

LANDMARK PRESERVATION COMMISSION REGULAR VIRTUAL MEETING AGENDA MONDAY, AUGUST 3, 2020 - 7:00 PM

In accordance with social distancing requirements and Governor Pritzker's Executive Order 2020-44 and Senate Bill 2135, the Winnetka Landmark Preservation Commission meeting on Monday, August 3, 2020 will be held virtually. The meeting will be livestreamed via the Cisco WebEx platform. In accordance with Public Act 101-0640, at least one representative from the Village will be present at Village Hall, and the virtual meeting will be simulcast at Village Hall for members of the public who do not wish to view the virtual meeting from another location. Pursuant to Executive Orders 2020-43 and 2020-44 issued by the Governor, the number of people who may gather at Village Hall for the meeting is limited due to the mandated social distancing guidelines. Accordingly, the opportunity to view the virtual meeting at Village Hall is available on a "first come, first-served" basis.

The public has the following two options for virtually observing and participating during this virtual Landmark Preservation Commission meeting, including the ability to provide testimony or comments. Persons wishing to participate are strongly encouraged (but not required) to complete the Sign-In form found at www.villageofwinnetka.org/meetingsignin.

- 1) **Telephone (audio only).** Call: 408-418-9388; when prompted enter the Meeting ID – 126 816 0666 (Please note there is no additional password or attendee ID required.)
- 2) **Livestream (both audio and video feed).** Download the Cisco WebEx meetings app to your smart phone, tablet or computer, and then join Meeting ID – 126 816 0666 Event Password – 1234

If you wish to provide testimony or comments prior to the meeting, you may provide them one of three ways:

- 1) By sending an email to planning@winnetka.org;
- 2) By sending a letter to Community Development Department, Village of Winnetka, 510 Green Bay Road, Winnetka, IL 60093, or
- 3) By leaving a voice mail message at the phone number 847-716-3524. All voicemail messages will be transcribed into a written format.

All comments received by 6:00 PM the day of the meeting will be read at the meeting by staff. Written public comment is limited to 200 words or less and should identify both (1) the subject of the comment being offered (such as property address or case number of the agenda item) and (2) the full name of the individual providing the comments. In addition, you may wish to include your street address, phone number, and the name of the organization or agency you represent, if applicable.

General comments for matters not on the agenda will be read at the end of the meeting under Public Comment. Comments specific to a particular agenda item will be read during the discussion of that agenda item.

All emails received will be acknowledged either during or after the meeting, depending on when they are received.

Persons seeking additional information concerning any of the applications, accessing the virtual meetings, or requesting alternative means to provide testimony or public comment are directed to email inquiries to planning@winnetka.org or by calling 847-716-3587.

**LANDMARK PRESERVATION COMMISSION REGULAR VIRTUAL MEETING AGENDA
MONDAY, AUGUST 3, 2020 - 7:00 PM**

AGENDA ITEMS

1. Call to Order & Roll Call.
2. Introductory Remarks Regarding Conduct of Virtual Meeting.
3. Approval of July 6, 2020 meeting minutes.
4. **Case No. 20-14: 250 Ridge Avenue:** Preliminary Review of the application for demolition of the single family residence at 250 Ridge Avenue.
5. **Case No. 20-15: 385 Rosewood Avenue:** Preliminary Review of the application for demolition of the single family residence at 385 Rosewood Avenue.
6. **Case No. 20-16: 1180 Oakley Avenue:** Preliminary Review of the application for demolition of the single family residence at 1180 Oakley Avenue.
7. **Case No. 20-13: 141 Sheridan Road:** Review of the Historical Architectural Impact Study (HAIS) submitted for the single-family residence at 141 Sheridan Road.
8. Other Business.
 - a. September 21, 2020 Meeting - Quorum check.
9. Public Comment.
10. Adjournment

Note: Public comment is permitted on all agenda items.

NOTICE

All agenda materials are available at www.villageofwinnetka.org/agendacenter.

The Village of Winnetka, in compliance with the Americans with Disabilities Act, requests that all persons with disabilities, who require certain accommodations to allow them to observe and/or participate in this meeting or have questions about the accessibility of the meeting or facilities contact the Village ADA Coordinator at 510 Green Bay Road, Winnetka, Illinois 60093, (Telephone (847) 716-3543; T.D.D. (847) 501-6041).

LANDMARK PRESERVATION COMMISSION
JULY 6, 2020 MEETING MINUTES

Members Present:

Louise Holland, Chairperson
Chris Enck
Laura Good
Beth Ann Papoutsis
Paul Weaver

Non-Voting Member Present:

Jack Coladarci

Members Absent:

Katie Comstock
Joseph Stuart

Village Staff:

David Schoon, Director of Community Development
Brian Norkus, Assistant Director of Community Development
Chris Marx, Associate Planner

Introductory Remarks Regarding Conduct of Virtual Meeting.

Chairperson Holland read the Oral Declaration into the record as follows: "Pursuant to recently adopted amendments to the Illinois Open Meetings Act included in Public Act 101-0640, public bodies may, in certain circumstances, hold entirely virtual meetings without a quorum physically present in one location. On March 17, 2020, President Rintz issued a Declaration of Emergency pursuant to authority granted by the Village code, the Illinois Municipal Code and the Illinois Emergency Management Agency Act to address the health threat posed by the Covid-19 pandemic. On May 29, 2020, Governor Pritzker issued a Disaster Proclamation that declared in-person attendance at public meetings of more than ten people at the regular public meeting location to be infeasible, in accordance with the Open Meetings Act, as amended by Public Act 101-0640. On June 16, 2020, President Rintz executed a written determination that given the ongoing emergency associated with the Covid-19 pandemic, in-person meetings of the Village's Village Council are not practical or prudent at this time and until further notice. In accordance with the Governor's Disaster Proclamation and the Village President's Declaration of Emergency and Determination regarding meetings of the Village Council, I, as Chairperson Holland of the Landmark Preservation Commission, hereby determine that in-person meetings of the Plan Commission are not practical or prudent at this time and until further notice."

Call to Order & Roll Call:

Chairperson Holland called the meeting to order at 7:05 p.m. Mr. Marx took a roll call of the Commission Members present.

Approval of June 1, 2020 meeting minutes.

Chairperson Holland asked for a motion to approve the June 1, 2020 meeting minutes or if there were any comments or corrections. Ms. Good clarified her comment on line 28 on page 5. Ms. Papoutsis asked for her comment on line 20 on page 6 to be stricken. Chairperson Holland then asked for a motion to adopt the June 1, 2020 meeting minutes, as amended. A motion was made and seconded by Ms. Papoutsis. A vote was taken and the motion unanimously passed.

AYES: Enck, Good, Holland, Papoutsis, Weaver

NAYS: None

NON-VOTING: Coladarci

Case No. 20-11: 200 Fuller Lane: Preliminary Review of the application for demolition of the single family residence at 200 Fuller Lane.

Mr. Norkus confirmed he would allow the applicants into the meeting. Mr. Marx stated the property is located at 200 Fuller Lane between Winnetka Avenue and Sheridan Road and is zoned R-4 single family residential measuring 2.4 acres. He stated it is a single family home with an attached garage. Mr. Marx stated the application was

1 submitted by Avalon Construction & Design on behalf of the applicant, Rebecca Ferguson. He informed the
2 Commission the property was built in 1954 with a subsequent building permit for an addition in 1972. Mr. Marx
3 noted the Historical Society stated the structure did not have historical or architectural significance. He then
4 referred to an illustration of the relative location of the property. Mr. Marx stated the applicant would not present
5 any additional information.
6

7 Rebecca Ferguson stated she had nothing to present. Shelby and Mr. John Elias introduced themselves as the
8 contractor and owner. Chairperson Holland asked Ms. Ferguson what her plans were for the property. Ms.
9 Ferguson responded after the property is demolished, a new home would be built. Mr. Elias stated all the
10 necessary documents were submitted for the building permit as well as documentation for the new construction.
11 He asked if there were any questions.
12

13 Chairperson Holland asked if there were any comments from the audience. Mr. Norkus stated there are several
14 members of the public waiting to speak. He asked Caller Bradley Halbert for his comments. Mr. Halbert had no
15 comment on this agenda item. Mr. Norkus asked Caller No. 5 for any comment. No comments were made at this
16 time. Mr. Norkus asked Caller No. 6 for any comment. The caller stated he had comment on the second agenda
17 item. Mr. Norkus asked Caller Rich Cosby for any comment. Mr. Cosby had no comment. Mr. Norkus stated that
18 concluded all of the call-in attendees.
19

20 Chairperson Holland asked the Commission Members for their comments. Ms. Good asked what is proposed to
21 replace the home. Mr. Marx stated in fairness to the applicant, he informed them the Commission would consider
22 the demolition application and would not necessarily need drawings of the proposal. Ms. Good asked for a
23 description, style of home and square footage. Ms. Ferguson held up a schematic of the proposed home and
24 stated it would measure approximately 3,500 square feet and it would have brick and siding. Chairperson Holland
25 asked if there were any other questions. Ms. Papoutsis asked with regard to the tree in the front, if it would
26 remain or be taken down. Mr. Elias responded it would be removed and noted it is included on the demolition plan
27 submitted. Mr. Enck asked if the home would be owner occupied. Ms. Ferguson confirmed that is correct.
28

29 Chairperson Holland asked if there were any other questions. Mr. Enck asked if they are planning a conventional
30 demolition or if there would be deconstruction. Mr. Elias responded it would be a conventional demolition and
31 filed for a good portion of the demolition materials to be recycled. He confirmed they would abide by the
32 demolition rules.
33

34 Chairperson Holland asked if there were any comments or questions from the Commission or the audience. No
35 additional comments were made at this time. She then asked for a motion. Mr. Weaver moved to approve the
36 demolition application for 200 Fuller Lane. Ms. Papoutsis seconded the motion. Mr. Schoon stated they must
37 confirm with the applicant that there were no technical difficulties participating in the meeting. The applicant
38 confirmed there were no difficulties.
39

40 A vote was taken and the motion unanimously passed.

41 AYES: Enck, Good, Holland, Papoutsis, Weaver

42 NAYS: None

43 NON-VOTING: Coladarci
44

45 **Case No. 20-12: 1580 Tower Road: Preliminary Review of the application for demolition of the single family**
46 **residence at 1580 Tower Road.**

47 Mr. Norkus allowed the applicant into the meeting. Mr. Marx stated the property is located at 1580 Tower Road
48 measuring 0.5 acres and is located on the south side of the street between Heather Lane and Grove Street. He
49 stated the property contains a single family residence with attached garage and zoned R-2 single family residential
50 surrounded by other R-2 zoned properties. Mr. Marx stated the application was submitted by Country Home
51 Developers as representative of a trust which owned the property. He referred to an illustration of the property in
52 an aerial photograph. Mr. Marx then stated the property owner is part of the trust and is present to answer any
53 questions.

1
2 Mr. Oswald stated the home is located on a half-acre piece of property. He stated it is 70 years old and was built in
3 1953. He stated there are number of problems with the home, including it being architecturally very weak with a
4 small entryway and single front door, few windows, a two car front loading garage as opposed to a three car side
5 loading garage. He stated there were two elements later added which include a screened porch and master
6 bedroom and the roof was not changed to accept the additions and flat roofs were left which collect leaves,
7 branches, etc. causing constant maintenance problems. He stated the home's main home has a shallow 3:12 pitch
8 with all of the mechanicals located on the roof which made it difficult in terms of maintenance and service. Mr.
9 Oswald stated the third furnace was added there for the master bedroom which was not the right size due to the
10 roof's pitch. He stated the exterior of the home is dated and the home is not architecturally significant. He also
11 stated the rooms are tiny, chopped up and do not work with today's living environment which required going
12 through rooms to get to other rooms. He added there is no basement. Mr. Oswald stated the most significant thing
13 is that it is economically not salvageable with the basement being a 70 year old slab on grade which pitched
14 toward the rear of the property. He stated the walls are not square and the doors and windows do not work
15 anymore as well as leaking. Mr. Oswald added the galvanized plumbing pipes are corroded allowing a trickling
16 water flow with one bathroom having no water at all. He added the laundry room only had cold water. He stated it
17 is too difficult to service the mechanical units and referred to the outdated electrical systems. He reiterated the
18 home is not economically salvageable with no basement which is sinking. Mr. Oswald stated they are asking to
19 take down the home due to the condition of the home and the fact is not architecturally significant or
20 economically salvageable.

21
22 Chairperson Holland asked if there were any comments from the audience. Mr. Norkus asked Caller Bradley
23 Halbert for his comment. Mr. Halbert introduced himself and his wife, Cathy, and informed the Commission they
24 live next door to the property. He stated they are not aware of the home having historical significance and asked if
25 they could get assurance there would not be any change to the water flow pattern during demolition and
26 construction. Mr. Oswald confirmed there would be no change and they submitted plans to the Village staff
27 including existing and restoration surveys. He stated the slab would be removed and the ground graded to be level
28 with the drainage to remain as is. He noted there is no flood plain to the east or west for two or three blocks and
29 confirmed there would be no change. Mr. Marx stated the site restoration plan submitted is reviewed by the
30 Village's Public Works Department and verified to be compliant with codes and rules relating to storm water
31 management.

32
33 Mr. Norkus confirmed there are no other callers in attendance for this agenda item.

34
35 Chairperson Holland then asked if there were any comments from the Commission. Mr. Weaver asked Mr. Oswald
36 if he planned to live in the new home or sell it. Mr. Oswald stated they have not planned the new structure and the
37 home would be lived in by him or someone else in his family. He noted his family are developers out of Lake Forest
38 and have built many homes in the Village. Ms. Good stated she had no questions at this time. Chairperson Holland
39 asked if there were any comments or questions. Ms. Papoutsis asked although there are no plans now for the new
40 home, she asked if the new home would have a deep basement. Mr. Oswald estimated the home to be
41 approximately 4,000 square feet and would be brick with a cedar shake roof. He stated the basement would
42 usually measure 9 feet in terms of its height with the same ceiling heights for the first and second floors.

43
44 Chairperson Holland asked if there were any comments. No additional questions were raised at this time. She then
45 asked Mr. Oswald if he felt there were any technical difficulties with his presentation. Mr. Oswald stated of all the
46 cities they have built in on the North Shore, the Village staff was the most responsive and easiest to work with over
47 the 40 years of working on the North Shore. He then stated he appreciated the questions from the Commission
48 and neighbor. Mr. Oswald confirmed there were no difficulties and described the process as excellent.

49
50 Chairperson Holland asked if there were any other comments from the Commission or a motion to approve the
51 demolition application for 1580 Tower Road. Ms. Papoutsis moved to approve the demolition. The motion was
52 seconded by Mr. Enck. A vote was taken and the motion unanimously passed.

53 AYES: Enck, Good, Holland, Papoutsis, Weaver

1 NAYS: None
2 NON-VOTING: Coladarci
3

4 **Case No. 20-13: 141 Sheridan Road: Preliminary Review of the application for demolition of the single family**
5 **residence at 141 Sheridan Road.**

6 Mr. Norkus allowed Gary Frank into the meeting. Mr. Frank informed the Commission the applicant will dial in to
7 the meeting. He also stated Rich Bondarovich and Jack McDonough are also present.
8

9 Mr. Marx stated the request is for the demolition of 141 Sheridan Road which is a single family residence located
10 on a lot measuring approximately 0.95 acres and located on the east side of the street between Winnetka Avenue
11 and Fuller Lane. He stated the property contains a single family residence with attached garage and is zoned R-2
12 single family residential and is surrounded by other R-2 single family residential homes. He noted the property has
13 frontage on the lake.
14

15 Mr. Marx informed the Commission that Gary Frank is a representative of a land trust for the applicant who owns
16 the property and Mr. McDonough is a representative of the trust. He then identified photos of the front and rear
17 elevations and noted the property is a flag lot. Mr. Marx also stated the home was built in 1923 with a permit
18 issued for an addition. He then stated the Historical Society noted the home has some historical and architectural
19 significance and identified the architect as E.G. Oldefest and identified several buildings designed by Oldefest &
20 Williams. Mr. Marx stated the home has been resided in by several prominent residents including Leslie Cooke,
21 Jack Dawson and Dr. Robert Cavallino. He stated the applicant would now provide their presentation.
22

23 Gary Frank stated his clients wanted a home on the lake to build a new home. He informed the Commission the
24 property was listed as a renovation or demolition. Mr. Frank stated he was asked to evaluate the home's
25 construction to determine its value and the applicant's direction with their desire initially being to tear down the
26 home. He stated while the home was built in the 1920's and neglected over the years, there are major deficiencies
27 in the home. Mr. Frank then stated the home did not have any specific architectural style or particular elements of
28 design, materials or craftsmanship and described it as Spanish looking home with a red tile roof. He also stated the
29 home cannot be seen from Sheridan Road since it sat along the lake and is located next to a driveway servicing
30 four homes. He referred to the new home next door was built in the last 20 years and the other home on the
31 southwest corner is a frame home in good condition. Mr. Frank noted the owner of that home is also the owner of
32 the new home being constructed at the southeast portion of the property.
33

34 Mr. Frank stated in walking through the home, the inside photos do not tell the whole story. He noted a home
35 inspector provided a report identifying the home's deficiencies. Mr. Marx confirmed the report was given to the
36 Commission earlier today. Mr. Frank then referred to exterior photos of the home and stated the second floor
37 windows were replaced with casement windows. He stated the first floor may contain the original windows and
38 doors. Mr. Frank stated the stucco is cracked and identified the water infiltration and damage. He also stated the
39 home's trim is peeling and decaying with railings not being up to code. Mr. Frank then identified a porch which is
40 not original and bays which would have to be replaced on both sides. He also stated the chimneys would have to
41 be rebuilt and the trim is decayed. Mr. Frank identified the entry hall and structural problems in the home which
42 would have to be repaired. He also referred to several interior photos of the home and noted the basement has
43 mold, mildew and a cracked foundation. Mr. Frank noted there are no electric outlets in many of the rooms or
44 insulation which would require a complete gutting of the home's interior. He stated the waviness of the roof
45 indicated a reflection of the beams' condition which would require removal of the entire roof.
46

47 Mr. Frank informed the Commission he has worked on major renovations in the past and this home would have to
48 be gutted down to the bare bones and identified a photo of what the renovated home would look like. He also
49 stated the home did not meet with today's lifestyle. Mr. Frank introduced Rich Bonarovich as the contractor who
50 would discuss renovation costs versus teardown followed by comment from John McDonough.
51

52 Rich Bonarovich stated the images are telling photos of the home's condition. He noted the first floor of the home
53 is concrete which is substantially damaged and cracked which would make the cost of renovation very expensive

1 and would be 50-70% higher in cost than building a new home. Mr. Bonarovich also stated the home's location
2 was chosen by the owner to build a home which would become a lifelong home for them. He stated his biggest
3 concern is the mold throughout the home which represented substantial life and health safety issues. Mr.
4 Bonarovich then stated the electrical issues are a matter of life safety and fire hazard issues for this home and the
5 adjacent properties. He stated they concluded the cost benefit would be substantially more to renovate the home
6 especially in connection with the concrete floor's condition.
7

8 John McDonough stated his family bought the home in September 2019 and they assembled a team to assess the
9 home. He commented the lot is beautiful in a beautiful location and their intent was to have the home built and to
10 move in late 2021. Mr. McDonough stated they worked with the team and all of the decisions with regard to the
11 new home have been made and they are ready to proceed. He stated they learned after the building permit was
12 granted that this review was necessary. Mr. McDonough referred to the mold issues in the home and the home
13 would be for their long term future and would withstand the lakefront weather. He then asked if there were any
14 questions.
15

16 Mr. Frank added the last applicant had great things to say about the Village staff which has always done a great
17 job. He stated they turned the project in four days after the Covid-19 shut down and with regard to the Village's
18 permitting process, they submitted their plans in a bin outside the Village Hall and responded to questions from
19 the Village. Mr. Frank stated they were informed the permit was ready but the Commission's application was not
20 provided to them and the amount of time it would take for the project has been delayed. He asked the
21 Commission to not delay the permit to mitigate the mistake of not requesting the materials which were needed
22 which caused an unnecessarily delay for the project and a huge financial burden to the applicant.
23

24 Chairperson Holland stated Mr. Frank has worked in the Village for 30 years and every home requesting a
25 demolition permit has to go through this Commission. Mr. Frank responded he accepted some responsibility for
26 not submitting the application but that the Building Department has to be diligent to ensure all of the materials
27 required for a building permit are applied for and because of Covid-19, things were missed which resulted in a time
28 delay.
29

30 Chairperson Holland asked if there were any questions from the Commission or the audience. Mr. Coladarci asked
31 how long was the home empty. Mr. Frank estimated 3-5 years. He confirmed the home was winterized and the
32 home has experienced general decay and neglect. Mr. Coladarci stated they have run into this problem a lot where
33 a home has been neglected and is being requested to be torn down. He stated the inspection report indicated a lot
34 of work that would need to be done and he understood the applicant's desire to not want to undertake a gut
35 rehab. Mr. Coladarci then stated he is bothered by blaming the Village staff and because of Mr. Frank's experience
36 and knowledge of the process, due to the Covid-19 and the amount of stress the Village staff is operating under,
37 there should be very little fault on their side. He stated he did feel the application should be granted.
38

39 Ms. Papoutsis agreed with Mr. Coladarci's comments and applauded the Village staff's efforts. She commented it is
40 too bad there was miscommunication and stated everyone is aware of the process. Ms. Papoutsis stated the home
41 is a situation where the neglect and its condition rendered it unsalvageable which she commented is a shame. She
42 then stated the Historical Society stated the home has architectural and historical significance but for the home
43 being in such bad condition, it leaves the Commission to consider it in the demolition process. Ms. Papoutsis
44 reiterated she agreed with Mr. Coladarci's comments.
45

46 Ms. Good agreed with the comments made and stated they have had the ordinance a long time which has been
47 the standard protocol for years. She then asked about Mr. Oldefest and stated she never heard his name before
48 and asked if there were other homes by this architect in the Village. Mr. Frank responded he investigated and
49 stated his architecture was mid to high rises in the 1920's with him not finding any homes by that architect
50 anywhere. Ms. Good stated the question is to whether the Commission would request an HAIS or not and if this is
51 the only example of his work in the Village. She then referred to the willow tree and asked about its condition. Mr.
52 Frank responded it is at the southeast corner of the lot and would not be impacted by the construction. He stated
53 the home's construction to the south made it more perilous due to the excavation of that site. Mr. Frank noted

1 they would not build further out than the existing home and the tree would be untouched by them. Ms. Good
2 asked if there would be any issues with the bluff in connection with the construction. Mr. Frank stated there are
3 boulders at the base of the bluff which protect it and they would not do any work near the bluff. Mr. Marx
4 referred the Commission to the site plan to identify the location of the tree and the new home's siting. Mr. Weaver
5 stated the tree is an Indian marker tree. Ms. Good stated the tree was listed as a location of a significant event
6 from the Historical Society.
7

8 Mr. Enck asked what are the plans are for the home's size in terms of its size, scale, etc. Mr. Frank responded the
9 home would be a shingle style home measuring 6,500 square feet on two floors with a detached garage to the
10 west. He noted a 12,000 square foot home could be built on the property and the home would be similar in size
11 and scale to the existing home. Mr. Weaver asked if there would be a deep basement. Mr. Frank responded it
12 would be 9.5 feet deep. Mr. Enck asked if consideration given to saving the home or only to demolish the home.
13 Mr. Frank stated it is evident in walking through the home that it decayed to the point of not being salvageable. He
14 stated there was an independent voice as to the condition of the home from the contractors. Mr. McDonough
15 stated they saw the home strictly as a tear down by the listing agent along with the existing condition of the home.
16 He confirmed they never entertained a renovation or total gut job for the home.
17

18 Chairperson Holland commented a great job was done advising them of the home's poor condition but the
19 Commission's job is to look at any historic value of the home they want to preserve for the Village. She stated it is
20 fascinating that there was an Indian meeting at the tree and the applicant has the right to demolish the home but
21 there were important people who were lived in the home. Chairperson Holland stated once the home is gone, it is
22 gone and it is their job to document the home for the Village. She commented it would be a loss to the community
23 if there was not some documentation as to who lived in the home as well as the tree which is what an HAIS
24 documented. Chairperson Holland asked if there was any other comment. Mr. Enck asked if consideration was
25 given to deconstruction and recycling of the home to divert portions of it to the landfill. Mr. Frank responded they
26 did plan to repurpose some of the home's elements depending on the timing. Mr. Bonarovich informed the
27 Commission he is working with a salvage company to determine which materials can be reused and repurposed
28 and indicated they found a new home for the tile roof.
29

30 Chairperson Holland asked if there were any comments. Ms. Papoutsis asked if there was consideration of having
31 an HAIS for the home and given the timing, if there is a way to do an abbreviated history of the home with photos.
32 Ms. Good asked if they could grant the demolition permit with the caveat that they received a completed HAIS
33 after the demolition by a certain date. Chairperson Holland stated they would have to have legal approval and they
34 cannot make approvals to accommodate a time schedule. She stated they have to either ask for an HAIS which
35 would satisfy the history of the property and then stated if they are concerned with the time schedule, they would
36 vote against it. She then referred to the narrow lane accessing the property and questioned how the construction
37 would impact other neighbors. Mr. Frank responded they would use the 20 foot wide easement lane. He also
38 stated the home to the south was built at 7,000 square feet where construction took place amicably and there
39 would be no negative impact to the lane. Mr. McDonough added they have been in communication with the next
40 door neighbors who are aware of the construction and are in agreement with sharing a lane with them.
41

42 Mr. Enck stated he assumed this request would be a slam dunk for an HAIS given the Historical Society's comments
43 regarding the history of the home which is one of a number of dwindling historic lakefront homes frequently
44 coming to the Commission. He stated while he is sympathetic to the schedule, truncating the process would set a
45 dangerous precedent for others along with their ordinance which is already weak. Mr. Frank stated a precedent
46 would not be set and Covid-19 occurred when the request was submitted. He agreed the Village staff does a great
47 job but the request was submitted at the worst moment in history. Mr. Frank also stated he had no problem in
48 doing the HAIS but they would like to get approval for the demolition.
49

50 Chairperson Holland stated the ordinance gives the Commission the right to ask for an HAIS. She stated as to the
51 demolition permit, the Community Development Department would determine if the applicant did not get a fair
52 shake due to the pandemic. Mr. Frank again asked for consideration for the issue resulting from an unfortunate set
53 of circumstances. Mr. Weaver stated the issue should be taken up with the Community Development Department

1 and the Commission cannot consider it. Ms. Good stated Mr. Enck’s point is well taken and would set a precedent
2 and there are many other reasons applicants ask for extensions and it is important for all the reasons stated.
3

4 Chairperson Holland asked Mr. Frank and Mr. McDonough if they feel the Commission has given them the time
5 and effort for this conversation and they understand the Commission’s position. She commented the applicant did
6 a wonderful job in terms of the home’s description that it should be demolished but the Commission has to look at
7 the home’s historic value. Mr. Frank stated he has worked in the Village for 30 years and the HAIS would be at the
8 Community Development Department tomorrow morning. Chairperson Holland responded the Commission has
9 never been presented with that before. Mr. Frank responded the HAIS is done. Chairperson Holland stated the
10 Commission looks forward to seeing it if the Commission voted to recommend an HAIS. She then asked for a
11 motion to enter findings that the demolition application affects a building or property that has sufficient
12 architectural or historical significance to warrant conducting an HAIS prior to issuance of the demolition permit. A
13 vote was taken in accordance with Chairperson Holland’s statement.

- 14 AYES: Enck, Good, Holland, Papoutsis, Weaver
- 15 NAYS: None
- 16 NON-VOTING: Coladarci

17
18 Chairperson Holland then stated the Commission shall require an HAIS for any demolition application that meets
19 any of the following criteria: (i) the property or structures have been designated a landmark; (ii) the property or
20 structures have been included in the most recent Illinois Historic Structures Survey; (iii) the property or structures
21 have been listed on the National Register of Historic Places; and (iv) the property or structures have sufficient
22 architectural or historic merit to warrant a full HAIS prior to issuance of the demolition permit.
23

24 A vote was taken of the Commission Members as to their agreement with Chairperson Holland’s statement:

- 25 AYES: Enck, Good, Holland, Papoutsis, Weaver
- 26 NAYS: None
- 27 NON-VOTING: Coladarci

28
29 Mr. Frank informed the Commission the HAIS made no mention of the tree.
30

31 Mr. Schoon asked the applicant if they felt there were any technical issues that impacted their ability to present
32 their case in a virtual setting. Mr. Frank and Mr. McDonough confirmed there was no impediment. Ms. Papoutsis
33 and Ms. Good stated a motion was never officially made.
34

35 Mr. Weaver moved to request an HAIS for 141 Sheridan Road. Ms. Good seconded the motion. A vote was taken
36 and the motion unanimously passed:

- 37 AYES: Enck, Good, Holland, Papoutsis, Weaver
- 38 NAYS: None
- 39 NON-VOTING: Coladarci

40
41 Mr. Marx asked if another motion is needed for the second statement. Chairperson Holland stated if the
42 Commission found that the HAIS is warranted, it shall notify the Director of Community Development and the
43 application did not meet criteria nos. 1-3 but it met criteria no. 4 of Section 15.52.040. Mr. Marx confirmed the
44 vote was on the request for the HAIS.
45

46 **Other Business.**

- 47 a. **August 3, 2020 Meeting - Quorum check.**

48 The Commission Members discussed their availability.
49

50 **PUBLIC COMMENT**

51 Chairperson Holland asked if there was any public comment. Mr. Norkus confirmed there are no members of the
52 public present to comment. Ms. Papoutsis commented on the real estate agent which showed the property to the
53 applicant as a tear down and the Commission should suggest on their lists of suggestions and referred to people

1 who purchase properties not being aware that the property may be significant and should not be categorized as
2 vacant land. Chairperson Holland informed the Commission she and Ms. Good spoke about meeting with realtors
3 prior to Covid-19 and referred to the Russell Walcott home.
4

5 **ADJOURNMENT:**

6 Chairperson Holland asked for a motion to adjourn. Mr. Enck moved to adjourn the meeting and the motion was
7 seconded. A vote was taken and the motion unanimously passed:

8 AYES: Enck, Good, Holland, Papoutsis, Weaver

9 NAYS: None

10 NON-VOTING: Coladarci

11

12 The meeting adjourned at 9:30 p.m.

13

14 Respectfully submitted,

15

DRAFT

MEMORANDUM VILLAGE OF WINNETKA

COMMUNITY DEVELOPMENT DEPARTMENT

TO: LANDMARK PRESERVATION COMMISSION
FROM: CHRISTOPHER, MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 28, 2020
SUBJECT: CASE NO. 20-13-LPC: 141 SHERIDAN ROAD - HISTORICAL AND ARCHITECTURAL IMPACT STUDY

INTRODUCTION

INTRODUCTION	
Meeting Date	August 3, 2020
Requested Commission Action	Determine whether the HAIS is complete and if so whether the proposed demolition will result either in the loss of a building or structure that is of historic or architectural significance or in the significant alteration of the architectural character of the immediate neighborhood.
Preliminary Historical and Architectural Review	July 6, 2020, by a vote of 5-0 required submittal of an HAIS.
Property Address	141 Sheridan Road
Property Owner	Land Trust #8002381727
Application Submitted by	H. Gary Frank (Architect)
Mail Notice Sent to Property Owners within 250 feet	Completed
Public Comments as Date of Memo	None
PROPERTY DESCRIPTION	
Size	0.95 acres
Location	East side of Sheridan Road between Winnetka Avenue and Fuller Lane
Improvements	Single-family residence with attached garage
Zoning	R-2 Single Family Residential
Surrounding Zoning	R-2 Single Family Residential
PROPERTY HISTORY	
	See Attachment A, HAIS report See Attachment D, Preliminary Property History See Attachment E, WHS Report
Constructed	1923
Additional Construction Activity	1928 - Addition
Winnetka Historical Society	
<ul style="list-style-type: none"> • Historical Significance 	<ul style="list-style-type: none"> • Prominent Residents

	<ul style="list-style-type: none"> • Leslie L. Cooke, founder of LL Cooke School of Electricity, former president of the Chicago Engineering Works, and board member of Hadley School for the Blind. • John A. Dawson, inventor • Dr. Robert Cavallino, prominent Winnetka radiologist

NEIGHBORHOOD CONSTRUCTION ACTIVITY	
Other Permits for New Single-Family Homes on Same Block (either side of the right-of-way block face and/or along the alley)	One permit for a new single family residence on the same block as the Subject Property, at 139 Sheridan Road. The construction is nearing completion.
Director's 60-Day Delay Due to Construction Activity	When the LPC has completed its review of the demolition application for the Subject Property, the Director will determine if a delay is necessary to prevent undue congestion and noise impacts within the neighborhood.

COMMISSION REVIEW

In making its determination regarding the historical and architectural impact of the subject property, the Landmark Preservation Commission shall consider the following:

- a. the historic and architectural impact study prepared pursuant to the foregoing Section [15.52.050](#);
- b. the preliminary property history study prepared pursuant to Section [15.52.040](#);
- c. comment of the Winnetka Historical Society on the application and study; and
- d. any other information, comment or evidence received by the Commission at the impact determination meeting or at the preliminary review meeting.

Prior to making a determination, the Commission must first determine if it finds the Historical Architectural Impact Study (HAIS) complete. If the LPC determines that the HAIS filed by the Applicant is incomplete or otherwise insufficient to enable the LPC to make a determination as to the impact of the proposed demolition, the LPC may direct the Applicant to complete, amend or supplement the report and may continue the impact determination meeting pending the Applicant's filing of a complete application.

If the Commission does find the HAIS complete, a Commission member may make of the two following motions (a) Demolition Without Delay or (b) Delay of Demolition:

Demolition Without Delay

I make a motion finding that the Historical Architectural Impact Study (HAIS) for 141 Sheridan Road prepared by Jean Guarino is complete and that the proposed demolition

will not have a significant negative architectural or historical impact on either the Village as a whole or on the immediate neighborhood.

Based upon these finding, the demolition may proceed without a delay.

Delay of Demolition

I make a motion finding that the Historical Architectural Impact Study (HAIS) for 141 Sheridan Road prepared by Jean Guarino is complete and that the building or structure is considered to be historically or architecturally significant as it meets one or more of the following standards ***[Commission member should note which of the following standards should be included in the motion]:***

- (1) the structure exhibits a high quality of architectural design without regard to the time built or historic associations;
- (2) the structure exhibits a high quality of architectural design that is not the result of a change or a series of changes in the original structure;
- (3) the structure exemplifies an architectural style, construction technique or building type once common in the Village;
- (4) the structure exhibits an unusual, distinctive or eccentric design or construction technique that contributes to the architectural interest of its environs as an accent or counterpart; or
- (5) that the property has been designated a landmark pursuant to Chapter 15.64 of the Village Code, has been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation, or has been listed on the National Register of Historic Places or the Illinois Register of Historic Places.

The Commission also finds that the proposed demolition will have a significant negative architectural or historical impact on either the Village as a whole or on the immediate neighborhood due to the following architecturally or historically significant aspects of the structure:

1. ***[Commission member to fill in]***
2. _____ -

Preservation alternatives to the demolition of the structure include:

1. ***[Commission member to fill in].***

The Commission continues to encourage interest in and understanding of preservation in the whole of the Village as it may be applicable to the demolition permit request under review and to encourage and provide means of communication and exchange of views between the applicants and the owners and occupants of properties within two hundred fifty (250) feet of the subject property.

Based upon these finding, the demolition must be delayed for a period of 60 days in order to explore alternatives to total demolition.

HISTORICAL AND ARCHITECTURAL IMPACT STUDY (HAIS):

THE LESLIE L. AND KATHLEEN COOKE HOUSE AT 141 SHERIDAN RD.
WINNETKA, ILLINOIS

Built 1923; expanded 1928

Architects Oldefest and Williams (Edward G. Oldefest and Theodore S. Williams)

HAIS PREPARED BY:

Jean L. Guarino, Ph.D.

Guarino Historic Resources Documentation

844 Home Avenue

Oak Park, IL 60304

708.386.1142

guarinojl@gmail.com

Submitted to the Village of Winnetka on July 8, 2020.

Synopsis of Findings of Significance

The Cooke House at 141 Sheridan Road in Winnetka does not possess historic significance at a local, statewide, or national level. Its pre-1970 owners were researched through a variety of sources; although respected in their fields, neither individual was found to merit individual distinction. No information was found relating the house to an historic event. The Cooke House does not exemplify a specific architectural style, nor does it embody elements of design, detail, material, or craftsmanship of exceptional quality. However, the house does have statewide architectural significance as a design by Oldefest and Williams (Edward G. Oldefest and Theodore S. Williams), a Chicago-based firm active in the 1920s that specialized in low-rise commercial buildings and high rise “apartment hotels.” Their buildings—often sheathed or detailed in terra with profuse ornament—contribute to the fabric of commercial streetscapes in neighborhoods throughout Chicago, and in the central business district.

Ownership history of the 141 Sheridan Road parcel

Property Owner Name	Period of Ownership
Leslie L. and Bernice Cooke/ Leslie L. Cooke Estate	1923 to 1953
John A. and Annie Dawson	1953 to 1978
Dr. Robert P. and Patricia Cavallino	1978 to 2020
Chicago Title Land Trust	Current Owner

The historic owners of this property were identified through a range of sources, including building permits, contemporary newspaper articles, phone directories, and documentation in the building file for 141 Sheridan Road at the Winnetka Village Hall. Biographical information on the historic (pre-1970) owners of this property is shown below.

Leslie L. and Kathleen Cooke

Leslie L. Cooke (1879-1946) was born on October 5, 1879 in Pennsylvania, the son of Ezekiel T. and Marion L. Cooke. The family moved to Chicago in the early 1880s, and Leslie later graduated from Purdue University. In 1910, he lived with his parents, two brothers, and his sister at 548 Arlington Place in Chicago. Both Leslie and his father identified their occupations in the U.S. Census from that year as “manager trade school.”¹ In 1918, Leslie resided at 2630 Lake View Avenue in Chicago with his widowed mother and his sister. He identified his occupation as “President, Coyne Trade and Engineering School, 39 E. Illinois Street,” on his World War I draft registration form for that year.² Coyne was established in Chicago in 1899 by a B.W. Cooke, who may have been an uncle. It was a training school for the electrical professions, variously located at 1300 W. Harrison Street (early 1920s) and 500 S. Paulina Street (by 1930). The

¹ U.S. Census for 1910. Source: Ancestry.com.

² World War One Draft Registration Card for Leslie Lyman Cooke, dated September 12, 1918.

website for Coyne College, a successor to the electrical school, states that, “The Cooke family operated Coyne for more than 50 years.”³

The 40-year-old Leslie Cooke married Katherine B. Hogue, age 23, on June 2, 1920. Katherine was commonly known by her middle name, Bernice. She was the daughter of Mr. and Mrs. John Warner Hogue of 6052 Ingleside Avenue.⁴ The couple initially lived at 425 Briar Place in Chicago prior to hiring the architecture firm Oldefest and Williams in 1923 to design a house on their newly acquired lakefront property in Winnetka. The couple raised their four children in this house: Leslie Jr. (b. 1923), Thomas W. (b. 1926), James (b. 1930), and Beverly Kathleen (b. 1934). A 28-year-old cook named Marie James resided with the family in 1930.⁵

Leslie Cooke. Source: *Chicago Tribune*, Dec. 16, 1939.

During the 1920s, Leslie Cooke established the L.L. Cooke School of Electricity in Chicago, which offered a correspondence course on electrical theory and practice. The school was housed in an industrial building at 2150 W. Lawrence Avenue, next to a building that housed the Chicago Engineering Works (2154 W. Lawrence), a manufacturing company headed by Cooke.⁶ It is likely that the school was established in 1927, the year in which display advertisements first appeared in trade journals, such as *Popular Mechanics*, and in the popular press. The L.L. Cooke School of Electricity later became a division of the Industrial Training Institute.

Leslie Cooke was a member of male-only Bob O’ Link Golf Course in Highland Park, and in 1939 he was elected president of the Western Golf Association. He was also a member of the board of the United States Golf Association and on the board of the Hadley School for the Blind. He belonged to the Exmoor County Club and the Chicago Athletic Club.⁷ Cooke’s World War II draft registration card, dated April 27, 1942, indicated that he was retired at that time. Leslie and Bernice Cooke’s oldest son, Leslie Jr., served in five major engagements with the marine corps in the Pacific and was wounded at Iwo Jima.

Leslie Cooke Sr. died on June 4, 1946 at the age of 66. His estate was valued at \$1,564,634.⁸ His obituary in the *Winnetka Talk* stated that, “Mr. Cooke was extremely interested in pre-Colombia and Aztec antiquity. At the present time, his collection is on exhibit at new Trier High School.”⁹ Cooke’s wife, Bernice, married Philip McNulty of Chicago on July 27, 1948. They

divorced in September of the same year, and then re-married in December 1949.¹⁰ The couple resided in the house at 141 Sheridan and it appears that Bernice Cooke did not take her new husband's name. She sold the house in July 1953 to John Dawson for \$82,500 and moved to 1550 North State Parkway in Chicago.¹¹

John A. and Annie Dawson

John A. Dawson (1904-1979) was raised in Chicago, the son of John H. and Ida L. Dawson. He resided with his family at 5434-36 Winthrop Avenue in 1910, and at 4869 Kenmore in 1920.¹² He founded John A. Dawson & Co. in 1931, with a brokerage office at 1 N. LaSalle Street.¹³ Annie Joe (Howel) Dawson (1905-2000) was born in Fort Worth, Texas, and lived all her adult life on the Chicago's North Shore, in Evanston Wilmette, and Winnetka. She was the only daughter of the president of the Orange Crush Company.¹⁴ John and Annie Dawson both graduated from Northwestern University, where they might have met. They were married on March 15, 1934, and initially lived in a house at 1108 Asbury in Evanston.¹⁵ The couple had three children: Anne (b. 1936), Mary (b. 1938), and John H. (b. 1945).

¹⁵ Cook County marriage license and U.S. Census for 1940. Source: Ancestry.com.

John and Annie Dawn had been married for twenty years when they purchased the Cooke House at 141 Sheridan Road in July 1953. A contemporary writer notes that throughout those years the couple had searched for “just the right place with riparian rights. They wanted a house adequate to a family’s needs and one with a view of the lake—their own beach line, if possible.”¹⁶ They initiated unspecified renovation work immediately after their purchase, and in December 1953 hosted a party at their house for the workmen involved.

Over the course of his career, John A. Dawson became a prominent Chicago investor and he served as a member of the Midwest Stock Exchange between 1950 and 1971. A 1966 *Chicago Tribune* article noted that his firm “was one of the earliest dealers in mutual funds and represents most of the major funds today.”¹⁷

Dawson was also leader in the American Baptist Church, serving in various high-ranking capacities as a lay person, such as president of the Chicago Baptist Association, the American Baptist Convention, and the North Shore Baptist Church at 5244 N. Lakewood Avenue in Chicago. In 1962, Dawson was appointed world chairman of the Men’s Department of the Baptist World Alliance, and he became a member of the Chicago Crime Commission in the same year. He also participated on boards of various American Baptist schools and institutions, such as the Baptist Theological Union of the University of Chicago.¹⁸

John and Annie Dawson at the front entrance of their home at 141 Sheridan Rd. Source: Chicago Tribune, December 17, 1953.

The Dawson house at 141 Sheridan Road was the scene of a drinking party on the evening of November 19, 1962 that preceded a car crash involving nine New Trier students, one of whom died. John H. Dawson, age 17, was the driver. He was seriously injured but recovered. His parents were not home at the time of the party and the younger Dawson was driving his father’s car without permission. In January 1963, the state’s attorney’s office recommended that the

younger Dawson be charged only with driving with a suspended license, rather than reckless homicide.¹⁹

John A. Dawson retired in 1971 and closed his brokerage office at One N. LaSalle Street. The following year, his 27-year-old son, John H., founded his own brokerage office in the same building. John and Annie Dawson sold their house at 141 Sheridan Road in 1978 to Dr. Robert Cavallino and his wife, Patricia. The Dawsons moved to a house at 1025 N. Sheridan Road in Wilmette. John Dawson died in October 1979 at the age of 75.

Annie Dawson taught Sunday school at the North Shore Baptist Church for sixty years. In 1982, she was honored by the Central Baptist Children's Home for her work in raising more than \$250,000 over the years, through sales of kiln-fired ceramic and porcelain figurines that she made in her basement. She died in 2000 at the age of 94 at the Presbyterian Home in Evanston.²⁰

Dr. Robert P. and Patricia Cavallino

Dr. Robert Cavallino graduated from Tufts University in 1959. He served in the 1980s as Chairman of Illinois Masonic Hospital's Department of Radiology. No information was found on Patricia Cavallino.

Narrative Description of the Cooke House

P.I.N.: 05-22-100-053-0000

Legal Description for 141 Sheridan Road:

Lot 2 in Dawsonia being John A. Dawson's Resubdivision of Lots 1, 2, and the southeasterly 25 feet of Lot 3 (as measured along the southwesterly line of said Lot 3) in R. Williamson's Sheridan Road Resubdivision in Fractional Sections 21 and 22, Township 42 North, Range 13 East of the Third Principal Meridian except that part of said Lot 2 lying southeasterly of the extension to the north east of the northwesterly line Lot 4 in Dawsonia, in Cook County, Illinois.

Construction Date: 1923

The two building permits for the house at 141 Sheridan Road found in the Village of Winnetka's files are listed below. Copies of both permits are attached to the end of this report.

Permit Date	Owner	Action	Architect
06-23-1923	Leslie L. Cooke	Build 2 story brick & stucco residence, garage attached	T.S. Williamson & E.G. Oldefest
12-4-1928	Leslie L. Cook	Tile and brick and stucco addition to residence	F. Hodgdon

House Description:

The Cooke House is located on the 100 block of Sheridan Road in Winnetka, which is just north of the Village's boundary line with Kenilworth. The property is about one acre in size and measures 106 feet across its eastern boundary and 121.95 feet across its western boundary.²¹ It is accessed via an asphalt private drive that extends eastward from Sheridan and then curves north, becoming a circular driveway in front of the house. The Cooke House is not visible from the public right-of-way as it is set back nearly 300 feet from Sheridan Road and is fronted by another large house (143 Sheridan Road) and its surrounding trees/foliage. There is a flagstone patio and grassy yard behind the house, which is situated upon a bluff that is about 40 feet above lake level.

The two-story Cooke House faces southwest and was built in two phases: 1923 (original, side-gable central block with flat-roofed wings) and 1928 (two-story front-gable attached garage with servants' quarters). The house and garage wing are sheathed in stucco; roofs are covered with flat orange-colored clay tiles. The roof of the central block has two stucco-covered chimneys—one at either gable end—as well as deep overhanging eaves with wood soffits and decorative scrolled brackets. Fenestration is comprised of vinyl casement windows that are arranged alone, in pairs, or in strips of three or four.

²¹ Measurements were obtained from a plat of survey created by Gremley & Biedermann, Chicago, dated February 28, 2019.

The symmetrical front (west) façade of the house's main block has a centrally placed round-arched entrance with stone surround and a wood door with a large arched glass pane that is fronted by a decorative iron grille. The entrance is approached by four stone steps and flanked on each side by a decorative iron sconce and a pair of multi-paned wood doors with stone surrounds. Directly above the main entrance is pair of casement windows with stone balconette flanked on each side by a group of three casements. The front façade's south wing has a pair of multi-paned wood doors on the first floor and a strip of casements on the second floor. Its north wing has a round-arched wood door with adjacent lantern sconce and two casements on the first floor, and three casements on the second floor.

The symmetrical rear (east) façade of the house's main block has a multi-paned wood door topped by a canopy with two large decorative scrolled brackets. A decorative iron light sconce is adjacent to this entrance, which is flanked on each side by a three-sided bay window. Directly above the rear entrance is a Palladian window flanked on each side by two pairs of casements. The rear façade's south wing has one window on the first floor and a strip of five windows on the second floor. A gable-roofed screened-in porch extends from the rear façade's north wing; the second floor of this wing has three casements.

The north facade of the house has a pair of casements on the first floor and two casements on the second floor. The south façade of the house has three pairs of tall, multi-paned doors on the first floor and a series of casements on the second floor.

The front (west) façade of the attached two-car garage has an overhead metal door on the first floor, two casements on the second floor, and a pediment at the roofline. Its south façade has a wood service door and one casement on the first floor, and two casements on the second floor. Its north façade has a group of three casements on the first floor and two casements on the second floor. Its rear (east) façade has a wood service door and a group of three casements on the first floor, one casement on the second floor, and cornice returns at the roofline. A flight of concrete steps against the rear façade of the garage descends to a basement door.

The interior of the Cooke House features a central hall plan and a total of six rooms: a living room, library, dining room, kitchen, powder room, and screened-in porch. The entrances to most first floor spaces have round-arch openings. The central hall has a staircase with wood treads and risers and simple thin, turned metal railings. The south wall of the living room has a central fireplace with veined marble surround and a wood mantle painted white with Classical detailing. It is flanked by a round-arched built-in bookcase on one side, and round-arched wood double doors that open onto the library on the other. The south wing library features parquet flooring, wood paneled walls with round-arch built-in bookcases, and two Classical pilasters on the north wall flanking the fireplace, which has a marble surround with Classical detailing. The west half of the dining room has wood wainscoting painted white and round-arch china cabinets on its north wall. The north wing kitchen opens onto the screened in porch and to stairways leading to the garage and the servants' quarters above.

The second floor has central stair hall; four bedrooms and two full bathrooms in the main block; a sleeping porch in the south wing; one large bedroom in the north wing; and two servant's bedrooms, two full bathrooms, and two hallways in the garage wing.

Walls on both the first and second floors are mainly finished in plaster, except for the bathrooms, where some walls are partially covered with ceramic tile, and the library, which has wood-paneled walls. Bedroom walls are covered with wallpaper. Ceilings are finished in plaster. Hardwood flooring is used throughout the house, except in the front vestibule, entrance hall, the east half of the dining room, kitchen, and bathrooms, which have different types of tile flooring. Wall-to-wall carpeting covers the hardwood in the bedrooms. Most rooms throughout the house have simple, unadorned wood baseboard and ceiling molding, as well as equally simple wood door and window casings, all painted white. Wood paneled interior doors are also painted white. The screened-in porch has wood ceilings. The basement is unfinished and has a series of rooms with concrete flooring and tile walls.

Integrity:

The exterior of the Cooke House has fair integrity, as its original windows were removed at an unknown date. Exterior photos from two historic real estate listing sheets for the house show multi-paned windows in various openings, some of which also have horizontal lines across the middle, indicating that they were originally double-hung, rather than casements. Both photos show that the flat-roofed side wings formerly had balustrades, which have also been removed. However, the house retains its original stucco sheathing, front door, light sconces, and detailing, such as the stone door surrounds on the front façade and scrolled wood brackets beneath the eaves of the central block. The flat clay roofing tiles appear to be original.

The interior has very good overall integrity, retaining its original plan, hardwood flooring, plaster wall and ceiling finishes, center hall and side staircases, modest moldings, and wood paneled interior doors. Other original elements include its fireplaces and built-in bookcases (living room and library), built-in china cabinets (dining room), and the library's parquet flooring and wood paneled walls. The primary interior changes include remodeling of the kitchen and the bathroom on the second floor of the north wing.

Architects Edward G. Oldefest and Theodore S. Williams

The Cooke House at 141 Sheridan Road was designed by the Chicago architecture firm of Oldefest and Williams, headed by partners Edward G. Oldefest and Theodore S. Williams. Edward Oldefest (1883-1949) was born on April 27, 1883 in Moline, Illinois, the son of George and Minna Oldefest. He attended Moline High School and received a degree in architectural engineering from the University of Illinois in 1906.²² Oldefest then moved to Chicago, where he obtained a position with the noted firm of Marshall & Fox.²³ During the 1910s, he formed a partnership with Donald W. Beck, known as Oldefest and Beck, with offices in the People's Gas building at Michigan Avenue and Adams streets in Chicago's Loop.

Theodore Williams (1889-1948) was born on December 16, 1889 in London. He immigrated to the U.S. in 1908. In 1910 he lived as a lodger in a building on East 69th Place in Chicago.²⁴ No information was found on his educational background or architectural training. According to his World War One draft registration card, dated June 5, 1917, Williams lived at 835 Leland Avenue at that time and worked as a self-employed architect, with an office at 234 S. LaSalle Street. He served with an engineering unit in World War I.²⁵ The 30-year-old Williams married Irma Larson, age 21, on March 27, 1920. The couple lived at various addresses in Evanston over the next quarter century.

By 1922, Theodore Williams had formed a partnership with William Whitney, known as Whitney and Williams. In that year, the firm designed the first eight houses of a 45-acre tract in Winnetka and had drawn plans for 20 more. The tract, known as Winnetka Manor, was bounded by Oak, Willow, Hibbard and Glendale streets. An article on the project noted that, "No bungalows will be permitted and residences must cost more than \$10,000."²⁶ Other projects by Whitney and Williams include a distinctive one-story "motor laundry" built at a cost of \$100,000 at the northwest corner of Glenlake and Broadway in Chicago (demolished), the utilitarian function of which was disguised by abundant decorative detailing.²⁷ The firm also designed a massive 4,500-seat theater building at the northwest corner of Howard and Marshfield streets at a cost of \$3 million, which is extant.²⁸

1211 S. LaSalle Street apartment building designed by Oldefest & Williams, 1929.

²⁷ "Putting Pep Into Small Buildings," *Chicago Tribune* (June 4, 1922).

²⁸ "More Amusement for Uptown Chicago," *Chicago Tribune* (December 4, 1921).

Edward Oldefest and Theodore Williams established their firm in 1923 through a partnership swap: the former partners of both men—Donald Beck and William Whitney—formed their own firm the same year.²⁹ Oldefest and Williams received many commissions during the 1920s, a decade in which they specialized in the construction of high rise “apartment hotels” in downtown Chicago as well as low-rise commercial buildings with retail storefronts and offices above. Such buildings were typically sheathed in brick and/or terra cotta and featured detailing in a variety of architectural styles, such as English Gothic, Tudor, and Baroque. Oldefest and Williams designed their apartment buildings with units of varying sizes. Some of these buildings featured one-room units with kitchenettes that were intended for either bachelors or single women. One article titled, “Bachelor Maids to Have \$125,000 Hotel on Winthrop Avenue,” noted:

Harold P. Lynch, who operates the Sherwil bachelor hotel at Sheridan and Wilson, believes the unmarried ladies aren’t having a fair deal in the bachelor hotel building development of Chicago. He had plans drawn by Oldefest & Williams for a \$125,000 four-story hotel for unmarried males, to be known as the Wintrop hotel, at 5530 Winthrop avenue. Then he changed his mind and decided he would operate it as a hotel for unmarried women. It will have a lounging and reading room, with fireplace. There’ll be seventy-five guest rooms.³⁰

Low-rise retail/commercial buildings designed by Oldefest and Williams were typically located at prominent intersections in Chicago’s outlying neighborhoods. Many of these buildings were entirely sheathed in terra cotta, a popular building material that allowed for exuberant decorative possibilities. These include two buildings on West Devon Avenue—the Campbell-Devon Building (2501-05) and the North Town Recreation Building (2519-29)—which feature highly ornate ornamentation in the Baroque Revival style. Drawings of Oldefest and Williams-designed buildings were regularly published and written about in the *Chicago Tribune*.

Oldefest and Williams-designed building on the 2500 block of West Devon Ave., Chicago.

Many Oldefest and Williams-designed buildings in Chicago are extant and they contribute to the fabric of neighborhood commercial streetscapes in Chicago. Representative examples of their work include:

- 18-story apartment building at 1211 N. LaSalle Street (1929)
- 10-story apartment building at 1036 N. Dearborn (1924)
- 4-story apartment building at 5530 Winthrop Avenue (1923)
- 16-story apartment building at 211 East Delaware Place (1926)

²⁹ “News of the Architects,” *Chicago Tribune* (October 7, 1923).

³⁰ “Bachelor Maids to Have \$125,000 Hotel on Winthrop Avenue,” *Chicago Tribune* (December 2, 1923).

- 10-story apartment building at the southwest corner of Hazel avenue and Buena Park terrace (1927; razed)
- 8-story apartment building at 5820 Kenmore avenue in Edgewater (1928)
- 3-story retail/office building at the southeast corner of Milwaukee and Agatite avenues (1929)
- 2-story commercial building in 7445-7453 South Cottage Grove Avenue.
- House at 1132 Ash in Winnetka (1926)

Outside Illinois, Oldefest and Williams designed the massive, nine-story Alex Johnson Hotel in Rapid City, South Dakota, commissioned by its namesake, who was the Vice President of the Chicago and Northwestern Railroad. Construction began in 1927—the day before work began on Mount Rushmore—and it was intended to accommodate the anticipated influx of tourists visiting the monument and the surrounding landscape of the Black Hills.³¹ The recently renovated hotel has been a visual landmark in Rapid City since its completion in 1928 and it was featured in the 1959 Alfred Hitchcock movie, “North by Northwest.”

Exterior and interior view of the Oldefest and Williams-designed Alex Johnson Hotel in Rapid City, South Dakota.

Oldefest and Williams dissolved their firm at some point during the Depression of the 1930s, and both men then practiced independently. Theodore Williams served as an architect for William G. Ruggles Associates, an Evanston-based residential developer, in the late 1930s. Projects for this company in 1937 included the design of 14 modest houses in Peoria’s Forest Hills Subdivision, priced from \$7,500 to \$8,000, and twelve houses on the North Shore: four in Wilmette, four in Niles Center, three in Evanston, and one in Northfield, with prices ranging from \$8,000 to \$25,000.³² Theodore Williams died in 1948 at the age of 58.

³¹ “Plans Approved for Big Hotel Project at Rapid,” *The Daily Deadwood Pioneer-Times* (South Dakota) (May 19, 1927); “New Rapid City Hotel of Imposing Architecture,” *Argus-Leader* (Sioux Falls) (July 2, 1927).

³² “Evanston Firm Starts Building Homes in Peoria,” *Chicago Tribune* (January 10, 1937); “Begin \$200,000 Program,” *Chicago Tribune* (January 31, 1937).

Oldefest worked as an architect in Moline from 1940-42 and then became Chicago architect for the Socony Vacuum company.³³ He died in 1949 at the age of 65.

Landmark Status of the Property

The Cooke House is not a locally designated landmark or in a locally designated historic district. It is not listed individually on the National Register of Historic Places or in a National Register Historic District. It is not listed in the Illinois Historic Structures Survey conducted in the early 1970s.

Evaluation of Historic Significance

The house does not possess historic significance at a local, statewide, or national level. The historic (pre-1970) owners of this house were researched through a variety of sources, including the Chicago History Museum's online catalog; the newspapers.com database; the book titled, *Who's Who in Chicago and Vicinity* for varying years; and the Winnetka Historical Society's files. None of the owners were found to merit individual distinction. Although Leslie Cooke and John Dawson were both well-respected in their fields, it is not evident that either of them was an important person in national, state, or local history. No information was found relating the house to an historic event.

Evaluation of Architectural Significance

The Cooke House does not exemplify a specific architectural style, nor does it embody elements of design, detail, material, or craftsmanship of exceptional quality. The house features an eclectic array of stylistic features, including Spanish Mediterranean (stucco cladding; two round-arched doors, one with decorative iron grille; stone balconette; three decorative iron sconces); Italian Renaissance (overhanging eaves with scrolled brackets, multi-paned paired doors, flat clay roofing tiles); Colonial Revival (main block with wings, side-gable roof; symmetrical elevations; Palladian window; bay windows); and Neoclassical (garage pediment). It does not display the more distinctive visual features of any of those styles. Historic photos indicate that the house originally had more of a Colonial Revival flavor, with roof balustrades over the side wings and multi-paned windows, some of which appear to have been double-hung. (See two photos attached to the end of this report.)

However, the house does have statewide architectural significance as an unusual residential design by Oldefest and Williams (Edward G. Oldefest and Theodore S. Williams), a Chicago-based firm active in the 1920s that specialized in low-rise commercial buildings and high rise "apartment hotels." Their buildings—often sheathed or detailed in terra with profuse ornament in a variety of architectural styles—contribute to the fabric of commercial streetscapes in neighborhoods throughout Chicago, and in the central business district. Some of these buildings appear as visual landmarks in their surroundings due to their siting at prominent locations, such as the intersections of busy thoroughfares.

³³ "Death Occurs for Architect," *The Rock Island Argus* (January 21, 1949).

Evaluation of Neighborhood Impact

The Cooke House at 141 Sheridan Road is located on the east side of this thoroughfare, on the first block north of Winnetka's boundary line with Kenilworth. The character of the east side of Sheridan Road is very different from that of the west side. On the east side, homes are accessed via long private drives and generally situated on deep and expansive lots that stretch to the bluff overlooking Lake Michigan. As a result, houses are generally set back over 200 feet from Sheridan Road and barely visible, or not visible at all, from the public right-of-way. The lots on the west side are not nearly as deep and the houses upon them are set much closer to Sheridan Road and display similar setbacks. However, many of these houses are also barely visible from the public right-of-way due to stone walls and/or extensive foliage.

The Cooke House was built in 1923 near the bluff on what was then a much larger parcel that included Sheridan Road frontage. This expansive property was subdivided by owners John and Annie Dawson in 1954 into 4 lots, with two on the east (lake) side and two on the west (Sheridan Road) side. The northeast parcel occupied by the Cooke House became Lot 2 of the Dawsonia Subdivision. One-story Ranch houses were built on the southeast and southwest parcels (137 and 139 Sheridan) in 1955. The northwest parcel (143 Sheridan) remained vacant until 1997, when a two-story house was erected, blocking views of the Cooke House from Sheridan Road. The 1955 Ranch house at 139 Sheridan, located just south of the Cooke House, was recently razed and a two-story house is currently (July 2020) under construction. All four of these houses are accessed from Sheridan Road by the same private drive.

Private driveway from Sheridan Road that provides access to the Cooke House, which is not visible. To the right and left are the houses at 137 Sheridan and 143 Sheridan, respectively, which face each other.

The 100 block of Sheridan Road has no cohesive architectural character; its houses vary greatly in terms of architectural style, materials, massing, rooflines, construction dates, and setbacks. (See Attachment C: Neighborhood Character Table.) The block includes eight houses from the 1920s, one from the 1930s, one from the 1940s, four from the 1950s, and five built post-1990. The houses range from one- to two-and-a-half stories in height and feature a variety of architectural styles and cladding materials. Architectural styles on display include Colonial Revival, Tudor Revival, Gothic Revival, Mediterranean, Contemporary, and French Eclectic/Country. Massing is quite different as well, ranging from smaller-scale Ranch houses to massive estate houses. Although most houses face Sheridan Road, two of them—the houses at 137 and 143 Sheridan—face each other.

The Cooke House is set back over 200 feet from Sheridan Road, is fronted by another house (143 Sheridan) as well as trees and foliage, and it is not visible from the public right-of-way. It can

only be seen from its two neighboring houses on the bluff—139 Sheridan and 151 Sheridan—and from the house to the west, 143 Sheridan. As a result, only those homeowners would know if the Cooke House was demolished. It does not contribute to a cohesive grouping of houses, since none were conceived in relation to each other and all display vastly different styles, materials, massing, rooflines, construction dates and setbacks. Five of the nineteen houses on the 100 block of Sheridan Road were constructed post-1997. As a result, it is determined that the demolition of the house at 141 Sheridan Road would not have a negative impact on the existing character of the neighborhood.

Person Responsible for Performing the Study

Jean L. Guarino, Ph.D., has worked as an independent architectural historian since 1998, documenting hundreds of buildings through local and national landmark nominations, architectural survey work, and Historic American Buildings Survey (HABS) projects. She has also developed over a dozen HABS reports for houses in Winnetka. Clients include architectural firms, non-profit organizations, development firms, and municipalities, including the City of Chicago. She is the co-author of a book titled, *Benjamin H. Marshall, Chicago Architect* (Acanthus Press, 2016), and a contributor to the book titled, *Art Deco Chicago* (Yale University Press, 2011).

FOR 22D STREET AND AUSTIN BOULEVARD

Oldefest & Williams designed the above building, on which work has started at the northeast corner of 22d street and Austin boulevard. Details were given in the real estate column on Nov. 11. Among leases closed for space in the new structure are those to the Hartman Furniture and Carpet company, the Feltman & Curme shoe stores, and the Walgreen company. The Lovell & Rosner company was the broker in the purchase of the site. Lawrence Monberg made this rendering. It is stated the investment in land and building will be 1,000,000.

Drawing of Oldefest and Williams-designed commercial building at the northeast corner of Cicero and Austin (razed). Source: *Chicago Tribune*, November 17, 1929.

AT MILWAUKEE AND AGATITE

This building is under construction at the southeast corner of Milwaukee and Agatite avenues, from plans by Oldefest & Williams. The project is owned by a syndicate headed by M. F. Schigone and William H. Hoops. The North Town Builders and Finance corporation has the general contract. Lawrence Monberg made the picture.

Village of Winnetka – Department of Community Development
510 Green Bay Road
Winnetka, Illinois 60093

We have reviewed Dr. Guarino's very thorough research and assessment of the property at 141 Sheridan Road. While our findings also indicated that no significant events took place at the property and the sole significance of the individuals who lived there were their respective accomplishments in their fields of work, our original assessment that the property holds *some* architectural and historical significance remains. Dr. Guarino's more in-depth assessment of the architectural style and the architects themselves further highlights the significance of these architects' work.

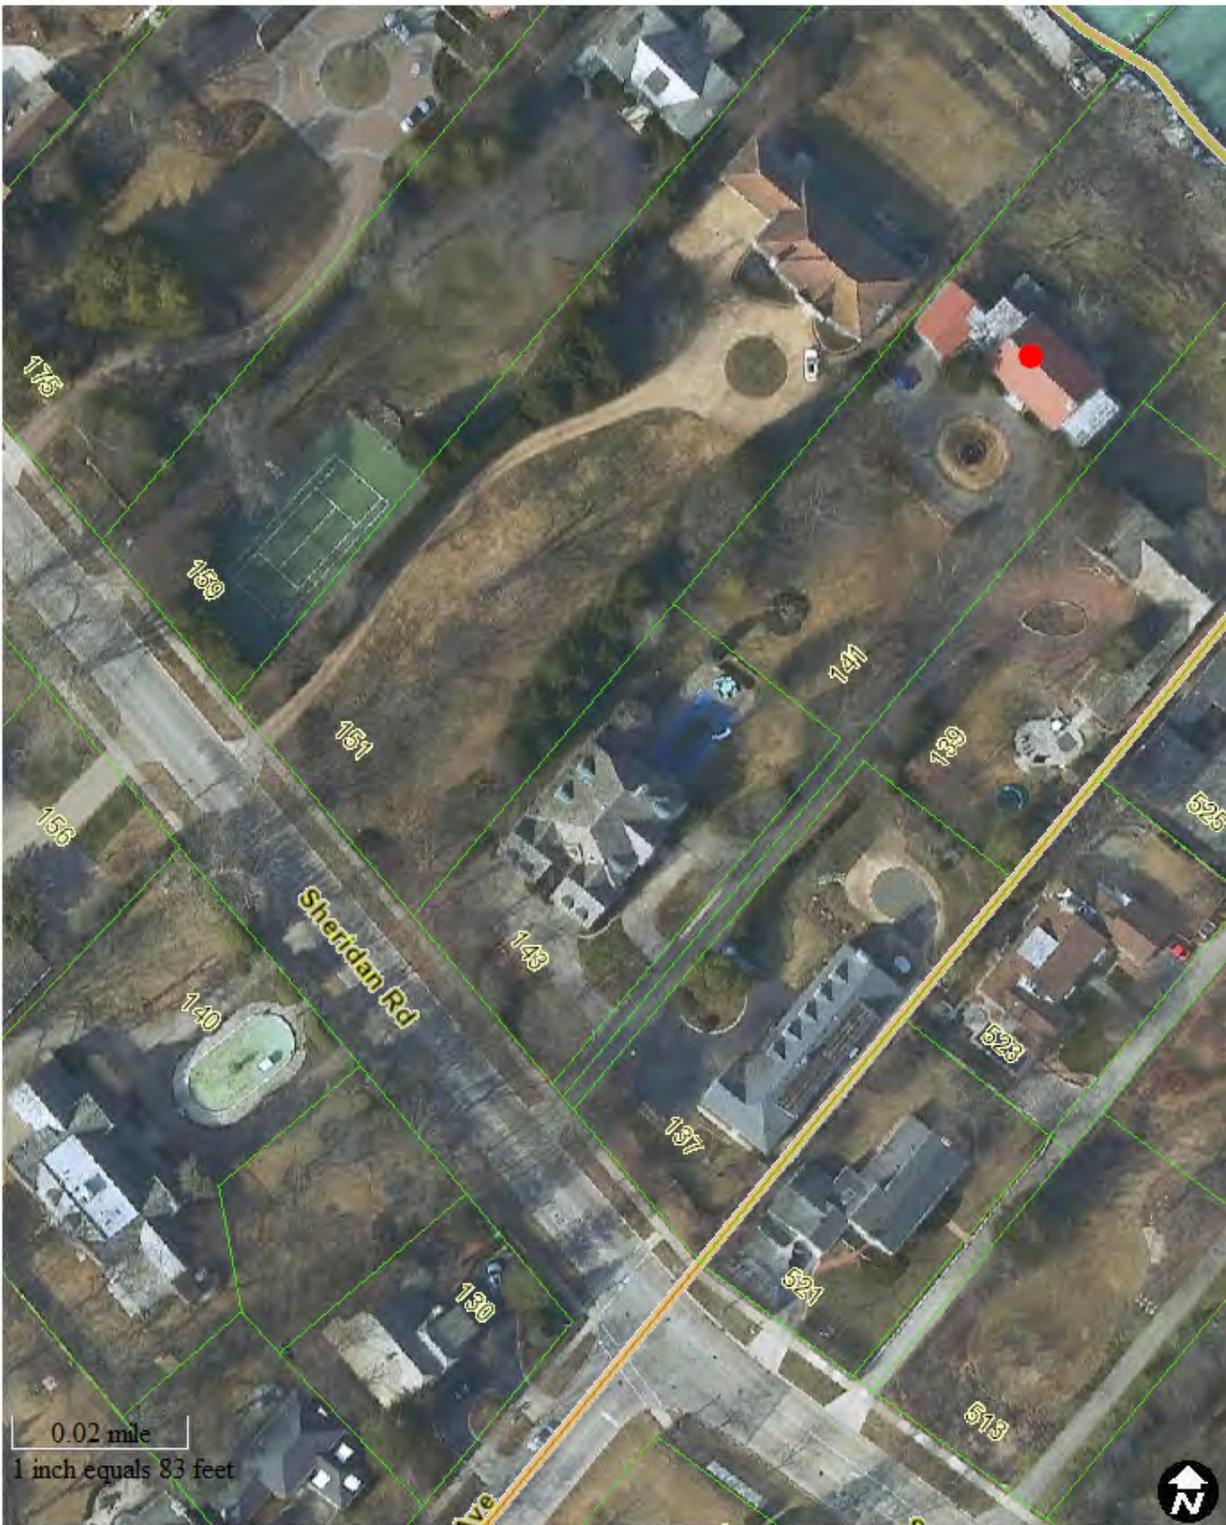

In addition, as this report points out, while the architectural style is not unusual for these architects or for the time period in which it was constructed, it is representative and therefore holds some historical value. In short, we understand the position of the report and appreciate how the additional research led to the report's conclusion, but we are not comfortable stating that the property has **no** historical or architectural value.

Sincerely,

Meagan McChesney, PhD
Curator

Mary Trieschmann, MSED
Executive Director

**MEMORANDUM
VILLAGE OF WINNETKA**

COMMUNITY DEVELOPMENT DEPARTMENT

TO: WINNETKA HISTORICAL SOCIETY
FROM: CHRISTOPHER MARX, AICP, ASSOCIATE PLANNER
DATE: JUNE 5, 2020
SUBJECT: CASE NO. 20-14: 141 SHERIDAN ROAD

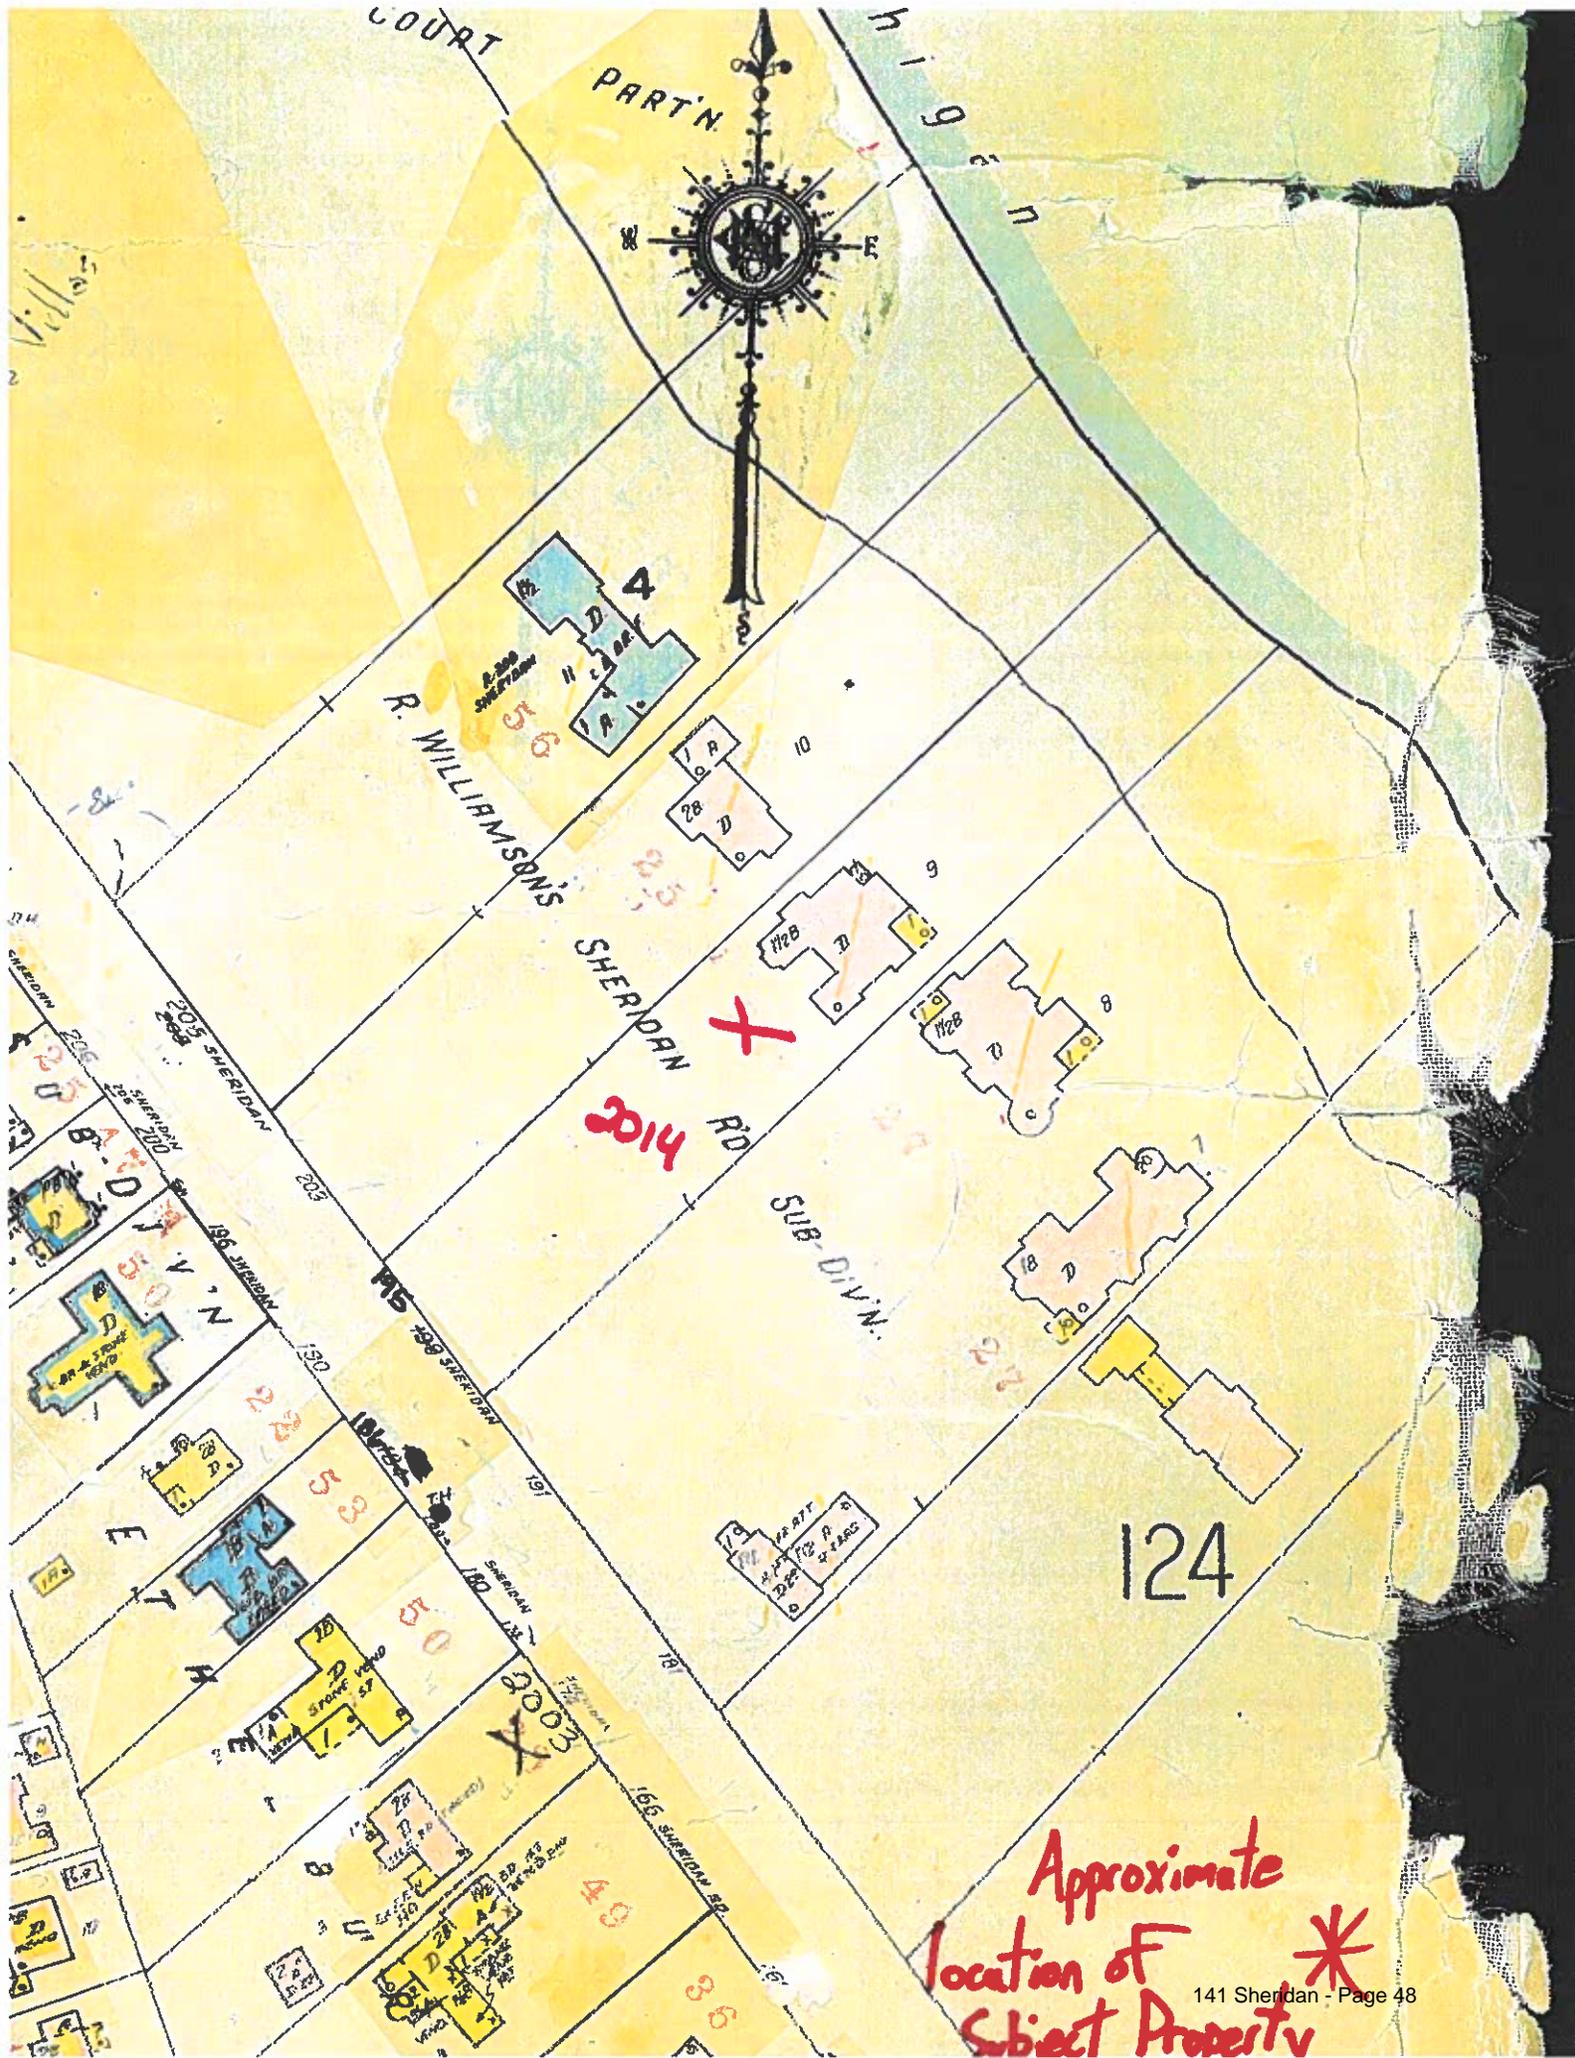

INTRODUCTION

On July 6, 2020, the Landmark Preservation Commission (LPC) will consider a request to demolish the residence located at 141 Sheridan Road. Please return any available information regarding the architectural and historical significance of the structure to my attention by the end of the day on Monday, June 22, 2020. Given the circumstances of social distancing recommendations, a digital reply is preferred. Please send any replies or questions to my email at cmarx@winnetka.org. I can be reached by phone at (847) 716-3587.

WINNETKA HISTORICAL SOCIETY HOUSE RESEARCH WORKSHEET

ADDRESS: 141 Sheridan

CONSTRUCTION DETAILS

ORIGINAL CONSTRUCTION DATE: 1923

CONSTRUCTION TYPE: Stucco

STYLE: Colonial; Mediterranean

OWNERSHIP HISTORY:

OWNER NAME	DATES OCCUPIED	INFORMATION ATTACHED	SIGNIFICANCE
Leslie L. and Kathleen Bernice Cooke	1922/3 – approx. 1950	Winnetka Architectural Survey; 1926 phone book; previous WHS research sheet; Winnetka Talk obituary	Leslie Cooke was the founder of LL Cooke School of Electricity, former president of the Chicago Engineering Works, board member of Hadley School for the Blind; son married Consuela Cuneo, millionaire founder of printing firm; Leslie was a veteran and fought at Iwo Jima on the Pacific front in WWII.
John A. and Annie Dawson	Approx. 1950 – 1978	Winnetka Architectural Survey; Winnetka Talk obituary; Chicago Tribune article	John Dawson was the president of John A. Dawson and co. (an investment firm at 1 LaSalle in Chicago), member of the Midwest Stock Exchange, president of the Illinois Sons of the Revolution, member of Chicago Crime Commission, member of the British American Trade Association, president of the Chicago Baptist Association, 1968 Winnetka Christmas Seal chairman, and chairman of the Board of Trustees at Judson College in Elgin
Robert and Patricia Cavallino	1978 – 2019	Winnetka Architectural Survey; materials from house file; Cook County Assessor; Chicago Tribune article	Dr. Robert Cavallino was the chairman of Illinois Masonic's Department of Radiology; radiology specialist in Winnetka

SIGNIFICANT EVENTS ON PROPERTY:

According to an architectural survey performed in the 1980s, a large willow tree on the bluff was used as a Native American meeting place.

ARCHITECTS:

ARCHITECT NAME	DATE AND DESCRIPTION	INFORMATION
-----------------------	-----------------------------	--------------------

	OF PROJECT	ATTACHED
E.J. Oldefest (Likely E.G. Oldefest, Edward George Oldefest)	1923; Build and stucco residence, garage attached	<i>Construction News</i> , November 9, 1912; web information on Edward Oldefest buildings; National Register building information; obituary
Todd Hodgdon (possibly Hodgdon?)	1928; Tile and build and stucco added to residence	

RESEARCH SOURCES USED:

House files, Cook County Assessor, Chicago Tribune, Winnetka Talk, North Shore phone books, FindaGrave.com, NPS National Register information database, Google search

Date of Research: June 11, 2020

Our research indicates that 141 Sheridan does have some historical and architectural significance. The original architect of the house was E.G. Oldefest, an accomplished Cook County architect of Oldefest & Williams who was also responsible for LaSalle Towers, the Cass Hotel, and the Delaware Apartments in Chicago in the 1920s (all buildings still standing). In addition, Oldefest was the architect of the Delta Kappa Epsilon Fraternity House at the University of Illinois-Urbana/Champaign, which was listed on the National Register of Historic Places in 1990. In addition, the house has been home to several prominent Winnetka residents, including Leslie L. Cooke, founder of LL Cooke School of Electricity, former president of the Chicago Engineering Works, and board member of Hadley School for the Blind. Other former residents include John A. Dawson, known investor, and Dr. Robert Cavallino, prominent Winnetka radiologist.

[Obituaries]

LESLIE L. COOKE

Leslie L. Cooke, 66, founder of the L. L. Cooke School of Electricity and retired president of the Chicago Engineering Works, died June 4 in the Evanston hospital. An alumnus of Purdue, he had resided at his home at 141 Sheridan road, Winnetka, for 22 years.

Mr. Cooke was a former president of the Western Golf Association and was a member of the board of the United States Golf Association. He was also a trustee of the National Caddie fund which awards scholarships for Northwestern to deserving caddies.

A member of the board of the Hadley School for the Blind, he was a life member of the Art Institute and the Chicago Historical Society. Among the many clubs that he belonged to were Exmoor Country club, Bob 'o' Link, and the Chicago Athletic club.

Mr. Cooke was extremely interested in pre-Colombian and Aztec antiquity. At the present time his collection is on exhibit at New Trier High school.

Surviving are his wife, Kathleen Bernice Cooke, and four children, Leslie L. Jr., Thomas W., James M., and Beverly Kathleen.

CHARLES GILBERT PARKS

Memorial services for Charles Gilbert Parks, who died Sunday at the age of 60 at his home, 1100 Pine street, Winnetka, were held on Wednesday afternoon at 2 o'clock in Christ church in Winnetka. Mr. Parks, who lived in Winnetka for 19 years, was born in Dixon Ill., on July 21, 1885, and was a former resident of Evanston and Chicago. He was vice-president and manager of the American Linen Supply company in Chicago. He is survived by his wife, Maybel Harding Parks, and a daughter, Patricia.

WILLIAM R. REITHEIMER

Funeral services were to be held this (Thursday) afternoon in Woodstock for William Robert Reithimer, aged 60, who died Sunday on his farm near there. He was a former resident of Winnetka. His widow, a son, and four daughters

Lake Shore drive in Chicago. The Rev. Stanley Stevens, associate Minister of the Winnetka Congregational church, conducted services Monday in the children's chapel of the church and burial was in Memorial Park cemetery.

Mr. Clabaugh, who was born in Talladega, Ala., was head of the federal bureau of investigation in this area during World War I and was a former head of the state board of pardons and paroles. He began his career as an investigator for a senate committee in 1909 and entered the F. B. I. in May, 1910. Appointed assistant superintendent of the Chicago office in 1911, he opened the Cincinnati (Ohio) office of the bureau in 1913, and, the following year, was named assistant superintendent in New York. In 1926, he became head of the state board of pardons and paroles, leaving the position in September of 1929 to become associated as an industrial engineer with several utility firms in Chicago and northern Illinois. In September of 1944, he became head of the Chicago office of the F. B. I.

He is survived by three children, Lt. Hinton G. Clabaugh, Jr., stationed with the Navy in Washington, D. C.; George Francis Clabaugh of Winnetka; and Mrs. Milton Emrich of 127 Bertling lane, Winnetka.

LESLIE L. COOKE

Leslie L. Cooke, 66, retired mechanical engineer and founder and former head of the L. L. Cooke school of Electricity, died Tuesday morning in the Evanston hospital. His home, which he built 18 years ago, was at 141 Sheridan road, Winnetka.

Surviving are his wife, Bernice; a daughter, Beverly Kathleen; three sons, Leslie L. Jr., Thomas W., and James M.; and two brothers, T. G. Cooke of Kenilworth, and B. W. Cooke of Glencoe.

Mr. Cooke was well known for his work as president of the Western Golfers' association, director of the National Golf association and director of the Chick Evans foundation scholarship for caddies. Among the many clubs he belonged to were the Chicago Athletic association and Bob 'o' Link.

The funeral was held at 10 o'clock Thursday morning at SS. Faith, Ridge road, Winnetka.

a tentative program will be prepared by Lauer. It is planned to start the program Saturday, June 15. Details as formulated will be announced in a later issue.

It should be emphasized, however, that there is plenty of room at the Playfield for all those who want to play, both young and old. Four diamonds are available at the present time, and more can be added as needed. Those interested are advised to watch for later announcements regarding the program.

MOVE FROM WINNETKA

Mr. and Mrs. Frederick Dietz and their children, Frederick Jr., Dorothea, and Mary, moved last week from 942 Spruce street, Winnetka, to the garage apartment at 411 Lakeside terrace, Glencoe. Frederick will attend New Trier High school next year. Dorothea is a student at Skokie school and Mary attends Crow Island.

New residents in Winnetka are Mr. and Mrs. Charles Garlinghouse, who moved last week to their newly purchased home at 942 Spruce street, Winnetka. The Garlinghouses have a three and a half months daughter Gail. Mrs. Garlinghouse is the daughter of Mr. and Mrs. Bruno Menzen of 916 Ash street, Winnetka.

SARAH JANE HAMMOND

Funeral services for Mrs. Sarah Jane Holmes Hammond, 1487 Edgewood lane, Hubbard Woods, who passed away on Memorial day, were conducted Monday afternoon in Evanston by the Rev. Samuel Harkness. Interment was at Mt. Hope cemetery. A granddaughter, Mrs. Buell Herman, with whom she made her home, survives.

MRS. IRA GUILFORD LEE

Mrs. Ethel Heaford Lee, of 813 Michigan avenue, Wilmette, a resident of the village since 1930, died Saturday afternoon at Evanston hospital after a brief illness. She was the wife of Ira Guilford Lee, her only survivor. Born in Kentucky, Mrs. Lee was treasurer of the Chicago Wellesley club and was interested in activities of the Society for the Prevention of Cruelty to Animals. Services were held Tuesday afternoon at Scott's Wilmette chapel with interment in Memorial Park cemetery.

those of upper floors on account of greater accessibility. Light is very seldom important in warehouses and in some cases is detrimental. The building frequently covers the entire land, no light courts being necessary.

Cold storage warehouses located near commission sections and used for the storage and preservation of provisions at low temperature require elaborate refrigerating plants in addition to insulated floors, ceilings and partitions, dividing the building into the requisite number of apartments.

Warehouses for the storage of household goods may be located conveniently to well built up residence sections; as in all buildings for the storage of goods, economy of service in the receiving and shipping of goods are essentials and proper service entrances and driveways, freight elevators, and other aids to efficient service should be provided. Freight elevators in the newer storage warehouses frequently deliver a wagon load of goods on any floor of the building.

The added cost of building of fire-resisting materials is not great in this class, especially where the floors have to carry heavy weights; and fireproof buildings will generally be found commercially beneficial on account of the greatly increased fire hazard and consequent high insurance rates in buildings of ordinary construction.

Licensed to Practice Architecture.

Peter B. Wight, secretary of the State Board of Examiners of Architects, announces that the following candidates for license to practice architecture in Illinois were in attendance at the examinations held at the University of Illinois, Urbana, October 15, 16 and 17, and were passed at a meeting held November 1, all having received an average of 70 per cent or more. They passed in the following order and will receive licenses on payment of the license fee: Fermor S. Cannon, Indianapolis, Ind.; Howard L. Cheney, Parker N. Berry, Edgar H. Lawrence, Ralph H. Oliver, Morton Levinton, Louis E. Langille, Edward G. Oldefest, Frederick Scholer, Pierce Anderson, Chicago; Henry C. Dangler, Lake Forest, Ill.; Henry J. B. Hoskins, Harry L. Lane, Harold Holmes, Howard J. White, Earl R. Math, Arnold A. Angell, Carl N. Hawkinson, Chicago; Joseph C. Cowell, Peoria, Ill.; Alfred E. Manierre, John N. Coleman, Ewald F. Bargman, Chicago; S. Arthur Wager, Waterloo, Iowa; Richard W. Bayley, Albert C. McArthur, Edward D. Shank, Ralph C. Harris, Raymond W. Flinn, Victor R. Sladek, John Slovinez, Chicago.

The following were authorized to receive licenses at the meeting held November 1: Hubert Burnham, Chicago; Fred R. Dewend, Moline, Ill.; Ralph Arnold, Sioux City, Iowa; Eli Christianson, Chicago; Frederick Johnck, Chicago; E. Norman Brydges, Elmhurst, Ill.

Painting Concrete.

The publication in Daily Consular and Trade Reports for January 3, 1912, of an article on building methods in Hamburg prompts inquiry in regard to the class of paint used on cement structures in Germany. It is claimed that large amounts of money are expended in the United States in painting cement and concrete, with unsatisfactory results, the paint either peeling or discoloring rapidly.

According to information obtained from builders and architects, the principal precautions taken in northern Germany to prevent the peeling of all paints is to defer their application until the cement is quite dry. When it is intended to apply color on outside walls which are still damp, water paints are used which are weatherproof and which can be washed if necessary. These colors, necessarily, are not impervious to moisture.

In his textbook for 1910 Dr. Glinzer, director of the State Building School in Hamburg, says that to make oil paint adhere to cement the surface of the material should be coated with diluted sulphuric acid (1 part concentrated acid to 100 parts of water), which afterwards must be washed off and the surface allowed to dry. Or the surface may be covered with diluted silicate of soda (water-glass), the solution to be 1 to 3 or 1 to 4, and applied three times in succession. Still another method is to apply two coats of building "flatt" at least 24 hours apart. Practical builders state, however, that the applications of sulphuric acid are not made by them, and that such success as they have results merely from careful work and the use of good materials.

Dr. Glinzer also says that oil paint should be applied to cement in this manner: The surface is given one coating of linseed oil varnish, to which is added a first coat of white lead when the varnish is dry. A second coat is then added, also containing white lead together with more or less coloring matter, as the buildings laws forbid the use of absolutely white paint on the exterior of structures. In this climate the use of oil paints is recommended, as they are waterproof and present smooth surfaces which attract a minimum of dirt. Painting according to this method costs here about 10 cents per square yard.

The water colors so frequently used in Germany as a rule have silicate of soda as their base. These colors can be used on cement, plaster of Paris, brick or glass. Liquid casein paints are easily worked and are said to be durable. The discoloration of cement buildings results very frequently from the class of cement employed rather than from the color applied afterwards.

Whistler and the Steps.

In an English book recently published the following story is told of Whistler: He was dining with George Boughton, the painter, whose house was designed by Norman Shaw. This house was beautiful, but unusual. As

Notes for Leslie L. & Consuela (Family)

<http://archives.chicagotribune.com/1952/06/28/page/15/article/miss-consuela-cuneo-wed-to-l-l-cooke-jr#text>
Miss Consuela Cuneo Wed to L. L. Cooke Jr.

The marriage of Consuela Cuneo, 19, daughter of Mr. and Mrs. John F. Cuneo, to Leslie Lyman Cooke Jr., of Winnetka, was announced yesterday by Mr. Cuneo, millionaire printing firm head, and Mrs. Cuneo. The announcement simply stated the wedding took place on June 24 and that the couple was leaving last night for an extended honeymoon.

Rumors of the wedding have had North Shore society agog since Wednesday when it was learned the couple had driven in Consuela's car to Little Rock, Ark., where they obtained a license and were married by a justice of peace in a nearby town.

The Cuneo family refused to comment on the rumors when questioned by the press. Relatives of the Cooke family, likewise secretive, disclosed yesterday that the newlyweds had returned here by plane the following day but did not attend the debut that night of Cooke's sister, Beverly, at the family estate at 141 Sheridan rd. in Winnetka. Friends of both families said the elopement came as a complete surprise. The bride had been engaged to Lt. J. Channon Bowes of Highland Park, serving aboard the aircraft carrier Wasp, now cruising in the Mediterranean.

Their engagement was announced last New Years day at a dinner at the Cuneo home, Hawthorne Farms, Libertyville.

The bridegroom, an Insurance broker, was previously married to Pamela Churchill Watson, member of a prominent North Shore family. They were divorced recently. They have one child. Cooke is the son of the late Leslie Cooke, founder of an electrical engineering college. He served in five major engagements with the marine corps in the Pacific and was wounded at Iwo Jima.

John A. Dawson

John A. Dawson of Wilmette died Oct. 20 in Evanston Hospital. Mr. Dawson, 75, was investor and lay leader of the Baptist church. He had formerly lived in Winnetka.

He was president of John A. Dawson and Co. and a prominent member of the Midwest Stock Exchange from 1950-71. A graduate of Northwestern University, he was later awarded an honorary law degree by the school.

Mr. Dawson was past president and former chairman of the board of the North Shore Baptist Church in Chicago. He was also a member of numerous religious and civic organizations, past president of the Chicago Baptist Assn. and American Baptist Convention and world chairman of the men's department of the Baptist World Alliance.

He was also a member of the Chicago Crime Commission and British-American Trade Assn.

In 1966, Mr. Dawson was elected a trustee of the Baptist Theological Union at the University of Chicago.

He also was chairman of the board of trustees of Judson College in Elgin, where he and his wife donated a set of carillon bells in 1968. The John A. Dawson Alumni Athletic Field at Judson was named in his honor and he was the donor of the annual most valuable wrestler award. His interest was in the development of the college sports program.

He was a charter member of Boy Scout Troop 801 at North Shore Baptist Church and was honored at the 50th anniversary of the troop in 1967.

In 1968, he was Winnetka's Christmas Seal chairman and had collected Christmas Seals from the original in 1907.

He is survived by his wife, Annie; two daughters, Ann Stanton and Mary MacKinnon; a son, John H., and a brother, Wilbur H.

Services were conducted at the North Shore Baptist Church. Burial was private.

Margerie Cooke McBride

Margerie Cooke McBride of Wilmette died Oct. 20 at Bethany Terrace Nursing Home in Morton Grove. Mrs. McBride, 81, was born in Aledo, Ill., and was a resident of Wilmette for 10 years.

She was the daughter of the late George Anderson Cooke, former Illinois Supreme Court Justice and prominent Chicago lawyer.

Her husband, Robert Porter McBride, died in 1962.

She is survived by three sons, William C. of Deerfield, Robert C. of Wilmette and George A.C. of Park Ridge; seven grandchildren; four great grandchildren, and a brother, George Blee Cooke of Sun City, Ariz.

Services were conducted Oct. 21 by the

Rev. Warren Sigwalt, chaplain of Bethany Terrace, at the Scott Wilmette Chapel, and Oct. 22 in Aledo. Burial was in Aledo Cemetery.

Arnold W. Kruse

Arnold W. Kruse, a former resident of Tinley Park, died Oct. 16 in Miami Beach. He was 90.

Survivors include a grandson, Dr. Lance Kruse, a dentist, of Northfield; two sisters, Berniece Baer and Elsie Scholz, both of Milwaukee, and a granddaughter, Sandra O'Neill.

Services were held Oct. 20 in the Donnellan, Fitzgerald, Franklin Funeral Home in Skokie. Burial was in Memorial Park Cemetery, Skokie.

Wayne R. Tuveson

Wayne R. Tuveson of Wilmette died Oct. 21 at Evanston Hospital. Mr. Tuveson, 41, owned a building contracting firm for the past four years.

Born in Evanston, Mr. Tuveson was an 11-year resident of Wilmette.

He is survived by his wife, Linda; three children, Tracie, Torrie and Timmy; his mother, Ingrid Hanson, and four sisters, Ruth Paver, Lee Demma, Ellinor Neiveern and Joann Rach.

Services were conducted Oct. 24 by the Rev. Paul Lowly of the Trinity Church of the North Shore at the Scott Wilmette Chapel. Burial was private.

David A. Steel

David A. Steel of Gary, Ind., father of a former Kenilworth and Wilmette resident, died Oct. 17 in Gary. Mr. Steel, 85, was editor of a trade magazine. He was born in Canada.

He is survived by his wife, Kathleen; two daughters, Ann Anderson, formerly of Kenilworth and Wilmette, and Ruth Wilson; seven grandchildren, and four great-grandchildren.

Graveside services were conducted Oct. 20 by the Rev. Dr. Gilbert Bowen of Kenilworth Union Church at Memorial Park Cemetery in Skokie.

Mary R. McPheron

Mary R. McPheron of Des Plaines, formerly of Evanston, died Oct. 15 in Lutheran General Hospital in Park Ridge. Mrs. McPheron 72, was the widow of the late James.

She is survived by six sons, James and Lynn of Chicago, Robert of Des Plaines, Ronald of Mount Prospect, John of Palm Springs, Cal., and Thoms of Grand Rapids, Mich.; two daughters, Marion Baumgart of Des Plaines and Beatrice Borre of Wilmette; 22 grandchildren; two sisters, Beatrice Huber of Evanston and Margaret Ryder of County Mayo, Ireland; and a brother, Thomas Lavin of Justice, Ill.

The requiem mass was said Oct. 19 at St. Mary's Church in Des Plaines. Burial was in All Saints Cemetery in Des Plaines.

Mary Elizabeth (Lib) Miller

Services will be conducted at 1:30 p.m. today (Oct. 25) for Mary Elizabeth (Lib) Miller at the Scott Wilmette Chapel. Mrs. Miller, 79, of Kenilworth died Oct. 22 at Normandy House in Wilmette. She was born in Cadiz, Ky., and had lived in Wilmette for many years before moving to Kenilworth 18 years ago.

She is survived by her husband, Lloyd D.; three daughters, Martha Van Petten of Lewes, Del., Barbara M. Anderson of Fox River Grove and Gay Popp of Northbrook.

COMPETENCE

Equally important with prompt, experienced assistance and affordable cost is professional competence established through more than 115 years of Furth service to the Jewish community.

A NEW INSIDE LOOK

Paul Galloway, CHICAGO TRIBUNE

April 27, 1987

Dr. Harold Friedman peered at the computer screen. "Well," he said, "this proves conclusively that you have a brain."

Friedman was engaging in doctor humor as he studied pictures of some of my most intimate private parts--my cerebrum, my cerebellum, my brain stem and other things I hadn't previously had the opportunity to see on a video display terminal.

I laughed politely. It's always a good idea to laugh at doctors' jokes.

Friedman was among a number of physicians and technicians who were standing in a dimly lighted room, staring at a computer-generated cross-section of my brain, viewed from the left profile, which is not my better side. In the picture's less-than-vivid shades of gray, it looked a little like a chunk of eroded limestone.

If I wasn't impressed, the experts were. They seemed, in fact, as giddy as a bunch of teenage boys who'd happened across one of Hugh Hefner's old photo albums.

While they were discussing how terrific everything had turned out, I noticed something that didn't look quite right.

What's that little dark space in the middle? I asked.

Actually, to me the dark space seemed alarmingly large. Shaped like a horizontal Lake Michigan, it gave the impression of a black void, an emptiness that you would expect and hope to be packed with good ol' gray matter, the

stuff we rely on for finding our house keys, remembering our Social Security numbers and attempting to write halfway decent newspaper feature stories.

"That`s cerebral spinal fluid," Friedman said. He explained that it protected and lubricated the brain and spinal cord.

It appeared to me that my cranium was awash in this substance, and sure enough, when I shook my head and listened closely, I could hear a faint sloshing sound.

Someone pushed a button, and the picture on the screen changed to another angle, this time looking down from the top of the head.

"That`s a nice shot," Friedman said. "Look, you can see your eyes and the optic muscles."

From this perspective my eyeballs resembled a pair of fat Concord grapes, with several tiny lines--the optic muscles--running from them and converging a couple of inches farther back.

The portraits of my brain were the product of Magnetic Resonance Imaging (MRI), one of those modern medical marvels that seem to be invented every other month.

I had gone to the Illinois Masonic Medical Center, which has one of five MRI units in Chicago, so I could report on what it`s like to be

"photographed" by this new technology.

"You can`t get this kind of detail with a CT scan," said Friedman, chief of neuro-radiology at Illinois Masonic, referring to computed axial tomography, an earlier marvel that`s still going strong.

Both CT and MRI are advanced diagnostic techniques that enable doctors to get a look into almost every cranny and nook of the body without having to slice their way in with sharp instruments and poke around.

A major difference between the two is that CT scanners (sometimes called CAT scanners) use radiation to get their pictures and MRI units employ electromagnetism.

Each approach has its pluses and minuses, but MRI's advantages are significant. It generally provides clearer, more detailed images; by making incisions and radiation unnecessary, it avoids the risk of infection or harm from radiation. Both approaches are absolutely painless.

The MRI process has come into its own within this decade, and in the last three years, its growth has been dramatic.

Dr. Robert P. Cavallino, chairman of Illinois Masonic's department of radiology, said that the number of U.S. hospitals and clinics with MRI units has gone from about 200 in 1985 to between 350 and 450 this year. "We think in five or six years, every 500-bed hospital will have three or four," he said.

--

Because of its safety and painlessness, I was downright jaunty when I arrived for my MRI appointment on a recent Thursday morning.

It was also easy to be cavalier because I was neither injured nor ill. For those who need treatment or surgery, MRI can be a boon, but I was fortunate enough to be here only for a shake-out demonstration before the official opening this month.

Illinois Masonic's MRI facility is a one-story brick building across the street from the medical center's main complex at 836 W. Wellington Ave.

Cavallino told me there would be a slight delay because "a famous hockey player is in there having his knees examined."

No kidding, I said. And who would that be?

"Daryl Sutter," he said.

Ah, yes. The captain of the Black Hawks.

Having Sutter examined this way, Cavallino said, was an example of why MRI is so valuable. Before MRI, the normal procedure for checking for possible cartilage and ligament damage to knees or other joints would have been to use arthroscopy or an arthrogram.

In the first instance, you make an incision, stick a tube in and look around with an arthroscope, similar to a miniature camera; the other procedure involves making an incision, injecting a dye and then taking X-rays.

Cavallino again emphasized MRI's benefits--elimination of the risks from radiation or infection and a better picture.

I asked how MRI worked. I still don't quite get it, but here are my notes:

The core is a 7-ton magnet. Costs about \$500,000. Capable of exerting 10,000 times or more the gravitational force of the Earth. Contains metal coil made of niobium-titanium alloy, superconductor of electricity.

Magnet supercooled by inner jacket of liquid helium. Temperature of helium only slightly above absolute zero (minus 459.69 degrees Fahrenheit). Outer jacket holds liquid nitrogen (at about minus 260 degrees). Electric current is sent through magnet. Flows endlessly, without resistance and without loss of heat or power, thanks to superconductivity and supercoolant.

Magnet, enveloped by coolant jackets, encircles subject. As electric current flows, technicians send radio frequency through magnetic field. This causes hydrogen atoms in body, standing at attention like soldiers, to

"flip" 90 degrees. That is, to fall over and lie down. Subject is bombarded by radio frequency several minutes, then it's turned off. Each hydrogen atom returns, at its own rate, to original upright position. In the process, each gives off electrical charge or signal. Computer picks up each signal and assigns a specific shade, ranging from black to white. Presto, you have your image.

Sounds as though the MRI could make the CT scan obsolete, I said.

Cavallino said this wasn't so. "The CT scan is still the tool of choice for most emergency patients," he said. "It's much, much faster." He also named several other situations in which a CT scan might be preferable.

The cost of CT equipment is also less, both for a hospital and a patient. "A CT unit costs from \$400,000 to \$900,000," Cavallino said. "An MRI facility costs about \$2.5 million."

A CT scan for an individual, he said, costs \$400 to \$600; an MRI session is \$100 to \$150 more.

But its quality and safety have made MRI a key element of the radiologist's options. "With its ability to noninvasively view soft tissue structures with clarity," says an article in the April issue of Diagnostic Imaging magazine, "MRI is considered by many to be the best at imaging the central nervous system and spinal cord and in screening prostate, uterine and bladder cancers."

"It's become the definitive test for multiple sclerosis," Cavallino said. "None, in fact, existed until MRI."

"The CT scan is defeated by bone," Friedman said, "but bone is transparent in MRI."

Magnetic imaging also has reduced the need for myelograms, in which dye is injected in the spinal cord and X-rays taken. In this case, it's also less costly, Cavallino said, for a myelogram can cost \$2,000 to \$3,000.

--

After completing the examination, Sutter and Dr. Louis Kolb, team physician for the Black Hawks, entered the waiting room.

Sutter said that the experience had been painless, as advertised, but that he had felt some anxiety from the close quarters, a tinge of

claustrophobia during the hourlong test.

It was my turn. Dorothy Smith, manager of the MRI facility, asked me to remove my watch and wallet. Displaying my own marvelous wit, I said her approach certainly was more direct than most doctors and hospitals use.

Smith, somehow able to suppress her amusement, said she had my best interests at heart, the electromagnet being powerful enough to ruin a watch and erase the magnetic coding on credit cards.

She then read a questionnaire to probe for potential hazards. If you have a pacemaker, for example, you shouldn't undergo magnetic imaging; surgical implants and prostheses also are problematical.

Cavallino led me into the room where the MRI unit is housed. The unit is about 8 feet long and 7 feet in diameter and encased in beige plastic. In the center is a narrow circular opening about 2 feet in diameter, where I was to go.

Cavallino took a heavy chain, doubled it and moved toward the unit to demonstrate the force of the magnetic field. As he got within a couple of feet, the chain jumped straight out, almost parallel to the floor, as if Cavallino were a magician performing a trick.

Next, I hopped up on a stretcher-like affair, lying on my back. Technician Kathy Dumas put a Velcro strap across my forehead to remind me to lie perfectly still, my arms were strapped lightly to my sides and a cushion was slipped under my knees for comfort.

Finally, a plastic head coil, which would receive the radio waves, was placed around my head, without touching it. (There are coils designed for each area of the body.)

Dumas used a laser to center the coil, had me put some plugs in my ears, then slid my stretcher into the hole, like a submariner loading a torpedo tube.

Inside, I felt an initial wave of distress. The metal walls were extremely confining, and someone with claustrophobia would have problems. I found myself wishing that I`d picked up a mantra sometime in the `70s; any kind of meditation would be helpful.

I closed my eyes and began to relax and daydream. Dumas warned me about some noise I`d soon be hearing. In a few seconds, there was the muffled sound of a hammer striking metal, then, quickly, another. It was a tuning of the radio waves.

I heard Dumas say a sustained 5-minute pounding would follow, then another. The earplugs worked, and it wasn` t bad.

In less than half an hour, I was gazing at the images of my brain on the computer.

--

At present, Cavallino said, four Chicago hospitals have in-house MRI units-- the University of Illinois Hospital, Northwestern Memorial Hospital, Rush-Presbyterian-St. Luke`s Medical Center and one shared by Mercy and Michael Reese hospitals.

"The federal government allows the states to decide whether to put restrictions on expensive, high-tech medical equipment," he said. "For this reason, the number of MRI units varies widely from city to city. The latest figures I've seen has Boston with three MRI's and San Francisco with 48. That's because California has no limits and Massachusetts does.

"In Illinois," Cavallino continued, "we have an arbitrarily imposed threshold. If a hospital had as many as 4,500 CT patients the previous year, it's eligible to be issued a `certificate of need` for an MRI unit."

The intent is to hold down medical costs by limiting these big-ticket items, and MRI is definitely expensive; it costs almost \$300 an hour just to keep a unit "idling," without patients. "But restrictions don't work in the long run," Cavallino said, "because if you build a better mousetrap, people will beat a path to your door."

A problem in imposing limits on such equipment, he said, is malpractice suits. Cavallino cited a recent article in Diagnostic Imaging magazine, which notes: "Failure to recommend the appropriate radiologic study to establish a definitive diagnosis is one of the most common sources of litigation for imaging physicians. In some patients, failure to recommend an MRI study may become grounds for malpractice."

Although Illinois Masonic didn't have the required number of CT patients to qualify for an in-house MRI unit, it has been able to install its unit in an outpatient facility because the state exempts such programs.

"Our hospital recognized that MRI is essential, and we don't agree with the state on limiting this equipment," Cavallino said. "Under current state law, the only way we could use this technique was in a privately owned outpatient unit, so we've set up a limited partnership of some physicians and private investors with NMR of America, the manufacturer.

"The hospital is the third part of a triumvirate that owns and leases the property and equipment. We are also applying for a certificate of need with two other hospitals so that we can use MRI on hospital patients who need it.

"Right now, if we get someone who, let`s say, has been injured in an auto accident and is hemorrhaging in the spinal cord, the law requires us to transport him to Rush-Presbyterian or Northwestern for MRI rather than to use our out-patient unit.

"The trip to those hospitals would risk aggravating the injury, and we`ll break the law to give this person the best treatment."

Many people probably are of two minds on this matter--100 percent for controlling and reducing the costs of medical care and 100 percent for getting the best treatment for themselves that`s possible. Sometimes these two viewpoints collide, resulting in acute contradictory headaches.

But when push comes to shove on the question of what to do about MRI, you can bet that proponents of magnetic imaging are going to have a lot of pull with the decision-makers. That`s a joke.

S. A. R. RE-ELECTS JOHN A. DAWSON AS PRESIDENT

John A. Dawson of Wilmette, head of an investment house, has

been reelected president of Illinois Society of the Sons of the American Revolution. The society will celebrate the 60th year of its organization next month. New vice presidents are Orville Taylor, 219 Lake Shore

E. G. OLDEFEST, ARCHITECT, DIES

Funeral Services for Member of Well-Known Family to Be in Moline.

Edward G. Oldefest, Chicago architect and member of a well-known Moline family, died as a result of a heart ailment in St. Luke's hospital, Chicago, Mr. Oldefest, who was 65 years old, had been ill of a heart ailment for about two weeks. Mr. Oldefest resided in Moline during the Christmas holidays.

From 1910 to 1912, Mr. Oldefest practiced his profession in Moline and then became Chicago architect for the busy Christmas season.

Edward Oldefest was born in Moline on April 27, 1882, a son of Mr. and Mrs. George Oldefest. His father was for many years active in Riverdale matters.

After he was graduated from Moline high school Mr. Oldefest attended the University of Illinois, from which he received a degree in architectural engineering in 1908. He then became an architect in Chicago, where he had worked except for the period from 1912 to 1915.

Mr. Oldefest never married. He was a member of Delta Kappa Epsilon fraternity at Illinois and of the American Architectural society. Surviving are a sister, Clara M. Oldefest, two brothers, Henry M. Oldefest and Barry F. Oldefest, and three nephews and a niece, all of Moline.

Burial in Moline.
Funeral services and burial will be in Moline. The body will arrive here tomorrow and will be taken to Woodlawn funeral home. Time and other details of the services will be announced tomorrow.

Added by Bob & AJ

Edward G. Oldefest graduated from the University of Illinois with a degree in architecture in 1906 and received his license to practice in 1913. He designed several homes and commercial buildings in Chicago and was a partner in the firm of Oldefest and Williams. He was a member of the American Institute of Architects from 1929 until his death. He was also a member of the Chicago Architectural Club.

There is also information that he wrote musical compositions for theatre productions as an alumni of the university.

(information from the Alumni magazine of the University of Illinois and several landmark designation reports for buildings of his that were up for historic designation.)

Name: Edward Oldefest

DEPARTMENT OF COMMUNITY DEVELOPMENT

DEMOLITION APPLICATION

Permit No. DP 2020-399

Property Information

Site Address: 141 Sheridan Road
Parcel Identification Number(s) (PIN): 05-22-100-053-0000
Description of all structures to be demolished: House and attached Garage

Current Property Owner Information

Legal Name: LAND TRUST # 8002381727
Primary Contact: JACK McDONAGH
Address: [REDACTED]
City, State, Zip: WILMETTE IL 60091
Phone No. [REDACTED]
Email: [REDACTED]
Date owner acquired property: 9/17/19

Applicant Information

Legal Name: H. Gary Frank Architects
Primary Contact: Gary Frank
Address: 523 Chestnut
City, State, Zip: Winnetka, IL 60093
Phone No. 847-421-4212
Email: Gary@hgaryfrankarchitects.com

Applicant's relationship to current property owner:

(if contract purchaser, attach copy of executed purchase agreement)

Contractor Information *(if known, otherwise indicate "not known")*

Legal Name: _____
Address: _____

Property Maintenance Requirements

During processing of the demolition permit, it is important that the owner and contractor maintain the property in accordance with the Village Property Maintenance Code to avoid generation of nuisances. Accordingly, the following minimum requirements shall be adhered to:

- Grass shall be mowed and maintained at a height not to exceed 8 inches.
- Garbage, yard waste, miscellaneous rubbish, mail, and debris shall be removed from the property and not allowed to accumulate.
- Building(s) shall be secured (doors and windows in working order, closed and locked).
- No demolition or removal of building components may commence until the demolition permit has been issued. Commencement of demolition prior to issuance of permit will result in a Stop Work Order and double permit fees for all subsequent permits
- Approved tree fencing protections must be installed as directed by Village Forester prior to commencement of demolition. Lack of tree fencing will result in Stop Work Order and fines.

____ (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related ordinances and regulations of the Village of Winnetka, and ____ (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties in a good, safe and clean condition.

Printed Name: H. Gary Frank

Owner Signature: _____ Date: 5/20/20

Printed Name: JOHN F McDONAGH III

Acknowledgement of Owner and Applicant Property Maintenance Responsibilities

I hereby acknowledge that in submitting the attached application for demolition, the subject property is and will continue to be maintained in accordance to all requirements of the Winnetka Village Code, including but not limited to the following specific standards:

- Grass is, and shall be, mowed and maintained at a height not to exceed 8 inches;
- Garbage, yard waste, miscellaneous rubbish, and debris have been removed from the property and will not be allowed to accumulate;
- Building(s) shall be secured (doors and windows in working order, closed and locked).

MEMORANDUM VILLAGE OF WINNETKA

COMMUNITY DEVELOPMENT DEPARTMENT

TO: LANDMARK PRESERVATION COMMISSION
FROM: CHRISTOPHER, MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 28, 2020
SUBJECT: CASE NO. 20-14-LPC: 250 RIDGE AVENUE - DEMOLITION PERMIT

INTRODUCTION

INTRODUCTION	
Meeting Date	August 3, 2020
Commission Action	Preliminary historical and architectural review to determine if a Historical Architectural Impact Study (HAIS) is necessary or if a demolition permit can be issued without delay.
Property Address	250 Ridge Avenue (See Attachment A – Aerial Map)
Property Owner	Dorothy and Steve Balz
Application Submitted by	Tom Corbett (See Attachment D - Application)
Mail Notice Sent to Property Owners within 250 feet	Completed
Public Comments as Date of Memo	None
PROPERTY DESCRIPTION	
Size	0.21 acres
Location	West side of Ridge, between Mount Pleasant and Sunset
Improvements	Single-family residence with attached garage
Zoning	R-4 Single Family Residential
Surrounding Zoning	R-4 Single Family Residential, R-3 Single Family Residential, R-2 Single Family Residential
PROPERTY HISTORY	
	See Attachment B, Preliminary Property History See Attachment C, WHS Report
Constructed	Prior to 1920, exact date uncertain, possibly 1909.
Additional Construction Activity	1920 – stucco garage 1937 – frame and stucco addition, 1969 – alterations to residence
Winnetka Historical Society	The WHS research does not indicate that the Subject Property has any historical or architectural significance. While the property is over 100 years old and has been home to several long-time Winnetka residents, there is not any indication that the property maintains any particular significant architectural details representative of the time in which it was built. There is little information available regarding the architects or former residents.

• Historical Significance	Several longtime residents, little available information
• Architectural Significance	Architect for later additions - Leo Gonsalves, Otis & Assoc.
NEIGHBORHOOD CONSTRUCTION ACTIVITY	
Other Permits for New Single-Family Homes on Same Block (either side of the right-of-way block face and/or along the alley)	None
Director's 60-Day Delay Due to Construction Activity	Delay is not necessary to prevent undue congestion and noise impacts in the neighborhood.

COMMISSION REVIEW

The Commission may consider one of the following two motions (1) Historical Architectural Impact Study Required or (2) Demolition Without Delay.

Historical Architectural Impact Study Required

The Commission finds that based upon the (1) preliminary property history study, (2) the Winnetka Historical Society comments, and (3) other information, comments, or evidence received by the LPC during its preliminary review **that the building and/or property is of sufficient historic or architectural merit to warrant conducting a Historical Architectural Impact Study (HAIS) prior to issuance of the demolition permit.** The Commission reached its conclusion based upon the property meeting the following criteria [Commission would note which criteria is met]:

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

Demolition Without Delay

The Commission has determined that in accordance with Section 15.52.040 of the Village Code that the building and/or property is not of sufficient historic or architectural merit to warrant a Historical Architectural Impact Study, and the demolition of the structure may proceed without delay.

DATE: JULY 14, 2020
SUBJECT: CASE NO. 20-15: 250 RIDGE AVENUE

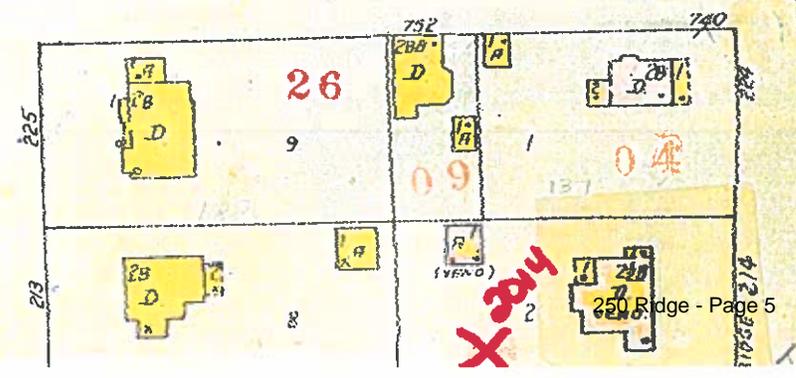

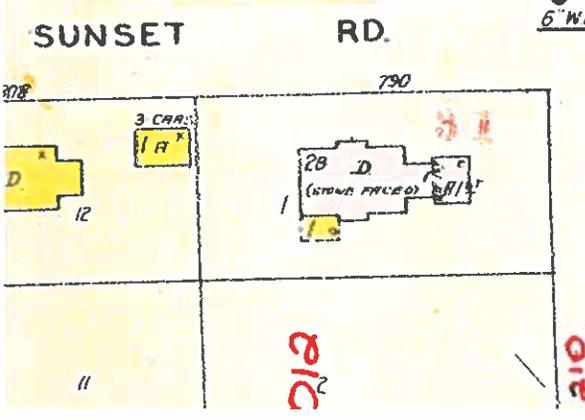

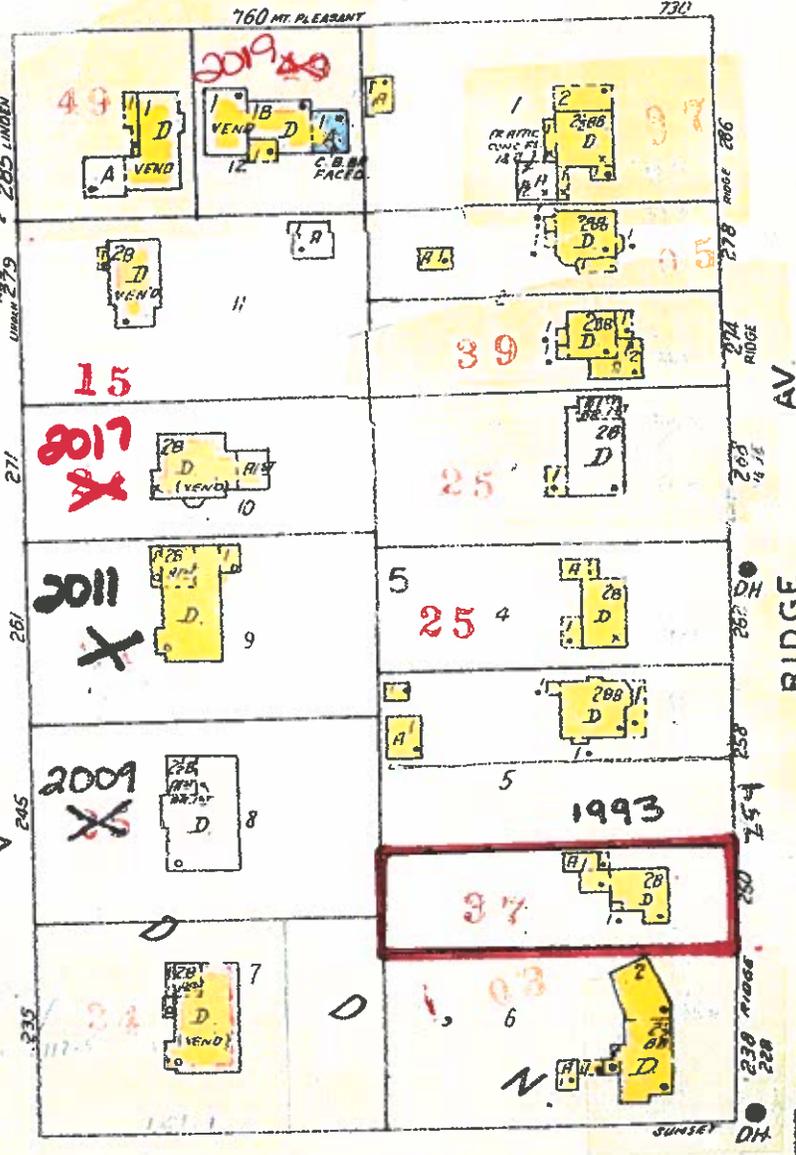

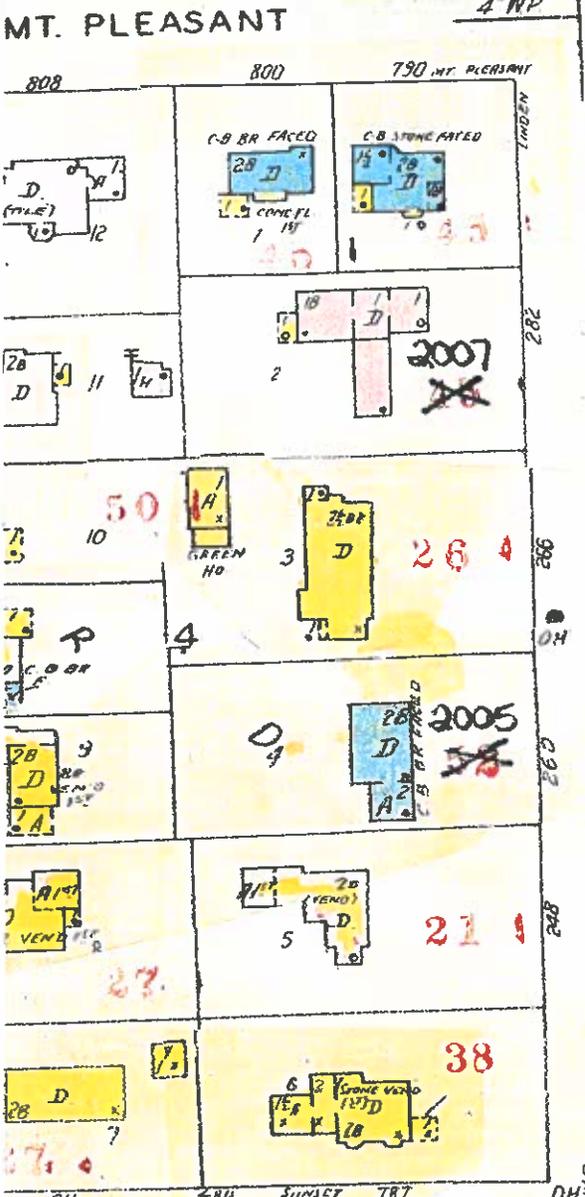

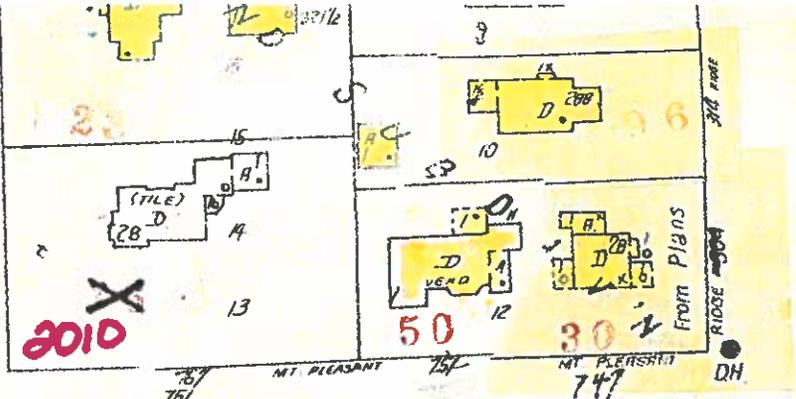

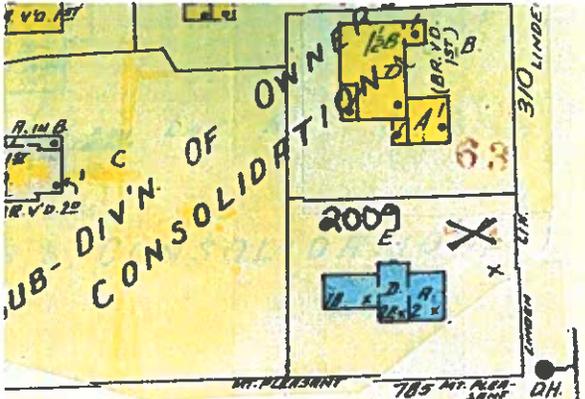

INTRODUCTION

On August 3, 2020, the Landmark Preservation Commission (LPC) will consider a request to demolish the residence and attached garage located at 250 Ridge Avenue. Please return any available information regarding the architectural and historical significance of the structure to my attention by the end of the day on Tuesday, July 14, 2020. If you have any questions please feel free to send an email to cmarx@winnetka.org or call me at (847) 716-3587.

RESEARCH SOURCES USED:

Phone books, PastPerfect Database, house files, Google search, Ancestry.com, Proquest, Winnetka Talk obituaries

Date of Research: 7/21/2020

Our research does not indicate that 250 Ridge has historical or architectural significance. While the property is over 100 years old and has been home to several long-time Winnetka residents, we did not find any indication that the property maintains any particular significant architectural details representative of the time in which it was built. In addition, little information is available regarding the architects or former residents.

[Obituaries]

INANDA M. EDWARDS

Mrs. Inanda Edwards, 80, wife of the late Knute E. Edwards, died suddenly Monday night. Mrs. Edwards, who resided at 250 Ridge avenue, Winnetka, is survived by her daughter, Mrs. Oakley Kissam Brown. Born in Manitowoc, Wis., she had lived in Chicago and the North Shore suburbs for the past 60 years. Dr. Harrison Ray Anderson, pastor of the Fourth Presbyterian church of Chicago, of which she was a member, will officiate at services to be held at 11 tomorrow (Friday) at the John Timothy Stone chapel of that church. Interment will be at Rosehill.

CATHERINE HUERTER

VILLAGE OF WINNETKA, ILLINOIS
DEPARTMENT OF COMMUNITY DEVELOPMENT

DEMOLITION APPLICATION

Permit No. _____

Property Information

Site Address: 250 RIDGE AVENUE

Parcel Identification Number(s) (PIN): 05-20-406-015-0000

Description of all structures to be demolished: SINGLE FAMILY HOME

Current Property Owner Information

Legal Name: DOROTHY BALZ

Applicant Information

ORCHARD GLEN HOMES, LLC
Legal Name: _____

Primary Contact: STEVE BALZ

Primary Contact: TOM CORBETT

Address: _____

Address: 1939 WAUWATONIA RD, SUITE 210

City, State, Zip: WINNETKA, IL 60093

City, State, Zip: GLENVIEW, IL 60025

Phone No. _____

Phone No. 847-508-5611

Email: _____

Email: _____

Date owner acquired property: 1968

Applicant's relationship to current property owner: CONTRACT PURCHASER

(If contract purchaser, attach copy of executed purchase agreement)

Contractor Information (If known, otherwise indicate "not known")

Legal Name: SANCAS APPLICATOR

Address: _____

City, State, ZIP: _____

Phone No. _____

Email: _____

Property Maintenance Requirements

During processing of the demolition permit, it is important that the owner and contractor maintain the property in accordance with the Village Property Maintenance Code to avoid generation of nuisances. Accordingly, the following minimum requirements shall be adhered to:

- Grass shall be mowed and maintained at a height not to exceed 8 inches.
- Garbage, yard waste, miscellaneous rubbish, mail, and debris shall be removed from the property and not allowed to accumulate.
- Building(s) shall be secured (doors and windows in working order, closed and locked).
- No demolition or removal of building components may commence until the demolition permit has been issued. Commencement of demolition prior to issuance of permit will result in a Stop Work Order and double permit fees for all subsequent permits
- Approved tree fencing protections must be installed as directed by Village Forester prior to commencement of demolition. Lack of tree fencing will result in Stop Work Order and fines.

____ (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related ordinances and regulations of the Village of Winnetka, and ____ (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties in a good, safe and clean condition.

Acknowledgement of Owner and Applicant Property Maintenance Responsibilities

I hereby acknowledge that in submitting the attached application for demolition, the subject property is and will continue to be maintained in accordance to all requirements of the Winnetka Village Code, including but not limited to the following specific standards:

- Grass is, and shall be, mowed and maintained at a height not to exceed 8 inches;
- Garbage, yard waste, miscellaneous rubbish, and debris have been removed from the property and will not be allowed to accumulate;
- Building(s) shall be secured (doors and windows in working order, closed and locked).

MEMORANDUM VILLAGE OF WINNETKA

COMMUNITY DEVELOPMENT DEPARTMENT

TO: LANDMARK PRESERVATION COMMISSION
FROM: CHRISTOPHER, MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 28, 2020
SUBJECT: CASE NO. 20-15-LPC: 385 ROSEWOOD AVENUE - DEMOLITION PERMIT

INTRODUCTION

INTRODUCTION	
Meeting Date	August 3, 2020
Commission Action	Preliminary historical and architectural review to determine if a Historical Architectural Impact Study (HAIS) is necessary or if a demolition permit can be issued without delay.
Property Address	385 Rosewood Avenue (See Attachment A – Aerial Map)
Property Owner	James Oraha
Application Submitted by	James Oraha (See Attachment - Application)
Mail Notice Sent to Property Owners within 250 feet	Completed
Public Comments as Date of Memo	Email – Steve Scherer
PROPERTY DESCRIPTION	
Size	0.2 acres
Location	East side of Rosewood between Willow and Ash
Improvements	Single-family residence with detached garage
Zoning	R-5 Single Family Residential
Surrounding Zoning	R-5 Single Family Residential
PROPERTY HISTORY	
	See Attachment B, Preliminary Property History See Attachment C, WHS Report
Constructed	Uncertain, possibly 1920
Additional Construction Activity	1923 – frame two story addition, 1951 – construct two-car garage
Winnetka Historical Society	The WHS research does not indicate that the Subject Property has any historical or architectural significance. There is very little information about the property and its former residents available.
<ul style="list-style-type: none"> • Historical Significance • Architectural Significance 	<ul style="list-style-type: none"> Multiple owners, very little available information Architect for later additions – John Fouka

NEIGHBORHOOD CONSTRUCTION ACTIVITY	
Other Permits for New Single-Family Homes on Same Block (either side of the right-of-way block face and/or along the alley)	None
Director’s 60-Day Delay Due to Construction Activity	Delay is not necessary to prevent undue congestion and noise impacts in the neighborhood.

COMMISSION REVIEW

The Commission may consider one of the following two motions (1) Historical Architectural Impact Study Required or (2) Demolition Without Delay.

Historical Architectural Impact Study Required

The Commission finds that based upon the (1) preliminary property history study, (2) the Winnetka Historical Society comments, and (3) other information, comments, or evidence received by the LPC during its preliminary review **that the building and/or property is of sufficient historic or architectural merit to warrant conducting a Historical Architectural Impact Study (HAIS) prior to issuance of the demolition permit.** The Commission reached its conclusion based upon the property meeting the following criteria **[Commission would note which criteria is met]:**

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

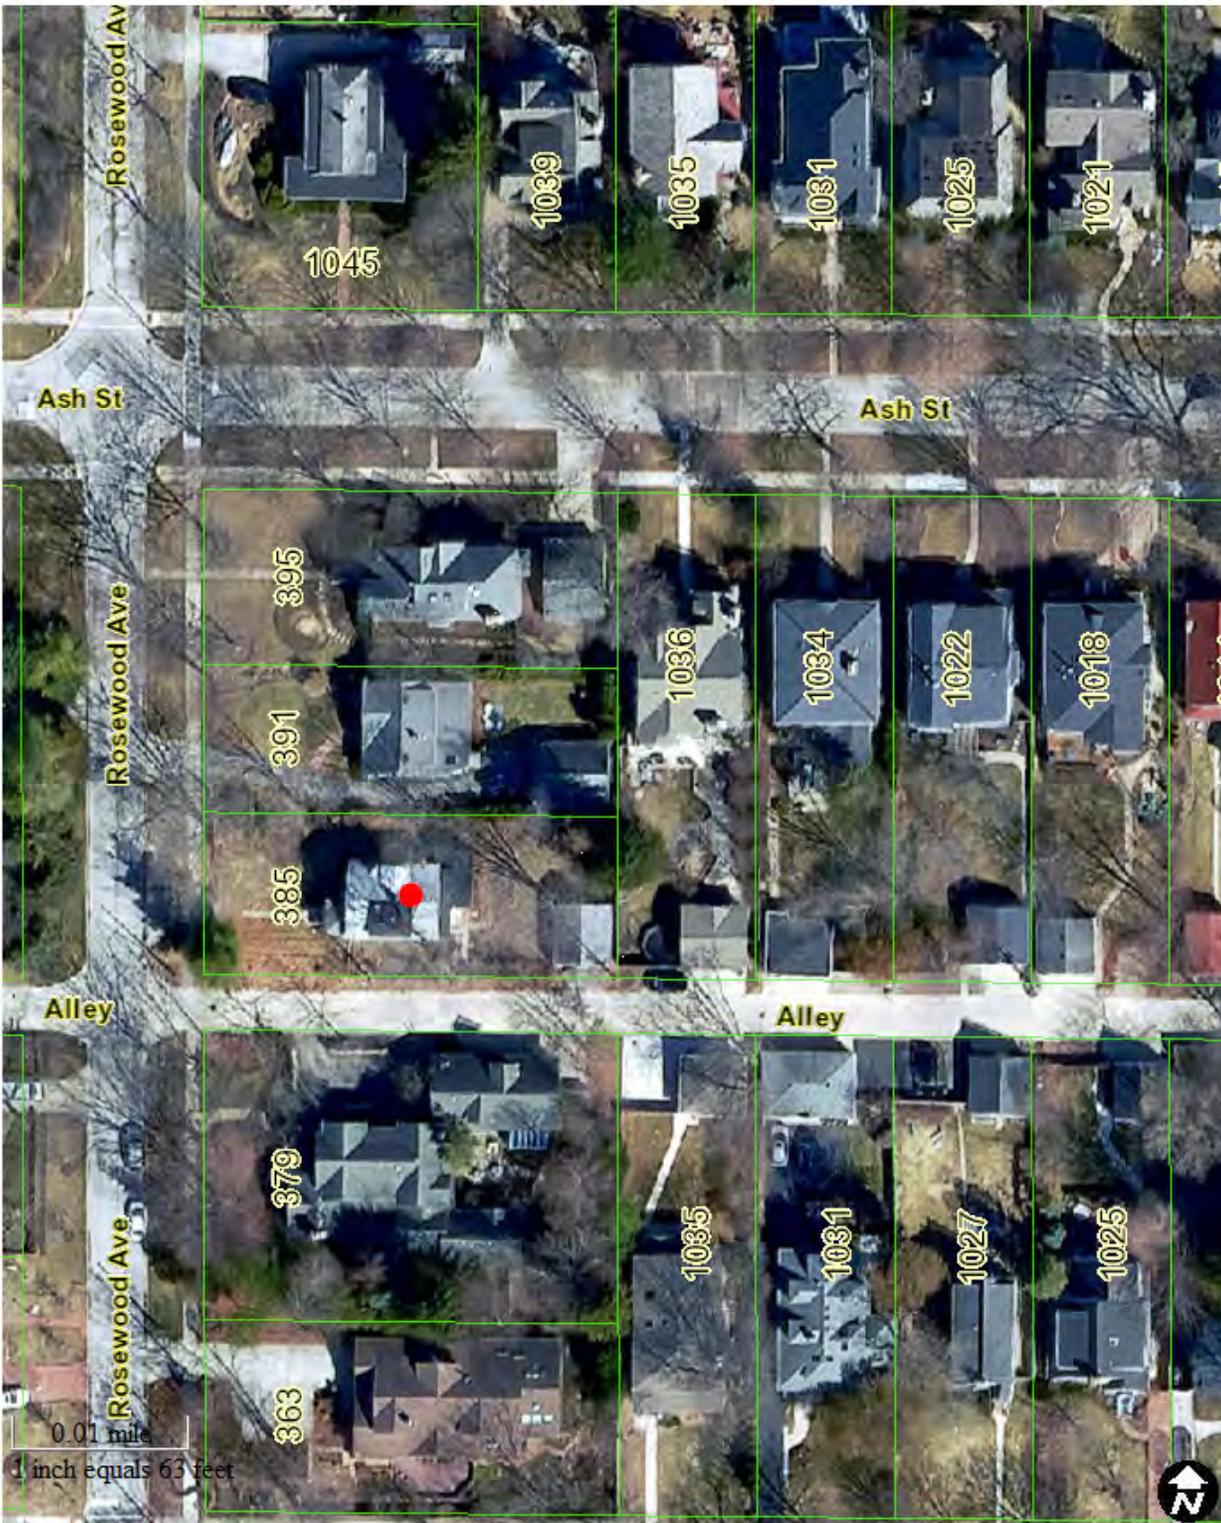

Demolition Without Delay

The Commission has determined that in accordance with Section 15.52.040 of the Village Code that the building and/or property is not of sufficient historic or architectural merit to warrant a Historical Architectural Impact Study, and the demolition of the structure may proceed without delay.

VILLAGE OF WINNETKA**

COMMUNITY DEVELOPMENT DEPARTMENT

TO: WINNETKA HISTORICAL SOCIETY
FROM: CHRISTOPHER MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 14, 2020
SUBJECT: CASE NO. 20-15: 385 ROSEWOOD AVENUE

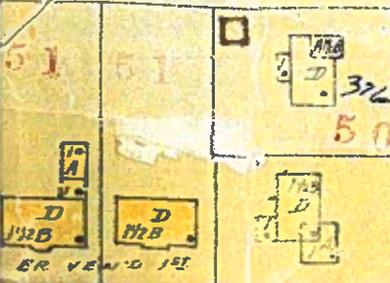

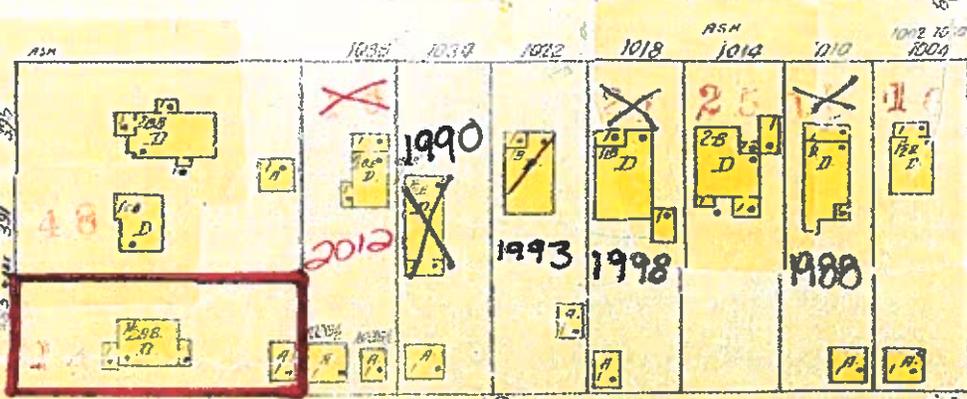

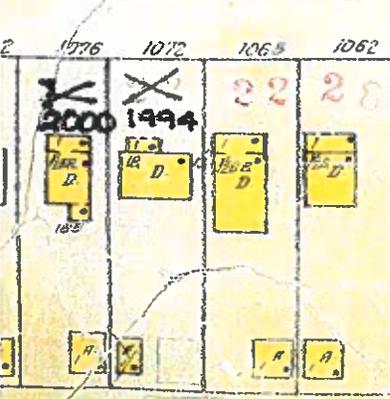

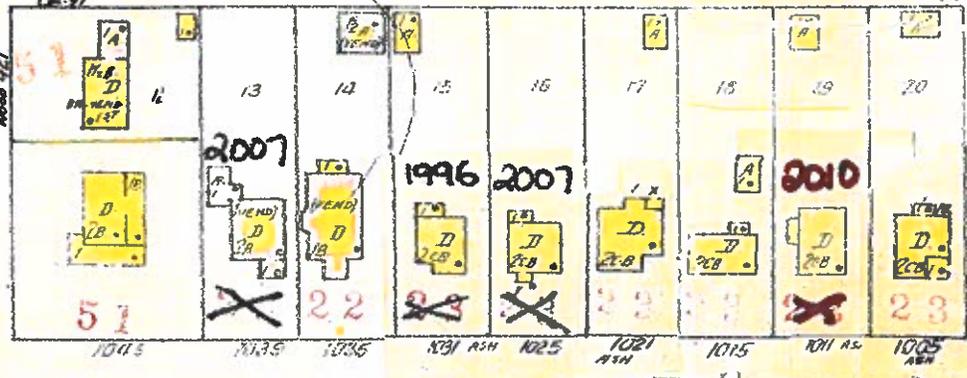

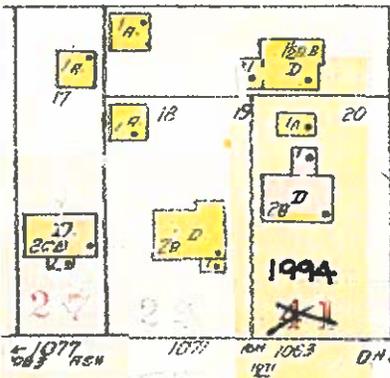

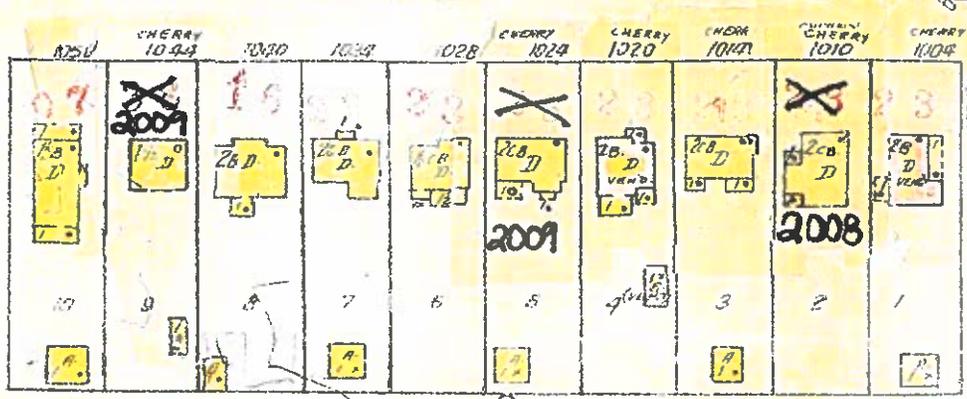

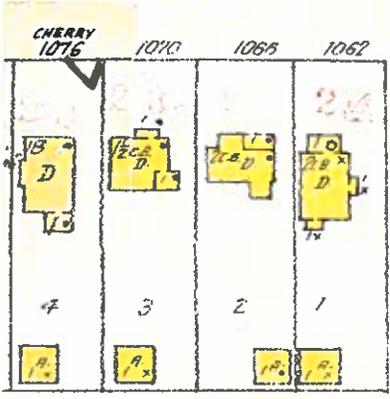

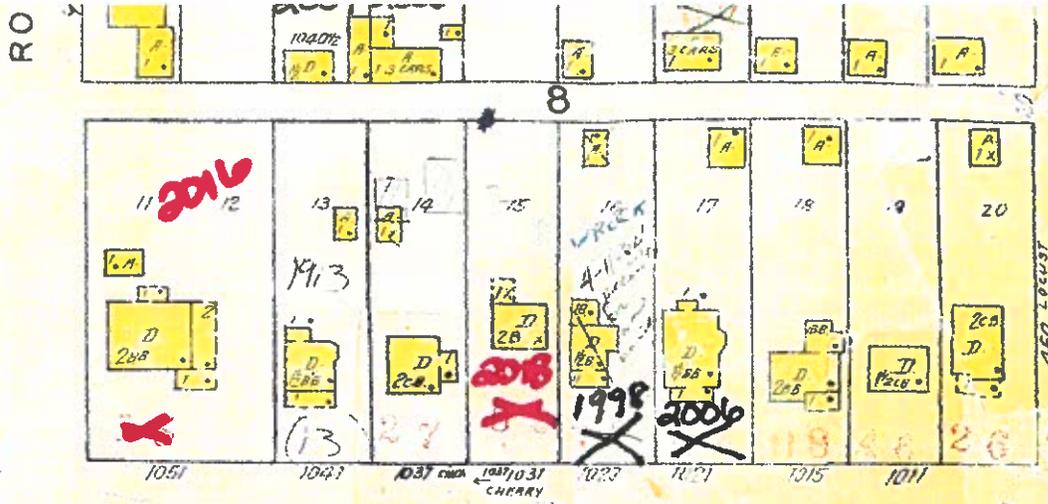

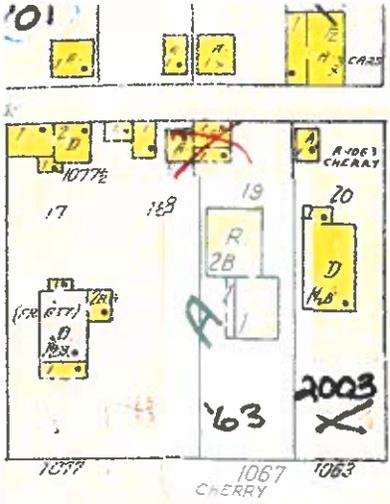

INTRODUCTION

On August 3, 2020, the Landmark Preservation Commission (LPC) will consider a request to demolish the residence and detached garage located at 385 Rosewood Avenue. Please return any available information regarding the architectural and historical significance of the structure to my attention by the end of the day on Tuesday, July 28, 2020. If you have any questions please feel free to send an email to cmarx@winnetka.org or call me at (847) 716-3587.

Obituaries

Gordon E. Copeland

A memorial service was held Nov. 18 at Northwestern Presbyterian Church in Evanston for Gordon E. Copeland, former Evanston City Treasurer.

Mr. Copeland, 74, died Nov. 13 in Evanston Hospital.

A resolution was read at the city council meeting Nov. 18, which paid tribute to Mr. Copeland's service to Evanston.

Mr. Copeland was elected city treasurer in 1963, re-elected in 1968 and again in 1973. The office of treasurer was abolished in an April 1973 referendum, and Mr. Copeland finished out his term, ending in 1977.

He was born in Waukegan, Iowa, grew up in Ames, Iowa and was graduated in 1927 from Northwestern University.

He headed the industrial relations department of Mobil Oil Co.'s Chicago division for 17 years before retiring in 1961.

Before running for treasurer, Mr. Copeland was a member of the zoning board of appeals for 17 years, was a member of the plan commission and was executive director of the Evanston Historical Society.

Mr. Copeland was a trustee of the North Evanston 4th of July Association, was a caucus participant for both Evanston school districts, took leadership roles in the United Food drives and was a member of the Kiwanis Club of Evanston.

He and his wife, Ellen, celebrated their 50th wedding anniversary in September. They lived for 42 years in the house they built at 2901 Marcy Ave.

Surviving him, besides his wife, are his daughter, Margot Mandt of Wilmette, and two grandchildren.

Burial was in Memorial Park Cemetery in Skokie.

Harold C. Lewis

Harold C. Lewis of Northfield died Nov. 20 at Downey Veterans' Administration Hospital, North Chicago. Mr. Lewis, 85, was a retired Winnebago Industries salesman.

Born in Omaha, Neb., he was a former Langston, Wis., resident.

His wife, Ethel B., died in 1964.

Mr. Lewis is survived by a stepson, Edward E. Sauer of Vernon Hills; two granddaughters, Patricia Sauer of Winnetka and

Lori Sauer; three great-grandchildren, and one great, great-grandson.

Private family services were conducted Nov. 24 at the Scott Glenview Chapel by the Rev. Fred Cooper of the Glenview United Methodist Church. Burial was in Memorial Park Cemetery, Skokie.

Martha Wiese

Martha Wiese of Northfield died Nov. 21 in Lutheran General Hospital, Park Ridge. She was 85.

Born in Tampa, Fla., Mrs. Wiese was a 15-year resident of Northfield.

Preceded in death by her husband, Theodore Wiese, she is survived by two sons, Barton of Glenview and Craig of Minneapolis, Minn.; two daughters, Mary Lynn of Chicago and Louise of Hoffman Estates; a sister, Suzanne Bossert of Lawrenceburg, Ind.; and seven grandchildren.

Funeral services were private.

Raymond Johnson

Raymond Johnson, an employee since 1946 of Pioneer Press, formerly Hollister Newspapers, died Nov. 21 in the Veterans' Administration Medical Center in North Chicago.

Mr. Johnson, 61, was born in Augusta, Ga., and came to Evanston when he was 6 years old, and attended schools here. He was graduated from Evanston Township High School and served overseas with the Army in World War II.

Mr. Johnson, whose wife, Jane, died Oct. 13, is survived by two daughters, Patricia Patterson and Shirley Johnson, both of Evanston; his father, Daniel Johnson of Evanston; a stepdaughter, Helen Portway of Cleveland; 13 grandchildren; one great-

COMPETENCE

Equally important with prompt, experienced assistance and affordable cost is professional competence established through more than 115 years of FURTH service to the Jewish community.

John Anton Foukal

Former Winnetka resident John Anton Foukal, 71, died June 19 in Evanston Hospital. He had lived in Winnetka for 22 years until he moved to Northfield in 1973.

Mr. Foukal owned and operated meat markets in the Chicago area, and managed Melzers in Northbrook for 22 years.

Survivors are his wife, Rose Mary; a son, John M.; two sisters, Helen Niedwick and Mary Kasper; and a brother, Rudy Foukal.

A mass was said June 22 at St. Philip the Apostle Church in Northfield. Burial was in Sacred Heart Cemetery, Northfield.

Charles Harker Mercker

Charles Harker Mercker, 17, died June 21 at his home in Wilmette.

A June graduate of New Trier High School with a National Merit Letter of Commendation, Charles was enrolled in the honors program at the University of Iowa.

He was born in Evanston July 28, 1967, and attended Joseph Sears School in Kenilworth and The Lane School in Hinsdale.

He graduated from Hinsdale Junior

Property Maintenance Requirements

During processing of the demolition permit, it is important that the owner and contractor maintain the property in accordance with the Village Property Maintenance Code to avoid generation of nuisances. Accordingly, the following minimum requirements shall be adhered to:

- Grass shall be mowed and maintained at a height not to exceed 8 inches.
- Garbage, yard waste, miscellaneous rubbish, mail, and debris shall be removed from the property and not allowed to accumulate.
- Building(s) shall be secured (doors and windows in working order, closed and locked).
- No demolition or removal of building components may commence until the demolition permit has been issued. Commencement of demolition prior to issuance of permit will result in a Stop Work Order and double permit fees for all subsequent permits
- Approved tree fencing protections must be installed as directed by Village Forester prior to commencement of demolition. Lack of tree fencing will result in Stop Work Order and fines.

JO (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related ordinances and regulations of the Village of Winnetka, and JO (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties

Acknowledgement of Owner and Applicant Property Maintenance Responsibilities

I hereby acknowledge that in submitting the attached application for demolition, the subject property is and will continue to be maintained in accordance to all requirements of the Winnetka Village Code, including but not limited to the following specific standards:

- Grass is, and shall be, mowed and maintained at a height not to exceed 8 inches;
- Garbage, yard waste, miscellaneous rubbish, and debris have been removed from the property and will not be allowed to accumulate;
- Building(s) shall be secured (doors and windows in working order, closed and locked).

MEMORANDUM VILLAGE OF WINNETKA

COMMUNITY DEVELOPMENT DEPARTMENT

TO: LANDMARK PRESERVATION COMMISSION
FROM: CHRISTOPHER, MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 28, 2020
SUBJECT: CASE NO. 20-16-LPC: 1180 OAKLEY AVENUE - DEMOLITION PERMIT

INTRODUCTION	
Meeting Date	August 3, 2020
Commission Action	Preliminary historical and architectural review to determine if a Historical Architectural Impact Study (HAIS) is necessary or if a demolition permit can be issued without delay.
Property Address	1180 Oakley Avenue (See Attachment A – Aerial Map)
Property Owner	Howard Chandler
Application Submitted by	Krzysztof Marzec (See Attachment D – Application)
Mail Notice Sent to Property Owners within 250 feet	Completed
Public Comments as Date of Memo	None
PROPERTY DESCRIPTION	
Size	0.38 acres
Location	South side of Oakley between Euclid and Gordon
Improvements	Single-family residence with attached garage
Zoning	R-3 Single Family Residential
Surrounding Zoning	R-3 Single Family Residential
PROPERTY HISTORY	
	See Attachment B, Preliminary Property History See Attachment C, WHS Report
Constructed	1921
Additional Construction Activity	1949 – porch addition 1999 – family room addition
Winnetka Historical Society	WHS research indicates that this property does have some architectural and historical significance. See Attachment C – The following is a summary: The original architects of the property, Jacques Kocher and Benjamin Larson, were prominent architects who designed several Chicago-area historic buildings. Kocher is generally associated with his Prairie-style structures, making this Spanish Revival home in Winnetka even more unique and notable. Additionally, this property has been home to several prominent Winnetka residents including

	Walter F. Straub, who was a significant director of federal food programs during World War II and is often credited with introducing honey to the mainstream food industry.
<ul style="list-style-type: none"> Historical Significance 	<ul style="list-style-type: none"> Walter F. Straub - President of W.F. Straub & Co, Director the food rationing division during WWII and later the Director of the Department of Agriculture’s Emergency Food Program. Edwin Kirschbraun – Former Treasurer of Chicago Mercantile Exchange in 1937. Frederick and Helene Strodel – Vice President and Merchandise Manager at The Fair, a Chicago department store, the Vice President of Bamberger & Co, and a member of the Board of Directors of the National Retail Dry Goods Association.
<ul style="list-style-type: none"> Architectural Significance 	<ul style="list-style-type: none"> Jacques Kocher – founding member of the Board of Directors of the Chicago Associated Architects. Designed several notable Prairie-style homes on the south side of Chicago, including some that are included in the Jackson Park Highlands Chicago Landmark District. Benjamin Larson - Along with Kocher, prominent architects who designed several Chicago-area historic buildings, including two of the structures that are part of Chicago’s Chatham-Greater Grand Crossing Commercial Landmark District.
NEIGHBORHOOD CONSTRUCTION ACTIVITY	
Other Permits for New Single-Family Homes on Same Block (either side of the right-of-way block face and/or along the alley)	None
Director’s 60-Day Delay Due to Construction Activity	Delay is not necessary to prevent undue congestion and noise impacts in the neighborhood.

COMMISSION REVIEW

The Commission may consider one of the following two motions (1) Historical Architectural Impact Study Required or (2) Demolition Without Delay.

Historical Architectural Impact Study Required

The Commission finds that based upon the (1) preliminary property history study, (2) the Winnetka Historical Society comments, and (3) other information, comments, or evidence received by the LPC during its preliminary review **that the building and/or property is of sufficient historic or architectural merit to warrant conducting a Historical Architectural Impact Study (HAIS) prior to issuance of the demolition permit.** The Commission reached its conclusion based upon the property meeting the following criteria *[Commission would note which criteria is met]:*

1. The property or structures have been designated a landmark pursuant to Chapter 15.64 of the Village Code;
2. The property or structures have been included in the most recent Illinois Historic Structure Survey conducted under the auspices of the Illinois Department of Conservation;
3. The property or structures have been listed on the National Register of Historic Places or the Illinois Register of Historic places; and
4. The property or structures have sufficient architectural or historical merit to warrant a full HAIS prior to issuance of a demolition permit.

Demolition Without Delay

The Commission has determined that in accordance with Section 15.52.040 of the Village Code that the building and/or property is not of sufficient historic or architectural merit to warrant a Historical Architectural Impact Study, and the demolition of the structure may proceed without delay.

VILLAGE OF WINNETKA**

COMMUNITY DEVELOPMENT DEPARTMENT

TO: WINNETKA HISTORICAL SOCIETY
FROM: CHRISTOPHER MARX, AICP, ASSOCIATE PLANNER
DATE: JULY 13, 2020
SUBJECT: CASE NO. 20-16: 1180 OAKLEY AVENUE

INTRODUCTION

On August 3, 2020, the Landmark Preservation Commission (LPC) will consider a request to demolish the residence and detached garage located at 385 Rosewood Avenue. Please return any available information regarding the architectural and historical significance of the structure to my attention by the end of the day on Tuesday, July 28, 2020. If you have any questions please feel free to send an email to cmarx@winnetka.org or call me at (847) 716-3587.

RESEARCH SOURCES USED:

Phone books, property file, Chicago Landmarks digital files, ProQuest Newsstand, New York Times obituaries, WHS digital files, Google search

Date of Research: 7/21/2020

Our research indicates that this property does have some architectural and historical significance. The original architects of the property, Jacques Kocher and Benjamin Larson, were prominent architects who designed several Chicago-area historic buildings, including two of the structures that are part of Chicago’s Chatham-Greater Grand Crossing Commercial Landmark District. Kocher was also a founding member of the Board of Directors of the Chicago Associated Architects. He also designed several notable Prairie-style homes on the south side of Chicago, including some that are included in the Jackson Park Highlands Chicago Landmark District. Kocher is generally associated with his Prairie-style structures, making this Spanish Revival home in Winnetka even more unique and notable.

Additionally, this property has been home to several prominent Winnetka residents, including Walter F. Straub, who served as President of W.F. Straub & Co., Director of Wieboldt Stores, Inc., and Director of the well-known Libby food corporation. Straub was also a notable figure on regional and national levels, serving as the Director the Food Rationing Division during WWII. Later, he became the Director of the Department of Agriculture’s Emergency Food Program. Significantly, Straub is often credited with first introducing honey to the mainstream food industry (it was formerly used primarily for medicinal purposes).

In addition to Straub, this property was also home to Edwin Kirschbraun, who served as Treasurer of the Chicago Mercantile Exchange in 1937, and Frederick C. Strodel, who served as Vice President and Merchandise Manager at the Chicago department store The Fair, Vice President of Bamberger & Co., and a member of the Board of Directors of the National Retail Dry Goods Association.

at 3550 S. Rhodes Avenue in the Douglas (Bronzeville) community. A mix of high-rise and low-rise buildings aimed at moderate-income tenants, the project was commissioned by a group of African-American professionals and was to be partially subsidized through the National Housing Act. The investors asked him to participate financially, but because he was African-American banks refused to lend him money. He needed a white firm to partner with. Moutoussamy had worked with John Black at PACE Associates, and this connection and the strong recommendation of real estate developers Draper & Kramer led Dubin, Dubin & Black to invite Moutoussamy to join the firm as an associate. Initially, Moutoussamy was in a separate office, but the partners soon recognized his talents and saw that he would be able to bring in new business. Moutoussamy became a full partner early in 1966 – a first for an African-American architect at a large Chicago firm – and Lawless Gardens would go on to win numerous awards.

Dubin, Dubin, Black & Moutoussamy was an extraordinarily successful firm throughout the following decade, designing numerous structures under the new federal subsidy program. The quality of their work was notable, standing, as Carl Condit has written, “not far below the average of unsubsidized work such as Marina City.” Among their federally-subsidized apartment towers were the 28-story Quadrangle House at 6700 S. Shore Drive (SS 10), noted for its concrete “ribcage” construction, and the 21-story Island Terrace Apartments at 6430 S. Stony Island Avenue (W 02), both completed in the late 1960s.

At the same time, the firm expanded its lucrative market-rate apartment and condominium building practice to include transit stations and educational institutions such as Chicago’s City Colleges. Moutoussamy and his firm were responsible for the Brutalist office tower at 820 S. Michigan Avenue. Designed for John H. Johnson, the African-American owner of Johnson Publishing, and erected between 1969 and 1971.

The firm continued to thrive even after John Black left the firm in 1978. Among their buildings of this period was Moutoussamy’s 1983 National Headquarters of the Alpha Kappa Alpha Sorority (5656 S. Stony Island Avenue, HP 18), an organization by whom the architect had been honored a decade before. Dubin, Dubin & Moutoussamy would continue to practice successfully until Moutoussamy’s death in 1995.

2.3.3 Jacques J. Kocher

Born in Alsace-Lorraine, Germany, Jacques J. Kocher (1878 – 1970) immigrated to the U.S. in 1904. He began his career in Chicago as a draftsman and contractor, and became licensed to practice architecture in 1911. Kocher quickly developed a busy and varied practice on Chicago’s South Side. He became a member of the Illinois Society of Architects by late 1914. *The Western Architect* featured one of his completed buildings – “Suburban Church, Chicago” – in its November 1915 issue.

That same year, Kocher also was producing residential structures in the then-developing Parkside neighborhood of South Shore. In October and November of that year, the city issued permits for three Kocher-designed six-flats on the 6700 and 6800 blocks of S. Cornell Avenue, two for Hjalmer T. Nystedt and one for Axel Carlsen (SS 37, SS48, SS 50). (Kocher also designed Nystedt’s three-flat at 6843 S. Cornell Avenue.) In December of 1915, *The American Contractor* and *The Construction News* announced that Kocher had joined forces with architect Edward McClellan. The new partnership, Kocher &

Kocher
cont.

McClellan, headquartered at S. 79th and Halsted streets, would apparently be short-lived. A 1921 building permit for a single-story commercial structure at 6920 S. Stony Island (SS 54) bears only Kocher's name.

In the early 1920s, Kocher continued to work in South Shore (sometimes partnering with architect Benjamin Larson), designing several houses in the Jackson Park Highlands. A bit further south, Kocher also produced a series of bungalows – a number of them for Nystedt – in what is now the South Shore Bungalow NRHP District.

The firm of Kocher & Larson designed structures across South Side communities such as Chicago Lawn and Beverly. Perhaps most notably, Kocher and Larson designed a collection of handsome two- to four-story commercial buildings on or near S. Cottage Grove Avenue, between E. 75th and W. 81st streets, in the late 1920s. Ornately-detailed in the Classical Revival and Renaissance Revival styles, these structures are part of Chicago's Chatham-Greater Grand Crossing Commercial Landmark District.

Only a few days before the precipitous market crash of 1929, Kocher became a founding member of the Board of Directors of the Chicago Associated Architects, a trade group of leading South Side architects. When the Depression took hold, Kocher went to work for the Chicago Board of Education. Kocher served at the Joliet Naval Yard during World War II, and formed a new architectural partnership upon his return to civilian life. A longtime resident of the south suburban Flossmoor, he and his new firm, Kocher, Buss, and DeKreek, designed the community's village hall in 1950. Kocher "semi-retired" in 1955, and died in 1970.

2.3.4 Anders G. Lund

Anders Gustaf Lund (1857-1934) lived an immigrant success story. Born on a farm in the Vermland province of Sweden in 1857, Lund showed an early gift for drawing, a talent nurtured by his uncle, the engineer for the city of Abo. Lund began his formal studies in architecture at the Technical Institute of Stockholm, from which he graduated with honors.

Lund immigrated to Chicago in April of 1882. He served a three-year apprenticeship as a construction carpenter with P.A. Westberg of Englewood. He then worked in a number of architectural offices, eventually becoming the foreman of the drafting department of Jules De Horvath's firm. In 1890, he married Ida Charlotta Lundgren, with whom he had three children.

Lund opened his own practice in 1892. He apparently became successful quite quickly, designing, for example, a three-story store-and-flat building on Halsted, between 59th and 60th streets, in 1893, and a three-story apartment building on 6356-6358 S. Peoria Street in 1897, both near his Englewood home and office. By the end of the following decade, he had become extraordinarily prolific, and his work of the period can be found all over Chicago's South Side. According to the *Svenska Hyheter* newspaper, Lund's success was such that he was able to buy a "beautiful villa" in Palos Park, where his family spent their summers.

In 1910, *The National Builder* featured one of Lund's designs, the "Washington Apartment House, No. 1," on the cover of its October issue. This limestone-trimmed brick residence was a detached, two-story

Business Bits

Michael E. Fox, president of the Chicago Mercantile exchange, and the other officers yesterday were nominated for reelection for 1938 by the nominating committee. The other nominees are J. V. McCarthy, first vice president; Wilfred E. Sage, second vice president; Nick Fennema, secretary, and Edwin Kirschbraun, treasurer. Maurice Mandeville, Oscar Olson, and Garret B. Shawhan were nominated for two year terms as directors.

Michael E. Fox.

Walter F. Vieh, financial manager of the manufacturing division of Marshall Field & Co. at New York, will address the dinner meeting of the Chicago chapter of the National Association of Cost Accountants Thursday night at the Auditorium hotel. His subject will be "Who Should Administer the Budget and How Extensive Should Be His Authority?"

The Chicago Board of Trade membership of Jens Juul has been posted for transfer to John F. Gerard, and the membership of James F. Bell was posted for transfer to William J. Walton.

Tom M. Girdler, chairman of the board of the Republican Steel corporation, will speak on "What's Ahead in Industrial Relations?" at the fortieth annual dinner of the Illinois Manufacturers' association tonight at the Stevens hotel. Approximately 2,000 persons are expected to attend the dinner.

Preparations are being completed for the annual Christmas party of the Chicago Federated Advertising club on Dec. 22 at the Hotel Sherman. The proceeds will go to the Off the Street club, which provides spare time training for underprivileged boys and girls.

FREDERICK C. STRODEL

Frederick C. Strodel, who retired five years ago as vice president and merchandise manager of The Fair, a Chicago department store, died Wednesday of a heart attack at Chatham, Mass., where he was on vacation. He was 70 years old and lived at Chatham, N. Y.

Mr. Strodel went to Chicago 40 years ago, after serving as vice president of Bamberger & Co. of Newark. He was born in Huntington, Ind., and graduated from Columbia University.

Surviving are his widow, Helene; a son, Richard H.; a daughter, Mrs. George F. Hunter; a sister, Clara Strodel, and six grandchildren.

1946
Walter F. Straub

WALTER STRAUB, FOOD EXECUTIVE

Founder and President of
Chicago Concern Dies

CHICAGO, July 12 (AP)—
Walter F. Straub, president and
manager of W. F. Straub &
Co., died today in his home in
nearby Winnetka. He was 67
years old.

Mr. Straub was also a direc-
tor of Wieboldt Stores, Inc., and
president of the Wieboldt Foun-
dation.

He is survived by his widow,
the former Anne Wieboldt; a
son, John W., and two daugh-
ters, Mrs. Anita Darrow and
Mrs. Suzanne Petersson.

Headed O.P.A. Division

Mr. Straub was the founder
of the Chicago food and phar-
maceutical concern that bore
his name. He was credited with
having introduced pure honey,
previously sold as a pharmaceu-
tical product, to the food in-
dustry.

Besides being a director of the
Wieboldt department store or-
ganization, he was a director of
Libby, McNeill and Libby, a
food company; the Diversey
Corporation, chemical manufac-
turers, and other Chicago enter-
prises.

In 1943 and 1944 he was direc-
tor of the food rationing divi-
sion of the Office of Price Ad-
ministration. After resigning as
director, he became a consultant
to the agency. In 1945 he was a
consultant to the chief quarter-
master of the Army's European
theater of operations. The next
year he served as director of
the Department of Agriculture's
Emergency Food Program.

During World War I Mr.
Straub did chemical research on
products for the military forces.
He received a B.S. degree from
the University of Illinois in
1918.

VILLAGE OF WINNETKA, ILLINOIS
DEPARTMENT OF COMMUNITY DEVELOPMENT

DEMOLITION APPLICATION

Permit No. _____

Property Information

Site Address: 1180 Oakley Ave. Winnetka IL. 60093

Parcel Identification Number(s) (PIN): 05171180150000

Description of all structures to be demolished: Main residence

Current Property Owner Information

Legal Name: Howard Chandler

Primary Contact: John Chandler

Address: [Redacted]

City, State, Zip: Lake Forest, IL 60045

Phone No. [Redacted]

Email: [Redacted]

Date owner acquired property: _____

Applicant Information

Legal Name: Krzysztof Marzec

Primary Contact: Krzysztof Marzec

Address: [Redacted]

City, State, Zip: Chicago, IL. 60657

Phone No. [Redacted]

Email: [Redacted]

Applicant's relationship to current property owner:

(If contract purchaser, attach copy of executed purchase agreement)

Contractor Information *(If known, otherwise indicate "not known")*

Legal Name: Not Known

Address: _____

City, State, ZIP: _____

Phone No. _____

Email: _____

Property Maintenance Requirements

During processing of the demolition permit, it is important that the owner and contractor maintain the property in accordance with the Village Property Maintenance Code to avoid generation of nuisances. Accordingly, the following minimum requirements shall be adhered to:

- Grass shall be mowed and maintained at a height not to exceed 8 inches.
- Garbage, yard waste, miscellaneous rubbish, mail, and debris shall be removed from the property and not allowed to accumulate.
- Building(s) shall be secured (doors and windows in working order, closed and locked).
- No demolition or removal of building components may commence until the demolition permit has been issued. Commencement of demolition prior to issuance of permit will result in a Stop Work Order and double permit fees for all subsequent permits
- Approved tree fencing protections must be installed as directed by Village Forester prior to commencement of demolition. Lack of tree fencing will result in Stop Work Order and fines.

KM (I/We) hereby agree to demolish the above structure or portion thereof, in accordance with the information submitted herewith and in strict compliance with all provisions of the Building Code and other related ordinances and regulations of the Village of Winnetka, and KM (I/We) hereby consent to inspection of the work during demolition and to the responsibility of maintaining the subject site and adjacent public and private properties in a good, safe and clean condition.

Owner Signature: [Redacted] Date: 06/29/2020

Printed Name: Howard A. Chandler by John Chandler under PoA dated 8/7/19

Acknowledgement of Owner and Applicant Property Maintenance Responsibilities

I hereby acknowledge that in submitting the attached application for demolition, the subject property is and will continue to be maintained in accordance to all requirements of the Winnetka Village Code, including but not limited to the following specific standards:

- Grass is, and shall be, mowed and maintained at a height not to exceed 8 inches;
- Garbage, yard waste, miscellaneous rubbish, and debris have been removed from the property and will not be allowed to accumulate;
- Building(s) shall be secured (doors and windows in working order, closed and locked).

Subject: Case # 20-15-LPC, 385 Rosewood Avenue

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am writing in regards to 385 Rosewood in response to notification of the Landmark Preservation Commission virtual meeting scheduled for Monday, August 7 at 7 PM.

First let me say that I served on the Preservation Committee for several years at least 10 years ago and enjoyed the experience and understand the review, demolition and construction process. From that experience I realized that while some homes were old, attractive and part of the fabric of the neighborhood, very few had any historical or architectural significance that was worth the expense of preserving them. This is certainly the case with the old, abandoned home at 385 Ash Street.

I have lived at 1062 Ash Street for 35 years and am very familiar with 385 Rosewood. While this house is old, there is nothing architecturally significant or historical about it. It is a simple frame farm house. It hasn't been maintained properly for at least 10 years and for the last 3 to 4 years it has been vacant except for the squirrels and raccoons that move in and out at will. It is well past the point of economical rehabilitation and I fully support the applicant's request for demolition of the structure followed by construction of a new home.

Demolition could not take place soon enough in my opinion. Please record this as part of the public commentary.

Thank you for the opportunity to offer my opinion on this matter. Please confirm by return email that this message was received.
