also relay that to Mr. Birov and reiterated that he hears the message. He stated that it is a question of give and take.

Ms. Papoutsis then stated that there are many homes which are torn down and others of his which are for sale. She noted that the neighbors have said that they would be very sad to see a home like this go down. Ms. Papoutsis reiterated that Mr. Birov clearly has the staff and know how to do that in terms of renovation and that he would be a hero in this situation.

Mr. Ruchim informed the Commission that he would use those exact words.

Chairperson Good stated that the Commission has told him before he could do the right thing and that it did not have an impact. She noted that the Commission treated everyone the same but that if there is one person who has done most of the teardowns in Winnetka, that is who they should send the strongest message to. Chairperson Good also stated that she knew Mr. Birov can voice his own opinions, but that the architecture cannot speak for itself and that it is the Commission who has the voice for the architecture and culture of the Village while a building does not have a voice. She then stated that the Commission would vote as to whether there would be a 60 day delay unless there are other comments.

Chairperson Good then asked for a motion to delay the demolition of 560 Oak for 60 days.

A motion was made by Ms. Papoutsis and seconded by Mr. Weaver to delay the demolition for 560 Oak for 60 days. A vote was taken and the motion was unanimously passed.

AYES:	Good, Papoutsis, Weaver, Wolfe
NAYES:	None
NON-VOTING:	Cripe
ABSTAINED:	Holland

Mr. Wolfe noted that the owner of the home was here.

Chairperson Good asked what happened to the sideline buyer.

Ms. Holland informed the Commission that there is one in Michigan who left it up to her children the attorney said.

A gentleman in the audience, Robert Gamrath, introduced himself as the attorney for Mary Allen at 550 Oak.

Ms. Papoutsis stated that they expressed to Ms. Allen that the neighbors would love to speak with her if she ever considered selling her home and that the neighbors are very interested.

Mr. Gamrath stated that he would tell her and her family. He informed the Commission that in talking with the attorney for Mr. Birov, the construction is scheduled for November 6, 2016.

Mr. Wolfe asked if they would be amenable to having financial discussions.

Mr. Gamrath stated that the price is pretty steep. He then stated that he has to be careful and has to protect his client's interests.

Ms. Holland informed the Commission that she lives across the street and stated that she is amazed by the amount of money which was put into the home over several years. She then asked what is the rationale for demolition when they have a home that would sell. Ms. Holland also stated that selling a 6 or 7 bedroom home on a desirable street, the price goes up. Ms. Holland

also referred to an individual's preference. She added that she is baffled and that the home would sell.

Mr. Gamrath stated that the owner would disagree and referred to the amount of money received if the home is sold as is. He described the transaction as a very easy turnkey sale.

Ms. Papoutsis added that all of the neighbors are worried about the trees as well as Ms. Allen.

Mr. Gamrath informed the Commission that he would try to talk with the builder and has left messages.

OLD BUSINESS

Chairperson Holland thanked those who attended the awards judging. She stated that they saw wonderful homes and referred to the efforts by people to enhance their property. Chairperson Holland noted that two homes were not given an award which were new homes. She stated that they felt that they were cookie cutter homes which did not enhance the neighborhood.

Chairperson Holland then informed the Commission that Chris Enck wrote a wonderful review of the home on 777 Burr. She also stated that she and Ms. Good would have to write a couple of them. Chairperson Holland added that they will write one or two so there is not the same voice. Chairperson Holland then stated that the homes which were not given awards would be given a nice letter. She stated that the more homes that want to be recognized, the better. Chairperson Holland noted that there were 7 winners. She also stated that the trolley tour was filled to the gills and that they would have to get some of the Village Trustees to go on the trolley tours.

NEW BUSINESS

Chairperson Holland informed the Commission that as she mentioned to Mr. Cripe and Peter Friedman that they cannot require a home to have an MLS listing. She stated that there will be conflicting contracts. Chairperson Holland then questioned whether they can have the ordinance be modified to say not all of the homes but those particular homes where they feel that the homes possibly with a delay and a "For Sale" sign with a phone number, no broker or contract. Chairperson Holland stated that alternative would alert the neighborhood and that if the owner did not want the sign, the Village newsletter would be helpful. She also stated that there is a website eblast every week and that no contract or brokers would be involved but to tell the owner to put a sign up that the home is for sale.

Ms. Good stated that the owner may want a broker. She then referred to the use of a generic sign. Ms. Good also stated that some owners do not want get involved with showings.

Chairperson Holland asked if that can be put in the ordinance.

Mr. Cripe stated that he would talk to Mr. Friedman about this. He then referred to the famous case in the city of Ladue in St. Louis where there was an ordinance which prohibited a "For Sale"

sign to be a violation of free speech. Mr. Cripe stated that they can ask Mr. Friedman to do some research.

Chairperson Holland stated that they have to figure out a way for those few homes that are for demolition during the year, there could be two and that they have not had a delay for several years.

Ms. Klaassen noted that there was one last year.

Chairperson Holland then referred to 1175 Whitebridge which was the last one she remembered.

Ms. Klaassen confirmed that they have had some since then and that they have been few and far between.

Chairperson Holland referred to the homes that they feel are extra special and worth saving.

Ms. Papoutsis asked if the idea is to make a requirement that before the demolition permit is granted, you must comply to put a sign and enforce that.

Mr. Cripe stated that the problem with the MLS is that you cannot force a homeowner to sell. He referred to when Mr. Birov makes owners an offer and the exercise of putting a sign up. Mr. Cripe reiterated that the Village cannot force a sale to someone else. He also stated that the sign would be making the owner say something which is not true. He then stated that the problem is not about what is coming down but what is going up.

Mr. Cripe stated that with regard to the second finding, he referred to the demolition of a home which is significant and that the ordinance did not care what goes up. He stated that if there is some determination that the teardown could be significant depending on what goes up, before the final demolition is granted, they can ask for a model. Mr. Cripe then stated that with regard to zoning issues, it had to do with property rights. He referred to seeing something before it is final to see what would go in its place.

Chairperson Holland indicated that would be worth looking at. She then referred to towns such as Lake Forest which has its demolitions go to an architectural review committee. Chairperson Holland stated that they are very strict about it because people care.

The meeting was adjourned at 9:10 p.m.

Respectfully submitted,

Antionette Johnson,
Recording Secretary

**VILLAGE OF WINNETKA
DEPARTMENT OF COMMUNITY DEVELOPMENT**

**NOTICE OF DEMOLITION APPLICATION
PRELIMINARY REVIEW**

TO: Landmark Preservation Commission

FROM: Ann Klaassen, Planning Assistant

DATE: September 12, 2016

REFERENCE: 630 Rosewood Ave. Case No. 16-17

An application for demolition was received July 21, 2016 for the removal of the single-family residence at 630 Rosewood Ave. The residence was built in 1924. The owner at the time of construction was Mellen Martin and the architect of record was Russell Walcott. The structure is not a national, state, or local designated landmark. The Winnetka Historical Society (WHS) commented that this is an architecturally unique home designed by a prominent Winnetka architect for the Martins. The WHS recommends an HAIS be completed to document the home and its ownership.

In accordance with Section 15.52.040 of the Village Code, the Commission is required to determine whether the building and/or property is of sufficient historic or architectural merit to warrant conducting an HAIS prior to issuance of the demolition permit. Upon completing the preliminary historic and architectural review, the LPC shall enter preliminary findings on the issue of whether the demolition permit application affects a building or property that has sufficient architectural or historic merit to warrant conducting a full HAIS prior to issuance of the demolition permit. In making its determination, the LPC shall consider the following:

1. The preliminary property history study (information on the original building, date of construction, name of property, architect and owner, current photographs of the property, list of work on the property for which the Village has issued a permit);
2. Comments of the Winnetka Historical Society;
3. Any other information, comment or evidence received by the LPC at the preliminary review meeting.

If the LPC finds that the HAIS is warranted, it shall so notify the Director of Community Development and shall order the applicant to conduct such study.

If the LPC finds that an HAIS is not warranted, it shall notify the Director of Community Development that it finds no historic or architectural grounds for delaying the demolition. The preliminary determination of the LPC shall be supported by findings of fact based on the record. The findings of fact shall include statements as to whether or not the building or property has architectural merit, historical significance, both, or neither.

The LPC shall require an HAIS for any demolition permit application that meets any of the following criteria:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

The Director of Community Development may delay the issuance of a demolition permit for up to 60 days if one or more building or demolition permits for primary structures have been approved for properties, for which work is continuing, on either side of the right-of-way block face and/or alley along which the property is located, or if the Director determines that a delay is necessary to prevent undue congestion and noise impacts in the neighborhood. Currently, there are no building or demolition permits for new primary structures on the block. The Director has determined that a delay is not necessary to prevent undue congestion and noise impacts within the neighborhood.

Village of Winnetka
DEPARTMENT OF COMMUNITY DEVELOPMENT
MEMORANDUM

Date: August 4, 2016
To: Winnetka Historical Society
From: Ann Klaassen, Planning Assistant

The Landmark Preservation Commission will consider a request to demolish the primary structure located at 630 Rosewood Ave. on September 19, 2016 at 7:30 p.m. Please return any available information regarding the architectural or historical significance of this structure to my attention on or before September 9. If you have any questions please send e-mail to aklaassen@winnetka.org or call me at 716.3525.

Preliminary Property History Study/Village Hall Records:

Building Permits Issued:

ADDITIONAL INFORMATION

The original owner of this outstanding home spent considerable time in Spain and many of the fixtures, ornamental iron brackets, door hardware, knobs, bolts, 17th century grills were brought back by him.

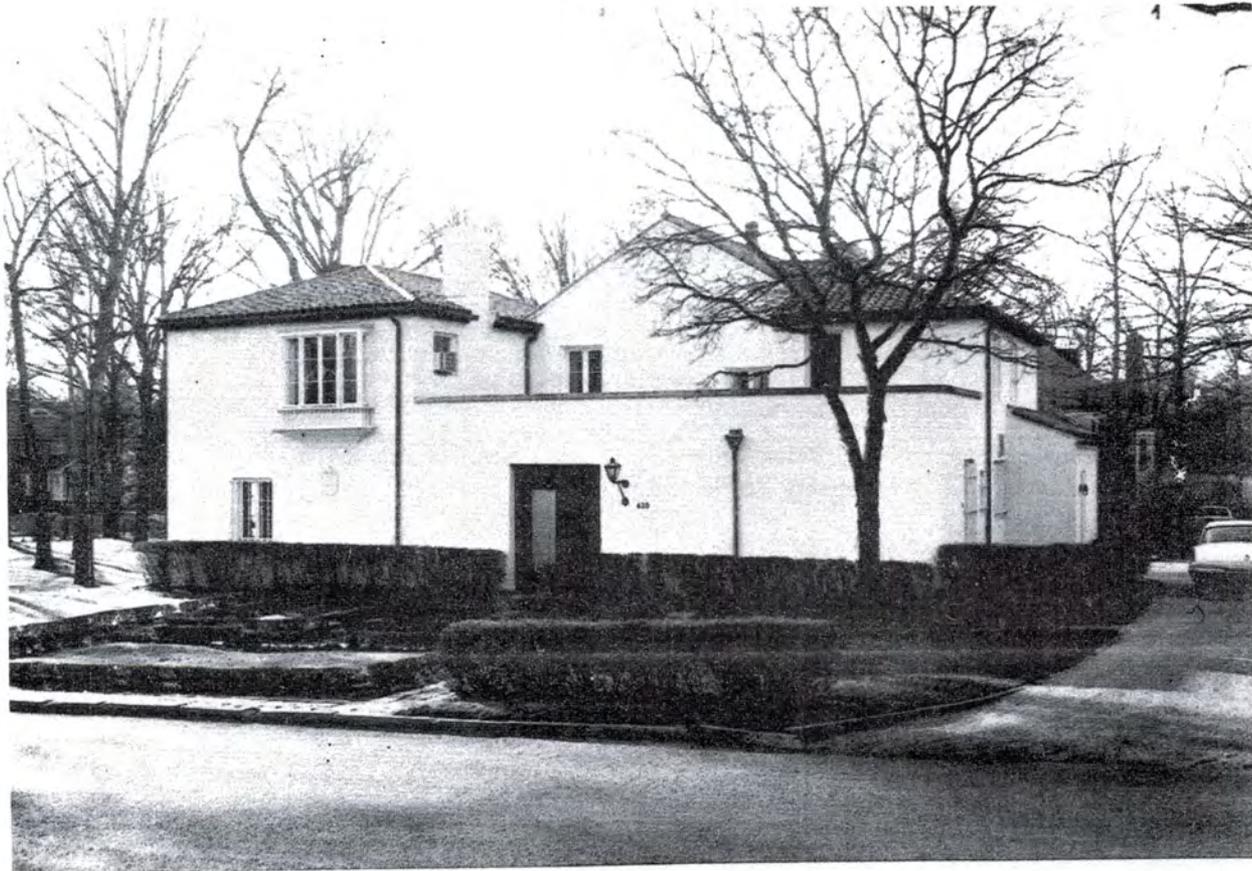

The approach to the house is by way of a red tiled walk through a small formal garden, into the walled courtyard. The entry door, as well as other doors, is heavy, hand carved, wood paneled and with iron decorative bolts.

The reception hall has a vaulted and beamed ceiling 7'7" in height and the living room, two steps down has a 10'3" ceiling, an ideal height for the proportions of the room. Due to the width of the exterior walls, the windows in the living room and reception hall have deep diagonal recesses permitting the light to penetrate to the far corners of the room and are also equipped with raised paneled shutters to control to control sunlight when needed. Walls are white and trowel plastered.

Leading from the reception hall is the sun corridor which serves as a breakfast room and provides access from the dining room out to the tiled terrace and in turn to the lower garden area.

Other features include plank flooring on 2nd floor, two fireplaces, two sun decks, many built-ins, decorative colorful tiles on stair risers, old textured tiles in patio areas.

Golanarch.com

Thank you for your interest in Mark T. Golan Architect Ltd. Let me take this opportunity to describe our firm.

In 1972, I graduated from the University of Michigan—School of Architecture and Design. Through 1978, I was the chief Architect for the Illinois Housing Development Authority (a state agency responsible for financing multi-family housing).

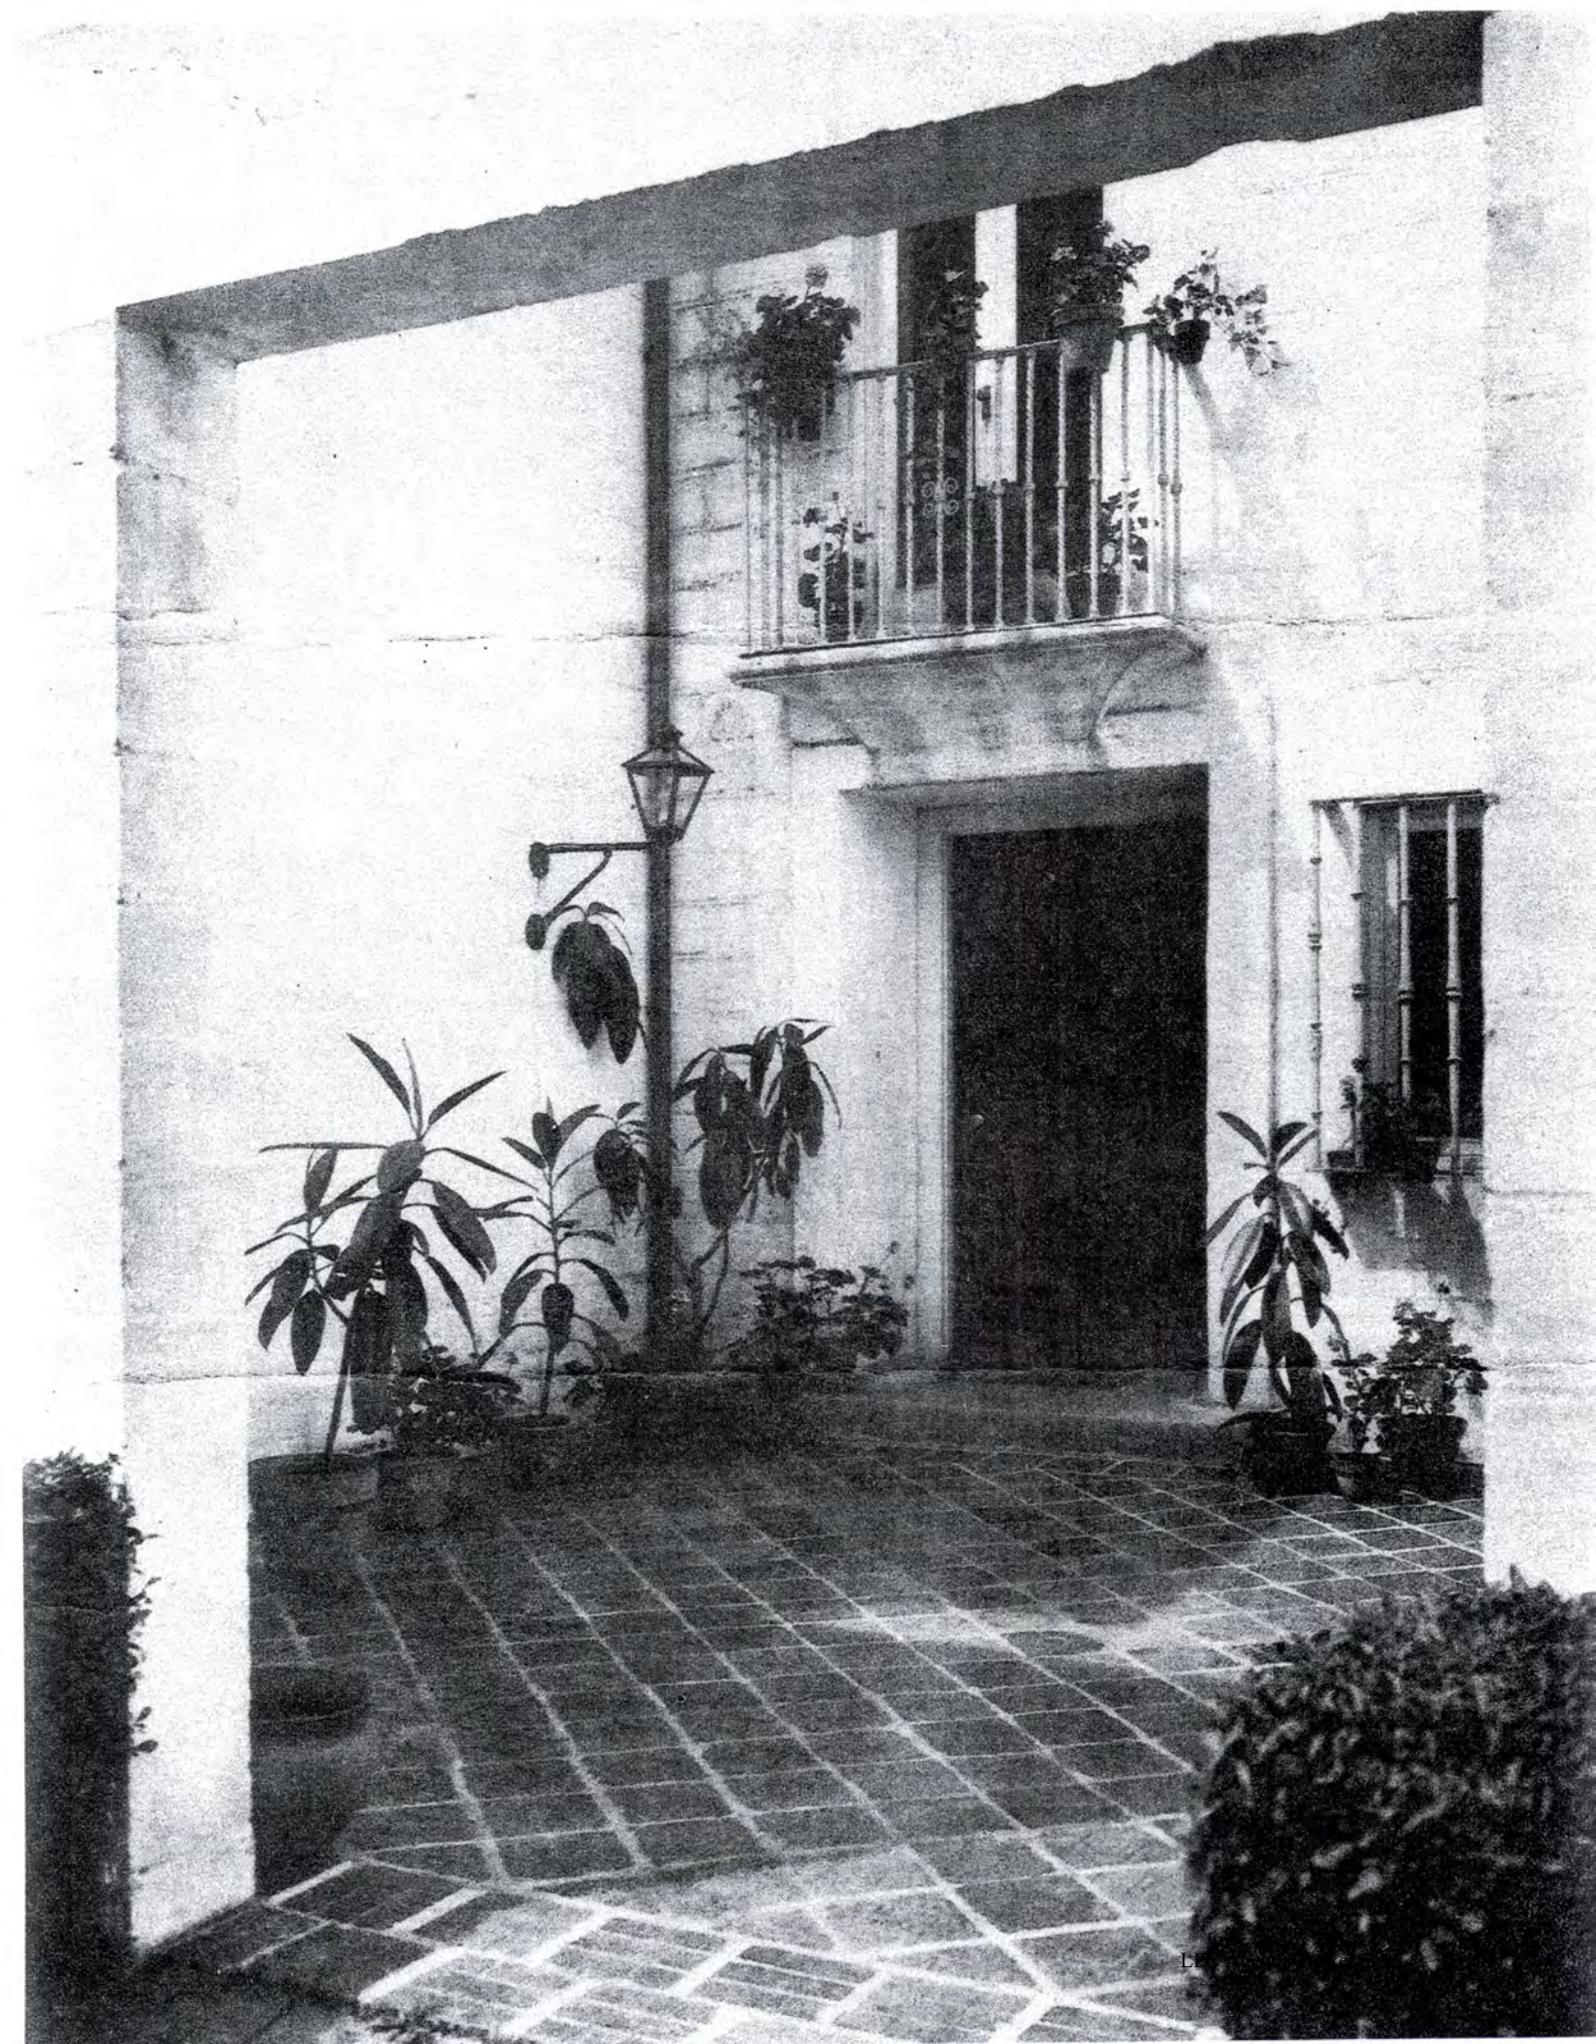

From there, I opened my own practice. We specialize in residential design, including low-rise multi-family structures, single family homes, additions, and remodelings.

Our clients include homeowners, builders, and developers. First, we study your program, and evaluate how to best meet your lifestyle needs. It is in this early stage that the ultimate success of the project is determined. Later in the process, after developing the proper “forest”, we study the “trees, limbs, branches, twigs, and leaves”, so that every detail of your project is considered. Finally, after the subjective decisions have been made and depicted to your satisfaction, we complete the technical notes required for bids and permits.

Projects vary in complexity, location, availability of existing plans (for additions or remodelings), need for scale models, need for zoning variances, extent of interior design services involved, etc., and we are able to provide the appropriate range of services. Because a well-designed and clearly-depicted project simplifies the contractor’s job, our fees are often returned to you several times over in the form of lower construction costs.

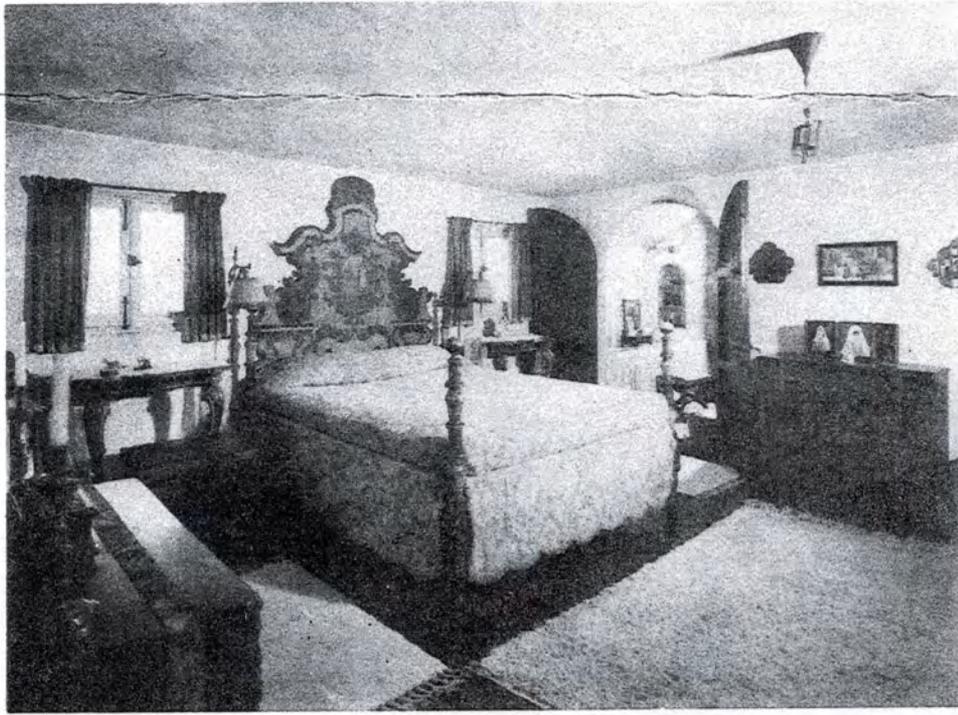

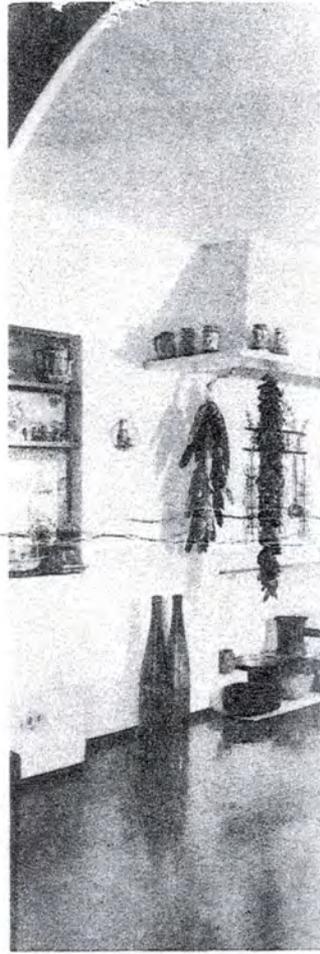

Initially, we discuss the specifics of your project, alternative solutions, budget, timetable, etc. Together, we prepare a “wish list” of features that you desire for your home.

As the most important part of your physical environment, your home is a major factor in determining quality of life. Working together, we can develop that home to its fullest potential.

630 *Rosewood Avenue*
WINNETKA, ILLINOIS

IKE an original masterpiece, this delightfully artistic residence impresses its superior quality upon an observer with unmistakable certainty.

Equally evident is the fact that the ideas utilized were assembled from an abundance of first-hand knowledge and are intended to perpetuate the recollections of enjoyable moments spent in foreign travel amid scenes of enchanting beauty.

A home thus created and embodying so much of the charm of sunny Spain, together with modern comfort, convenience and durability is an achievement that will surely afford an endless amount of satisfaction to its occupants.

Many of the fixtures which adorn the various rooms are antiques and were bought in Spain and shipped here expressly for the purposes they now serve so admirably. This is also true of much of the ornamental wrought iron brackets, hinges, knobs, bolts and 17th Century grill-work as well as sturdy panels of hard wood deeply carved by hand and blackened with age. A substantial amount of the Spanish furniture can be purchased if desired.

A set of brightly colored enameled tile squares arranged in story book form around the window in the entrance hall depict the life of Don Quixote. Another unusual but very effective use of such tile, done in conventional pattern and vivid hues, is seen in the risers of the stairway leading from the reception room to the second floor.

Excellent structural details throughout include such important features as steel beams from top to bottom; all metal lath; solid composition floors down stairs of deep terra cotta red, highly polished and harmonizing perfectly with the white trowel-plastered walls and pine beamed ceilings. The exterior walls are of specially fabricated cement blocks with a roof of rare Ludovici Celodon hand-made Spanish tile. All this has produced a dwelling that is practically fire proof, extremely durable and requiring the minimum of decorating expense and upkeep.

Adequate heating is provided by means of a hot water system and a very efficient, economical and automatically controlled Gar-Wood oil burner which furnishes also an abundance of hot water for domestic use summer and winter.

The rooms on the first floor consist of: (1) a combination reception hall and sitting room with a washroom and toilet adjoining; (2) a large, studio-height, beamed-ceiling living room with built-in book shelves and appropriately styled fireplace; (3) dining room connected by glass sliding doors with a cheerful sun corridor which, in turn, opens onto an outside terrace or patio; (4) very modern kitchen and butler's pantry; (5) Maid's room, bath and toilet; (6) garage attached and heated. Also should be mentioned the two enclosed patios with floors and walks, paved with old terra cotta tile.

On the second floor are five bedrooms of good size, grouped around an upstairs hall which serves as a sitting room and library. An outside stairway leads from the rear patio to one of the bedrooms.

There is an improvised recreation room in the basement with a polished hardwood floor for dancing; also a combined laundry and furnace room with cement floor, which is always dry, and a storage closet, fruit cellar, and toilet.

The location of this impressive home is on a full acre of beautiful grounds in a highly restricted section where each of the surrounding homes also occupies an acre or more, thus avoiding any semblance of overcrowding.

The Winnetka and Hubbard Woods depots of both the C. & N. W. R.R. and North Shore Electric Ry. are within ten minutes walking distance. The well known Skokie and Hubbard Woods Schools are each within three blocks and the Municipal Golf Course and Playfield is also only a short walk.

All in all, we believe this property will completely satisfy the needs of any average size family and contribute a wealth of comfortable living and enjoyment year after year.

**VILLAGE OF WINNETKA
DEPARTMENT OF COMMUNITY DEVELOPMENT**

**NOTICE OF DEMOLITION APPLICATION
PRELIMINARY REVIEW**

TO: Landmark Preservation Commission

FROM: Ann Klaassen, Planning Assistant

DATE: September 12, 2016

REFERENCE: 459 Sheridan Rd. Case No. 16-18

An application for demolition was received August 12, 2016 for the removal of the single-family residence at 459 Sheridan Rd. The residence was built in 1965. The owners at the time of construction were Mr. and Mrs. Don Harnack; the architect of record was Edward Marks. The structure is not a national, state, or local designated landmark. Research by the Winnetka Historical Society does not show that this home has historic significance or evidence of significant ownership.

In accordance with Section 15.52.040 of the Village Code, the Commission is required to determine whether the building and/or property is of sufficient historic or architectural merit to warrant conducting an HAIS prior to issuance of the demolition permit. Upon completing the preliminary historic and architectural review, the LPC shall enter preliminary findings on the issue of whether the demolition permit application affects a building or property that has sufficient architectural or historic merit to warrant conducting a full HAIS prior to issuance of the demolition permit. In making its determination, the LPC shall consider the following:

1. The preliminary property history study (information on the original building, date of construction, name of property, architect and owner, current photographs of the property, list of work on the property for which the Village has issued a permit);
2. Comments of the Winnetka Historical Society;
3. Any other information, comment or evidence received by the LPC at the preliminary review meeting.

If the LPC finds that the HAIS is warranted, it shall so notify the Director of Community Development and shall order the applicant to conduct such study.

If the LPC finds that an HAIS is not warranted, it shall notify the Director of Community Development that it finds no historic or architectural grounds for delaying the demolition. The preliminary determination of the LPC shall be supported by findings of fact based on the record. The findings of fact shall include statements as to whether or not the building or property has architectural merit, historical significance, both, or neither.

The LPC shall require an HAIS for any demolition permit application that meets any of the following

criteria:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

The Director of Community Development may delay the issuance of a demolition permit for up to 60 days if one or more building or demolition permits for primary structures have been approved for properties, for which work is continuing, on either side of the right-of-way block face and/or alley along which the property is located, or if the Director determines that a delay is necessary to prevent undue congestion and noise impacts in the neighborhood. Currently, there are no building or demolition permits for new primary structures on the block. The Director has determined that a delay is not necessary to prevent undue congestion and noise impacts within the neighborhood.

Village of Winnetka
DEPARTMENT OF COMMUNITY DEVELOPMENT
MEMORANDUM

Date: August 16, 2016
To: Winnetka Historical Society
From: Ann Klaassen, Planning Assistant

The Landmark Preservation Commission will consider a request to demolish the primary structure located at 459 Sheridan Rd. on September 19, 2016 at 7:30 p.m. Please return any available information regarding the architectural or historical significance of this structure to my attention on or before September 9. If you have any questions please send e-mail to aklaassen@winnetka.org or call me at 716.3525.

Preliminary Property History Study/Village Hall Records:

Building Permits Issued:

<u>Date</u>	<u>Type</u>	<u>Owner</u>	<u>Architect</u>
10.12.1965	Construct a new single-family residence.	Mr. & Mrs. Don Harnack	Edward Marks

CLARENCE A. HEMPILL, BUILDER

Clarence Albert Hemphill, builder

CHICAGO SUN-TIMES 20 April 1990

James Hemphill No Newcomer to Home Building

Drive along the North Shore with its luxurious old mansions and you will see them--homes by Hemphill. Starting back in 1926, C. A. Hemphill and Associates built its reputation on producing high-end housing in Lake Forest, Evanston and points in between. Today, the rechristened Home by Hemphill company continues to build custom housing, but now mostly in the growing western and northern suburbs. The company has also diversified into production building, relying on its solid reputation to lure a different strata of buyer. The company was founded by Clarence A. Hemphill, who started in the housing business by having a home built for his family in Evanston. [The article continues but the source of the article does not. I have no way of knowing if Mr. C. A. Hemphill worked on 707 Kent, but he did work, at least eventually, with **Raymond F. Houlihan.**]

CHICAGO TRIBUNE 29 May 1967 Page 16

HEMPHILL

Clarence A. Hemphill of Woodley road, Winnetka, suddenly, May 28, husband of Ruth M.; father of Robert M., Mrs. Barbara Ingalls of Rocky River, Ohio, Mrs. Patricia Ketchum of Los Angeles, and James D. Hemphill; 15 grandchildren; one great-grandchild; brother of Mrs. G. C. Koffman and Mrs. E. L. Clough, both of Shreveport, La. Resting at Wm. H. Scott Funeral Home, 1100 Greenleaf avenue, Wilmette, after 7 p.m. Monday, where services will be held 3 p.m. Wednesday. Interment Memorial Park. AL 1-8200.

bathrooms are tiled. The brick and siding house on a 74 by 125 foot lot is priced at \$45,700.

CHICAGO TRIBUNE 23 November 1958 Page 39

A BUILDER BUILDS FOR HIMSELF

By Ruth Moss

[79? Woodley Road, Winnetka]

What manner of manor would you build if you had the advice of a capable wife as interior decorator and the experience of 30 years as a building of quality homes along the north shore? For C. A. Hemphill and his wife, Ruth, the answer is a handsome house in Woodley road, Winnetka, with fluted columns and formal entrance, and a charming combination of contrasts. The Hemphills describe their home as Georgian in feeling. "But," adds Hemphill quickly, "I doubt if they ever build houses this shape in King George's time." Even today, most large houses in the tradition of Britain's four Georges are either two story or a story and a half. By contrast, **architect Edward Marks** captured in a sprawling one story structure the same sense of stately distinction.

Altho far from the balanced formality of the 18th century, the house, of brick painted a faint blue and Lannon stone, has a dignity distinguishing it from the more relaxed contemporary, functional, or modernistic designs. This modern day mansion has other contradictions, equally subtle, equally interesting:

From an exterior photograph, with no scale guide, the house appears blessed with a cottage charm. Yet, inside there's grandeur in the 132 feet sweep from the spacious kitchen, thru the formal marble floored gallery, into the hall and the master bedroom beyond. The angular kitchen, with walnut cabinets and aqua textured oilcloth wall covering, has every stainless steel convenience, including a hot food server. And there's a second oven and grill in the adjoining utility room. "But the old plate rail is back--at least here," says Mrs. Hemphill, who uses the high shelf rimming the room to display her collection of antique china pieces, many of them painted by her grandmother. Another bit of yesteryear is the shelf clock, a wedding present to Mrs. Hemphill's grandparents, which has been refinished to match the walnut cabinets.

For entertaining, the Hemphills may choose between the informality of wrought iron and glass in the breakfast area adjoining the kitchen and the stately lines of the dining room, with its hand-painted Japanese silk wall covering, its oriental rug, crystal chandelier, and curved, carved mahogany furnishings.

Or guests and family alike may relax in the dignity of the formal living room or in the paneled den, or glass and brick Florida room, each with an expansive view of the virgin wilderness remaining on their nine acre homesite. The two steps which lead down into the living room give it a 10 foot height. The off-white rug, atop walnut parquet floors, shades into the light beige walls. A circular sectional

Nov 10, 1989

Edward Marks

Services for Edward Marks, 87, an architect, will be held at 10 a.m. Friday in the chapel at 9200 N. Skokie Blvd., Skokie. Mr. Marks, a 40-year Skokie resident who died Monday in his home, was an architect with Hemphill Builders for over 30 years before he retired in 1974. He worked independently as an architect since then. He was a graduate of the the University of Wisconsin. Mr. Marks is survived by a daughter, Bernice Kravitz; a son, Charles; a brother; three grandchildren; and two great-grandchildren.

Ernest Wieringa

Services for Ernest Wieringa, 73, of Darien, former president of Century Cartage Co., of Chicago and Bridgeview, will be held at 10:30 a.m. Friday in the chapel at 301 75th St., Downers Grove. Mr. Wieringa died Wednesday in La Grange Memorial Hospital, La Grange. Survivors include his wife, Henrietta; two daughters, Anita DeBoer and Judith; two sons, Nicholas and David; a brother; two sisters; and seven grandchildren.

C. Gordon "Bud" Starett

Services for C. Gordon "Bud" Starett, 78, former president of Henry J. Tully Co., Chicago, will be held at 11 a.m. Friday in the chapel at 565 Duane St., Glen Ellyn. Mr. Starett, of Wheaton and a former 50-year resident of Glen Ellyn, died Tuesday in Central Du Page Hospital, Winfield. Survivors include his wife, Gertrude; 2 daughters, Joan Prediger and Laurie; 3 sons, Stanley, Charles G. Jr. and Donald; 11 grandchildren; and 13 great-grandchildren.

Frances A. Lark

Services for Frances A. Lark, 64, a Harwood Heights homemaker, will be held at 11 a.m. Friday in the chapel at 8300 W. Lawrence Ave., Norridge. Mrs. Lark died Wednesday in Lutheran General Hospital, Park Ridge. She is survived by her husband, Robert; a daughter, Renee; a sister; and two granddaughters.

About Burch, Burch and Burch, LTD.

In August of 1946 a young man Edward Leonard Burch, returned home from the Battle of the Bulge in Europe to his wonderful wife, Mary and his two and a half year old twin boys whom he was meeting for the first time. Having received his Commission as a Second Lieutenant in the Corps of Engineers and his degree from the University of Illinois at the same time four years earlier he was eager to finally build something. He accepted a job designing the Christian Science Churches for Charles Faulkner at 664 N. Michigan Ave., Chicago.

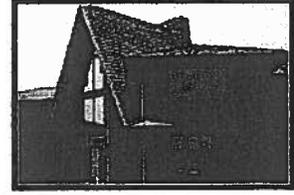

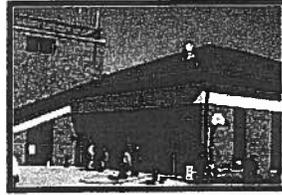

The Chicago Tribune sponsored a home design contest and the first prize was to receive the commission to have the home built. He entered it with hundreds of other architects and won first place. Suddenly, as a result of the publicity he had 20 other homes on his drawing board and decided to start his own architectural firm, Edward L. Burch & Associates. He had an office downtown Chicago but he worked a lot at home and his sons watched and learned and went with him to his jobs to see a man's dreams become reality for his clients. They acquired his love of architecture, talents and skills. They also acquired his work ethic and ability to communicate with the tradesmen who used their skills to build for his clients.

In 1967 his sons graduated from the University of Illinois with degrees in Architecture and began their three year required apprenticeship prior to taking their licensing exams. Ed told his sons, "Your apprenticeship is a learning process.....go out and make your mistakes for someone else."

Brian and Bruce accepted positions with the City Architect in Chicago and they continued to learn. Bruce worked on the remodeling of the Chicago City Hall and the first building Brian designed for the City of Chicago was the Portage Park Library which won the City of Chicago a National Design Award. He also designed the Brighton Park and Jefferson Park Libraries and worked on McCormack Place and projects at O'hare Field.

Brian and Bruce became licensed architects in 1969 and Ed proudly changed the firm to Burch, Burch & Burch A.I.A. LTD. For 62 years their firm has landscaped America with beautiful homes, majestic churches, wonderful libraries and schools and a couple of fire stations.

PROPERTY MAINTENANCE REQUIREMENTS

DURING PROCESSING OF DEMOLITION PERMIT, IT IS IMPORTANT THAT OWNER AND CONTRACTOR MAINTAIN PROPERTY IN ACCORDANCE WITH VILLAGE PROPERTY MAINTENANCE CODE TO AVOID GENERATION OF NUISANCES. ACCORDINGLY, THE FOLLOWING MINIMUM REQUIREMENTS SHALL BE ADHERED TO:

- GRASS SHALL BE MOWED AND MAINTAINED AT A HEIGHT NOT TO EXCEED 8 INCHES.
- GARBAGE, YARD WASTE, MISCELLANEOUS RUBBISH, MAIL, AND DEBRIS SHALL BE REMOVED FROM THE PROPERTY AND NOT ALLOWED TO ACCUMULATE.
- BUILDING(S) SHALL BE SECURED (DOORS AND WINDOWS IN WORKING ORDER, CLOSED AND LOCKED).
- NO DEMOLITION OR REMOVAL OF BUILDING COMPONENTS MAY COMMENCE UNTIL DEMOLITION PERMIT HAS BEEN ISSUED. COMMENCEMENT OF DEMOLITION PRIOR TO ISSUANCE OF DEMOLITION PERMIT WILL RESULT IN A STOP WORK ORDER AND DOUBLE PERMIT FEES FOR ALL SUBSEQUENT PERMITS.
- APPROVED TREE FENCING PROTECTION MUST BE INSTALLED AS DIRECTED BY VILLAGE FORESTER PRIOR TO START OF DEMOLITION. LACK OF TREE FENCING WILL RESULT IN STOP WORK ORDER AND FINES.

We (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related Ordinances of the Village of Winnetka, and we (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties in a good, safe and clean

**VILLAGE OF WINNETKA
DEPARTMENT OF COMMUNITY DEVELOPMENT**

**NOTICE OF DEMOLITION APPLICATION
PRELIMINARY REVIEW**

TO: Landmark Preservation Commission

FROM: Ann Klaassen, Planning Assistant

DATE: September 12, 2016

REFERENCE: 215 Ridge Ave. Case No. 16-19

An application for demolition was received August 18, 2016 for the removal of the single-family residence at 215 Ridge Ave. The residence is circa 1911/1912. The original owner and architect are unknown. The structure is not a national, state, or local designated landmark. Research by the Winnetka Historical Society does not show that this home has historic significance or evidence of significant ownership.

In accordance with Section 15.52.040 of the Village Code, the Commission is required to determine whether the building and/or property is of sufficient historic or architectural merit to warrant conducting an HAIS prior to issuance of the demolition permit. Upon completing the preliminary historic and architectural review, the LPC shall enter preliminary findings on the issue of whether the demolition permit application affects a building or property that has sufficient architectural or historic merit to warrant conducting a full HAIS prior to issuance of the demolition permit. In making its determination, the LPC shall consider the following:

1. The preliminary property history study (information on the original building, date of construction, name of property, architect and owner, current photographs of the property, list of work on the property for which the Village has issued a permit);
2. Comments of the Winnetka Historical Society;
3. Any other information, comment or evidence received by the LPC at the preliminary review meeting.

If the LPC finds that the HAIS is warranted, it shall so notify the Director of Community Development and shall order the applicant to conduct such study.

If the LPC finds that an HAIS is not warranted, it shall notify the Director of Community Development that it finds no historic or architectural grounds for delaying the demolition. The preliminary determination of the LPC shall be supported by findings of fact based on the record. The findings of fact shall include statements as to whether or not the building or property has architectural merit, historical significance, both, or neither.

The LPC shall require an HAIS for any demolition permit application that meets any of the following

criteria:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

The Director of Community Development may delay the issuance of a demolition permit for up to 60 days if one or more building or demolition permits for primary structures have been approved for properties, for which work is continuing, on either side of the right-of-way block face and/or alley along which the property is located, or if the Director determines that a delay is necessary to prevent undue congestion and noise impacts in the neighborhood. Currently, there are no building or demolition permits for new primary structures on the block. The Director has determined that a delay is not necessary to prevent undue congestion and noise impacts within the neighborhood.

**Village of Winnetka
DEPARTMENT OF COMMUNITY DEVELOPMENT
M E M O R A N D U M**

Date: August 19, 2016
To: Winnetka Historical Society
From: Ann Klaassen, Planning Assistant

The Landmark Preservation Commission will consider a request to demolish the primary structure located at 215 Ridge Ave. on September 19, 2016 at 7:30 p.m. Please return any available information regarding the architectural or historical significance of this structure to my attention on or before September 9. If you have any questions please send e-mail to aklaassen@winnetka.org or call me at 716.3525.

OBITUARIES

Mrs. Norman R. Olson

Mrs. Corinne D. Olson of 219 South av., Glencoe, died yesterday in her home. Mrs. Olson's husband, Dr. Norman R., is a dentist with offices in the Drake hotel. Services will be held at 2:30 p. m. Tuesday in the Westminster chapel of Fourth Presbyterian church, Michigan avenue and Delaware place. She is survived by her husband; two daughters, Joyce E. and Nancy L.; two sons, James A. and Richard N.; two sisters, Mrs. Leatha Beyreau and Mrs. Margaret Feely; and three brothers, John, Donald, and Chester Drilling.

Mrs. William S. Faurot

Mrs. Jean Faurot, 61, of 803 S. Bruner st., Hinsdale, died yesterday in her home. She was president of the Service Club of Chicago from 1953 to 1955 and since 1930 was a director of the

William H. Lyon

Services for William H. Lyon, 79, of 215 Ridge av., Winnetka, will be held at 2 p. m. tomorrow at his winter home at 269 Pendleton av., Palm Beach. He died Friday: Mr. Lyon, former president of the old Blunden-Lyon Paper company, was on the Yale university 1908 golf team that won the intercollegiate championship. He was a director and former treasurer of the Hadley School for the Blind and a former treasurer of the Cradle, Evanston adoptive agency. Surviving are his widow, Kathryn; two daughters, Mrs. Gordon Erven and Mrs. Robert Goes; seven grandchildren, and a sister.

Max L. Rizinsky

Services for Max L. Rizinsky, 78, of Hollywood, Fla., a former Chicago contractor, will be held at 10:30 a. m. tomorrow in

Hugh J. Gorman

Mass for Hugh J. Gorman, 66, of Peotone, will be said at 10:30 a. m. Tuesday in St. Paul's Catholic church in Peotone. Mr. Gorman died Friday. He was an auctioneer and postmaster in Peotone for 30 years until his retirement in 1963. He also had been assessor of Will county. He leaves his widow, Grace; three sons, Patrick M., Peotone postmaster, John, and Lt. Comdr. Hugh J. Jr.; eight grandchildren; two brothers; and a sister.

Mrs. Malinda L. Harbour

Services for Mrs. Malinda L. Harbour, 78, of 114 Fellows ct., Elmhurst, will be held at 3 p. m. tomorrow in the chapel at 435 N. York st., Elmhurst. Mrs. Harbour died Friday in a La Grange nursing home. She was the widow of Frederick Harbour, former city attorney

CT March 9, 1964

firm of heating and air conditioning engineers 40 years ago. Previously, he had worked since 1896 as a designer and consultant engineer. Surviving are his daughter, Margaret; three sons, Edward C., Dr. William C., and Samuel R. Jr.; 13 grandchildren; seven great-grandchildren; and a sister.

Earl G. Anderson

Services for Earl G. Anderson, 65, of 134 Drexel av., La Grange, a past potentate of Medinah temple and board chairman of the Shriners hospital, will be held at 1 p. m. tomorrow in the chapel at 1001 Second av., Rockford. He died Saturday in La Grange Community hospital. Mr. Anderson was a nationally known electrical engineer and for 45 years had been associated with Sargent and Lundy, Chicago electrical contracting company. He leaves his widow, Elsie; two sons, Earl Jr. and Gordon; and four grandchildren.

Dr. Harold E. Silverman

pneumonia. In some editions of Sunday's Tribune, it was stated erroneously that an autopsy was ordered to determine the cause of death. Mrs. Kissel is survived by her mother and stepfather, Mr. and Mrs. Leonard Florsheim; and two brothers.

Edward C. Blomeyer

Edward C. Blomeyer, 81, of 850 Lake Shore dr., a telephone industry pioneer, died Saturday in his Palm Beach home, friends in Chicago learned yesterday. He was a retired executive of Theo. Gary and company, which later was merged with General Telephone company. Mr. Blomeyer was a member of the Lake Shore club and the Union league. Surviving are his widow, Amma; a daughter, Mrs. Frank Bryam; and two sons, Edward C. Jr. and Earle B. Services will be held in Palm Beach.

Mrs. A. Wilbur Nelson

Services for Mrs. Jessie McCutcheon Nelson, 79, formerly of Chicago, who died Saturday in New York, will be held there today. A native of Lafayette,

1031, of 1341 N. Waller-av., beloved husband of the late Hattie, fond father of Gustave Jr., Roy Dosselman, Mrs. Hatch Campbell, Mrs. Louise Schafer, Mrs. Emma Potter, and Mrs. Lydia Crist. Funeral Thursday, 3 p. m., at funeral home, 314-320 N. Central-av., Austin. Interment Forest Home. Member of Golden Era lodge, No. 726, A. F. & A. M.

EISENDRATH—Regina Eisendrath, beloved wife of the late Julius Eisendrath, mother of Samson J., Henry J., Mrs. Clara Ger- mann and the late Nathan J. Eisendrath. Funeral notice later.

FLANAGAN—Florence Flanagan, nee Moran, Oct. 6, at her residence, 2332 Commonwealth-av., beloved wife of Arthur Flanagan, mother of Marion and Richard Flanagan. Funeral notice later.

FOSTER—Stephen Austin Foster, husband of Almeda Hodges Foster, father of Mrs. John F. Manierre, at his residence, Winnetka, Tuesday, Oct. 6. Services private.

GRABBERT—William Fredrick Grabbert, suddenly, Oct. 6, 1931; dearly beloved brother of Elizabeth L. Wyman, nee Grabbert. Interment at White Plains, N. Y.

GOLDRICK — Anna Teresa Goldrick, nee Horan, beloved wife of Michael, fond mother of the Rev. Thomas, Michael, James, and John Goldrick, sister of Mrs. M. Farrell, Mrs. M. Loughney, and John Horan. Funeral Thursday at 8:45 a. m., from his residence, 4811 Union-av., to St. Gabriel's church for solemn requiem high mass. Interment in family lot at Mount Olivet. Particulars, Yards 0703.

GRAY—Orpha Ellen Buckingham Gray, Oct. 4, beloved wife of William Houser Gray, mother of Mrs. Ida Gray Cook, William Buckingham and Ralph Buckingham Gray, grandmother of Margaret Cook Grand. Services at her late residence, 2478 Lakeview-av., Wednesday, Oct. 7, at 2:30 p. m. Interment private, Rosehill cemetery.

HULLINGER—Cecil C. Hullinger, suddenly, at Baltimore, Md.; husband of Edith

or legislation and the legis-
e's composition, Rep. Daw-
one of four women in the
se, presented her tally sheet
elected bills, including some

chairmanship of the House educa-
tion committee, which considered
206 bills. Of those passing both the
House and Senate, she lent her
approval to the following mea-

Fund; and granting \$5 million for
city school lunch programs.

She voted "no" on excusing a
pupil from sex education at the
parent's request. She also voted
against the following education
measures not passed by the
legislature: \$32 million in aid to
non-public schools; election of
Chicago school board members;
and repeal of the sex education
act.

However, she would have liked
the legislature to pass bills in-
creasing the school foundation
level to \$550, providing for profes-
sional negotiations for teachers,
permitting a two-day personal
leave for teachers, and providing
for the use of average daily
membership instead of attendance
for computing school aid.

Rep. Dawson's "yes" votes
helped the following bills clear
both chambers: establishing state
departments of local government,
law enforcement, and correction;

measures
tional ame
viduals fr
tax provid
nity day c
pollution c

L.T. Asks Delay in Tax Statement

The New Trier Township assess-
or has requested an extension on
filing date for personal prop-
erty tax schedules from Aug. 4
to Aug. 22.

According to Thomas L. Goss,
township assessor, the extension
will eliminate the necessity of
filing the 50 percent statutory
portion for late filing if the
statements are mailed by Aug. 22.

Mr. Goss said the mailing,
originally scheduled for July 21 with a require-
ment to file by Aug. 4, "caught
many New Trier residents on
the wrong side of the line."

Mr. Goss also said there has been
considerable confusion in filing
statements for the tax return,
partly due to announcements
from Springfield that the personal
property tax would be "eliminated
for individuals when the state
income tax became effective."

According to Mr. Goss, "these
statements were interpreted by
many as being effective immedi-
ately, whereas these announce-
ments were qualified to the effect
that the elimination of the per-
sonal property tax would be up to
the delegates to the Constitutional
Convention. These delegates are
not yet elected and will not have
a constitution prepared until
November, 1970, after which it
will be presented to the electors
of Illinois for acceptance."

The township assessor said,
"The confusion was created by
statements released from Springfield to
the effect that Senate Bill 816
signed by the governor,
will eliminate assessments on
cars and all furniture.

However, Mr. Goss said the
Cook County Assessor's Corpora-
tion Counsel has advised that this
bill, if sustained by the court,
"cannot be effective until the next
regular statutory assessment date
of April 1, 1970."

Mr. Goss explained that be-
cause of this confusion and the
delayed 1969 mailing of personal
property tax returns, he made a
request to extend the filing date.

Week's North Shore Obituaries

* Ernst A. Bankert

Ernst A. Bankert, 70, of Tryon,
N. C., a former Winnetka resi-
dent, died July 24 in Rutherfordton
N. C.

A native of Germany, Mr.
Bankert attended the Pinz George
Gymnasium in Dusseldorf and
was graduated from the Lessing
Oberreal Schule there in 1921. He
came to the states a year later
and studied architecture at the
Armour Institute of Technology.
He worked for the firms of
Rebori, Wentworth, and Dewey;
Norman Brydges; and Oldfest
and Williams in Chicago, before
establishing his own practice in
1928.

In 1929 he moved to Winnetka
where he continued his practice
until 1961. He has lived in Tryon
since that time. Mr. Bankert was
the first chairman of the Tryon

Planning Board. He served in that
capacity for four years.

Surviving are his wife, Helen
Limerick Bankert; two sons,
Ernst G. of New York, and Kyle
G. Of Winnetka; two sisters, Miss
Erna Bankert of Dusseldorf, and
Miss Hedwig Bankert of Berlin;
and eight grandchildren.

Joseph Evert Sr.

Joseph Evert Sr., 74, of 46
North Branch Rd., Sunset Trailer
Park, Northfield, died July 27 in
St. Francis Hospital.

For many years Mr. Evert had
a poultry farm at 3116 Old
Glenview Rd., Wilmette. He was a
member of the Peter Hurter Post
of the American Legion.

Survivors include three daugh-
ters, Mrs. Rose Kish, Mrs. Mar-
garet Nicholson, and Mrs. Paul-
ine Nicholson, and a son, Joseph

Jr., all of

Revised 11.10.2014

PROPERTY MAINTENANCE REQUIREMENTS

DURING PROCESSING OF DEMOLITION PERMIT, IT IS IMPORTANT THAT OWNER AND CONTRACTOR MAINTAIN PROPERTY IN ACCORDANCE WITH VILLAGE PROPERTY MAINTENANCE CODE TO AVOID GENERATION OF NUISANCES. ACCORDINGLY, THE FOLLOWING MINIMUM REQUIREMENTS SHALL BE ADHERED TO:

- GRASS SHALL BE MOWED AND MAINTAINED AT A HEIGHT NOT TO EXCEED 8 INCHES.
- GARBAGE, YARD WASTE, MISCELLANEOUS RUBBISH, MAIL, AND DEBRIS SHALL BE REMOVED FROM THE PROPERTY AND NOT ALLOWED TO ACCUMULATE.
- BUILDING(S) SHALL BE SECURED (DOORS AND WINDOWS IN WORKING ORDER, CLOSED AND LOCKED).
- NO DEMOLITION OR REMOVAL OF BUILDING COMPONENTS MAY COMMENCE UNTIL DEMOLITION PERMIT HAS BEEN ISSUED. COMMENCEMENT OF DEMOLITION PRIOR TO ISSUANCE OF DEMOLITION PERMIT WILL RESULT IN A STOP WORK ORDER AND DOUBLE PERMIT FEES FOR ALL SUBSEQUENT PERMITS.
- APPROVED TREE FENCING PROTECTION MUST BE INSTALLED AS DIRECTED BY VILLAGE FORESTER PRIOR TO START OF DEMOLITION. LACK OF TREE FENCING WILL RESULT IN STOP WORK ORDER AND FINES.

We (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related Ordinances of the Village of Winnetka, and We (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties in a good, safe and clean condition.

APPLICANT SIGNATURE: _____ DATE: Aug 17, 2016

PRINTED NAME: Kate B. Hoff

OWNER SIGNATURE: _____ DATE: August 18, 2016

PRINTED NAME: RICHARD PADEN : JENNIFER PADEN

ACKNOWLEDGEMENT OF OWNER AND APPLICANT

PROPERTY MAINTENANCE RESPONSIBILITIES

I HEREBY ACKNOWLEDGE THAT IN SUBMITTING THE ATTACHED APPLICATION FOR DEMOLITION PERMIT, THE SUBJECT PROPERTY IS AND WILL CONTINUE TO BE MAINTAINED IN ACCORDANCE TO ALL REQUIREMENTS OF THE WINNETKA VILLAGE CODE, INCLUDING, BUT NOT LIMITED TO THE FOLLOWING SPECIFIC STANDARDS:

- GRASS IS, AND SHALL BE MOWED AND MAINTAINED AT A HEIGHT NOT TO EXCEEDING 8 INCHES.
- GARBAGE, YARD WASTE, MISCELLANEOUS RUBBISH, AND DEBRIS HAVE BEEN REMOVED FROM THE PROPERTY AND WILL NOT BE ALLOWED TO ACCUMULATE.
- BUILDING(S) SHALL BE SECURED (DOORS AND WINDOWS IN WORKING ORDER, CLOSED AND LOCKED).
