Description of Work: _____

Village Building Officers may require further documentation or clarification.

I hold legal or equitable title to the property for which this permit is being requested. I have read and examined all pages of this application and represent that they are true and correct. I agree that all work will be performed in compliance with terms of the permit, approved construction documents, and all applicable Village of Winnetka code requirements.

Owner Signature: _____ **Date:** _____

Owner address: _____ **Phone** _____

1. The Village of Winnetka assumes no responsibility or liability because of the installation and the owner will hold the Village harmless in any action arising therefrom.
2. Existence of the sprinkling system in the public right-of-way shall not in any way interfere with the right of the Village to excavate therein for repair, maintenance or installation of any public utilities or for any other necessary purpose.
3. The Village will not be required to maintain or replace any of such system as may be damaged by any such work or by any other maintenance or construction operation.
4. No part of the sprinkling system will be located closer than eighteen inches to any public curb, pavement or sidewalk in the public right-of-way.
5. All sprinkling heads will be so constructed that they will not project above ground level where located.
6. All sprinkler heads will be so located, shielded, adjusted or directed that they will not sprinkle the public pavement or public sidewalk when in operation.
7. Lawn sprinkler system shall be equipped with an approved backflow prevention device and plans showing installation shall be submitted for approval by the Water and Electric Department. The backflow preventor shall be inspected and tested annually per Winnetka Village Code Section 8-18 and Village of Winnetka Water and Electric Department's Regulations on Cross-connection Control Section 9.
8. Needs electric layout showing low voltage wiring and class designation.
