

### Construction Progress by DiMeo Bros, Inc. (DiMeo)

	Jul-22	Aug-22	Sep-22	Oct-22	Nov-22	Dec-22	Jan-23	Feb-23	Mar-23	Apr-23	May-23	Jun-23	Jul-23	Aug-23	Sep-23
Par 3 Aboveground Storage Facility															
18th Hole Aboveground Storage Facility															
Duke Childs Underground Storage Facility															
Little Duke Underground Storage Facility															
Hibbard Road Closure															
Water Main and Storm Sewer															
Box Culverts and Pumping Station															
Golf Course and Little Duke Restoration															

**WILLOW ROAD TRAFFIC NOTICE:** Excavated soils will continue to be trucked across Willow Road causing temporary traffic congestion and increased travel times. Please consider using alternate routes.

DiMeo continued **heavy** earth excavation of the new Par 3 Pond.

The Par 3 Storage Facility, when complete, will store about 22 acre-feet of stormwater!

Soils have been continually dried out and stabilized after excavation.

#### WORK THIS WEEK (week of 10/3/2022)

- The Par 3 Storage Facility is nearly complete! Approximately 32,000 cubic yards of earth has been excavated
- DiMeo continues to stabilize slopes with turf reinforcement mat, erosion control blanket, topsoil, and seed
- Grading operations on the landfill continued

#### WORK NEXT WEEK (week of 10/10/2022)

- DiMeo anticipates excavation of the Par 3 Storage Facility will be completed. Restoration of the area will then commence
- While the Par 3 Course is being restored, DiMeo will begin topsoil stripping on Duke Childs Field
- Duke Childs Field will then begin to be excavated to prepare for installation of the StormTrap underground storage units

#### PROJECT CONTACT INFORMATION

To be added to the weekly update distribution list, please visit the project website to sign up. For any inquiries, please contact James Bernahl, P.E., Village Engineer, at the contact information listed here.
