THE WINNETKA REPORT

Usher in the Holidays with Local Events

Holiday Market and Tree Lighting

Station Park - Corner of Green Bay Road & Oak Street

Friday, November 30

Market at 4:15 PM

Tree Lighting at 6:00 PM

Usher in this holiday season, Friday, November 30, with the Annual Tree Lighting and new Holiday Market starting at 4:15 PM at Station Park, (across the street from Village Hall). There will be music and carolers singing for your entertainment while you shop the various vendors. The Salvation Army band will play from 5:00 – 5:30 PM, with a performance and sing-a-long right after. The tree lighting will take place at approximately 6:00 PM when visitors from the North Pole arrive. So come enjoy some hot chocolate and cookies! There is no better place than Winnetka for the holidays! The event is sponsored by the Winnetka-Northfield Chamber of Commerce, Village of Winnetka and the Winnetka Park District.

A visitor from the North Pole

Chamber's 39th Red Invitation Holiday Sale: Sunday, December 2

The **39th Annual Red Invitation** Sunday Holiday Sale will be on Sunday, December 2. Local participating retail shops will open their doors with personalized specials and sales. Shoppers will find many wonderful gift ideas for the holiday season while enjoying refreshments and discounts. Visit the Chamber's website at WinnetkaNorthfieldChamber.com for more information. Shop locally – save time and money!

After shopping, sit back, relax and treat yourself to dinner in one of Winnetka's many delightful restaurants. The Village of Winnetka is convenient for shopping and dining, with a variety of choices throughout the village and plenty of free parking. No need to travel! Start your holiday shopping in Winnetka this holiday season!

Small Business Saturday is November 24

Show your support for Winnetka's local businesses by shopping locally on Saturday, November 24! Small Business Saturday is a shopping holiday held on the Saturday after Thanksgiving, during one of the busiest shopping periods of the year. The event was conceived as a counterpart to Black Friday and Cyber Monday, which profit big-box retail and E-commerce. In contrast, Small Business Saturday encourages holiday shoppers to patronize small and local businesses.

Why Shop Local?

1. Keep our community unique. Where we shop, where we eat and have fun — all of it makes our community home. Our one-of-a-kind businesses are an integral part of the distinctive character of Winnetka.

continued on page 3

A Message from the Village President

2018 was another good year in Winnetka. Once again, nearly a dozen new businesses have opened in the Village this year, and we welcomed Walgreens to Hubbard Woods. Another successful Winnetka Music Festival kicked off our summer, and fun was had at Art in the Village, Independence Day activities, the Chamber of Commerce Sidewalk Sale, and the Winnetka Farmers Market, which set up shop in the Village Hall parking lot Saturdays throughout the summer and fall.

In June, the Village Council adopted a Downtown Streetscape and Signage Master Plan, as an important step in implementing Winnetka's Downtown Master Plan. The community has called for improved opportunities to stroll, congregate, and dine in our downtown areas, and your Village Council is working to make that vision a reality. To see the plan, visit WinnetkaDowntownPlan.com.

Several steps were taken in the area of flood control in 2018. In June, the Council heard the results of a thorough review of Winnetka's stormwater regulations. As a result, detention requirements were strengthened, floodplain protections were reinstated, and the use of stormwater Best Management Practices to protect individual properties is being evaluated and refined. In September, the Council heard the presentation of a Sanitary Sewer Evaluation conducted by RJN Group. The report identified defects in both public and private sector sewer systems, and the Council will be discussing the funding of Sanitary Sewer repairs in 2019.

The Village continues to negotiate details of agreements with Winnetka Schools, New Trier High School, and the Park District for stormwater storage opportunities. Visit the Village's website, VillageofWinnetka.org, to sign up for weekly electronic newsletters to keep abreast of progress on stormwater projects.

In October, the One Winnetka Planned Development final amended application was approved; the Village is pleased to see redevelopment of this large parcel in the Elm Street Business District, along with several million dollars in streetscape improvements paid for by the Developer. The Design Review Board will have final approval of construction materials and design elements to ensure the development is of the highest quality, in keeping with the standards of the Winnetka community.

Public Safety initiatives are being implemented by the Village that will enhance the security and safety of our residents. Please read about Winnetka Alert and Smart 911 on page 7, and consider signing up for these programs aimed at improving emergency response times and providing residents with important information about local incidents.

A Budget meeting was held in October to review the property tax levy and inspect the operating budgets of each department, along with capital spending initiatives. For the fifth year in a row, there will be no increase in the municipal property tax levy for existing taxpayers, and only small increases in utility fees. For more on recent Council actions, read page 3. I encourage you to stay engaged and informed about significant initiatives in 2019 and beyond.

The holiday shopping season begins the Saturday after Thanksgiving on Small Business Saturday, a shopping holiday created as a counterpart to Black Friday and to support small businesses. Winnetka will officially kick off the holiday season on Friday, November 30, with the lighting of our holiday tree in Station Park 754 Elm Street, across the street from Village Hall. The Chamber of Commerce annual Red

Invitation Sale will be the following Sunday, December 2. Local businesses will offer sales, personalized service and refreshments.

In 2019, the Village of Winnetka will celebrate its Sesquicentennial! The Village is planning special events and already has designed a commemorative vehicle sticker for 2019. The insert in this issue provides more information.

A happy, safe, and joyous holiday season to all.

Chris Rintz
Village President

Winnetka Welcomes New Businesses

Lakeside Oral and Facial Surgery

**800 Oak Street
847-328-8899**

In 2016, Dr. Alan Harvey took over an Evanston Oral Surgery practice. His practice is now expanding to a second location at 800 Oak Street. Dr. Harvey anticipates an early November Grand Opening.

Beat Street

**554 Lincoln Avenue
847-920-5901**

This toy store was previously located in the Hubbard Woods Business District, and is now open at 554 Lincoln Avenue.

Body Gears Physical Therapy

**914 Green Bay Road
847-447-6040**

Body Gears recently moved from Lincoln Avenue to a larger space in the Hubbard Woods Business District.

Take Advantage of Year Round Light Recycling

As you decorate for the holidays, you may discover that some old lights and extension cords don't work. Recycle them with the Village's year-round light recycling program! All types of holiday lights and cords are accepted for recycling at the Public Works Yards, 1390 Willow Road, weekdays from 8:30 AM – 5:00 PM.

The Village cannot accept garland, live greens, wreathes, or other non-recyclables. If you have questions about the program, please call 847-716-3568.

Continued from cover:

Small Business Saturday is November 24

Why Shop Local?

- 2. Your tax dollars stay local.** Shopping at small businesses helps keep money within the community. Tax dollars stay local, going toward public services, schools, libraries, and parks.
- 3. Small businesses give back to the community.** Small businesses go beyond writing a check to a local cause. They're more likely to develop partnerships and strengthen ties with people in the neighborhood; and brick-and-mortar establishments can serve as community hubs.
- 4. Shopping at one local business helps other local businesses.** Shopping at a business in the neighborhood means you are likely to stop by other independent retailers in the vicinity. Additionally, some small businesses tend to offer products that are made locally, creating a ripple effect in the local economy.
- 5. Get Better Service.** Local businesses often hire people with a better understanding of the products they are selling and take more time to get to know customers to ensure your complete satisfaction.

#ShopWinnetka

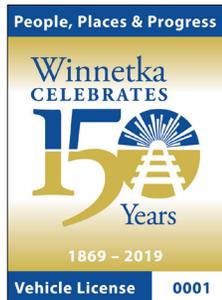

WELCOME TO THE NEIGHBORHOOD – SHOP LOCAL!

Online Payments of Permits, Utilities and Parking Fines

Residents can renew their vehicle stickers, commuter parking passes, and dog licenses online. Purchases can be made by a major credit card and will be shipped after the purchase is complete. Please note that only renewal vehicle sticker and pet license applications are eligible for online ordering at this time. New residents must come to Village Hall to purchase their stickers; or call the Finance Department at 847-501-6000 to request an application via mail. As required by Village Code, residents purchasing dog licenses are required to provide a copy of their pet's rabies certificate during both the online and in-person process.

Residents can also pay utility bills and parking tickets online with a credit card. Utility customers will be required to create a user profile and will be offered the chance to enroll in eBills for recurring credit card payments.

Click the **Online Payment** button on the Village's website - VillageofWinnetka.org - to get started!

Online renewal is fast and convenient

Christmas Tree Pickup

Christmas trees will be picked up from the curbside for shredding, chipping, and composting beginning January 2 through January 18, 2019. After January 18, a \$2.25 pink refuse sticker will be required to ensure pickup.

Please remove everything from trees, including plastic bags or wraps, ornaments, tinsel, wires, and the stand, as these will clog and damage the shredder. If you have questions about the program, please call 847-716-3568.

January 18 is the last day for free tree recycling

Council Action Summary

Below is a summary of key actions recently taken by the Village Council. To learn more about agenda items, visit the Village website: villageofwinnetka.org.

2018/19 Winnetka Village Council

September 13, 2018: The Council reviewed a draft of a Village Code amendment ordinance that would allow amusement arcades in Winnetka. After a thorough discussion, the Council made revisions to the draft to include license provisions for hours of operations; video surveillance; criminal background checks for managers/operators; adequate supervision of children; sanitary requirements; and limits on internet connectivity of games. The Council also heard the results of a Sanitary Sewer Evaluation conducted by RJN Group. The report identified defects in both public and private sector sewer systems, with an estimated \$3 million cost to repair. The Council learned that the Illinois Environmental Protection Agency has a loan program to encourage municipalities to perform repairs on their sanitary sewers. The same loan program is being used to help fund the Village's Water Main Replacement Program. More discussions about the sanitary sewer will take place during 2019 Budget discussions.

October 2, 2018: The Council approved a Special Use Permit request from Definition Fitness to operate a personal training studio within the Commercial Overlay District. Then, the One Winnetka Planned Development final amended application was discussed. After presentations from the Community Development Director, Village Attorney, the Developer and a lengthy public comment period, the Council thoroughly debated the final plan, and ultimately voted to introduce the approval Ordinances and Resolutions.

October 9, 2018: The Council heard the results of the recently-completed Business Survey, which was undertaken to gain understanding of business owners' satisfaction with Village services, perceptions of the business community, reasons for locating in Winnetka, and priorities

continued on page 5

Fire Safety for the Holidays

Unattended candles are a major cause of home fires

While the holidays are a time to enjoy with family and friends, it also presents an increased risk for house fires as half of all home heating fires occur in the months of December, January, and February. To avoid emergency situations this holiday season please remember to follow these tips.

- Keep flammable objects at least three feet away from fireplaces or other heating devices.
- Only plug one heating appliance into an electrical outlet at a time.
- Schedule annual chimney and vent inspections.
- Check carbon monoxide detectors monthly and replace them at the end of their useful life of seven years.
- Keep Christmas trees adequately watered and check the water level daily.
- Properly dispose of Christmas trees as they become more flammable as they dry out.
- Always turn Christmas tree lights off before leaving home or going to bed.
- Keep candles away from decorations and other things that can burn.
- Make sure candles are extinguished when unattended or going to bed.

The Winnetka Fire Department encourages everyone to practice these fire safety measures and wishes everyone a happy and safe holiday season. More holiday fire safety tips are available on the National Fire Protection Association website at NFPA.org.

2019 Budget Holds the Line on Property Taxes

Winnetka's Budget, adopted each year by the Village Council, is the official financial plan for the Village's operating departments. The Budget also presents information related to Winnetka's debt positions, pensions, and planned capital improvements. The Village follows a calendar-based fiscal year.

On October 26, the Council held a public Budget Meeting, where Village staff presented a formal review of the 2019 Annual Budget and Capital Improvement Plan, with each department presenting on their functional areas of operation.

Below is a snapshot of the key metrics related to the 2019 Annual Budget:

- The 2019 Annual Budget totals \$79,580,873, which is a 5.5% increase compared to 2018. The increase is largely the result of planned capital spending, since the total operating increase across all funds is 0.4%.
- The General Fund budget, the Village's main operating fund, totals \$23,718,892; a proposed increase of 1.1% compared to 2018.
- The proposed 2018 tax levy is \$14,838,985. For the fifth year in a row, a typical property owner will not see a Village property tax increase. As in prior years, the levy does capture new growth at .9%. The Village is again not levying for the current 2.1% Consumer Price Index rate of inflation.
- The proposed 2018 tax levy is \$1.7 million less than the tax cap limit (PTELL). Since 2005, the Village has been cumulatively \$8.4 million under the tax cap.

- The 2019 Budget's impact to a typical Winnetka household is \$384, driven by increases in the utility funds as follows:
 - Electric increase: 2.2%
 - Water increase: 8.5%
 - Sanitary increase: 5%
 - Refuse collection fee: additional \$20 per month
- The 2019 Village Capital Plan totals \$19,139,773 - with significant funding dedicated towards roads, downtown revitalization, stormwater management, water mains and improvements to the Village's electric system.

On November 20, the Village Council will hold a Public Hearing on the 2019 Budget; afterwards, the Budget, 2018 Property Tax Levy, and 2019 Rate Resolutions will be introduced. Then, at the December 4 Council Meeting, the 2019 Budget package will be formally adopted. To see the current and past Budgets, visit the Fiscal Transparency page on the Village's website:

VillageofWinnetka.org

2018 Licenses and Parking Permits Expire December 31

The 2019 Winnetka vehicle stickers are on sale now at the Cashier's Counter at Village Hall, 510 Green Bay Road, Weekdays from 8:30 AM - 5:00 PM. The sticker must be affixed to the lower right-hand corner of the windshield. The 2019 vehicle license is valid upon purchase and may be fastened to windshields immediately.

All dogs over the age of six months must be licensed with a current Winnetka dog license attached to their collar or harness. A current, original rabies vaccination certificate must be

Be sure to update your parking permit and dog tag

submitted with the license application; the certificate will be returned when the license is issued. Dog license fees are \$10 for males and spayed females and \$15 for non-spayed females. Documentation that the dog has been spayed is required.

Commuter parking permits allow commuters to park in Village lots adjacent to the train stations. Those interested in a permit must complete a commuter application. Daily Train User Parking Permits can only be purchased in person at Village Hall. Parking is designated in lots around the three train stations (Indian Hill, Elm Street, and Hubbard Woods). To see parking maps, visit the [Finance Department's parking page](#) on the Village website.

Snow & Ice Control Operations Maximized by Prioritizing Snow Clearance Routes

No Parking After Two Inches of Snow Falls

The Public Works Department is committed to keeping streets clear of snow and ice during the winter months. Established routes give priority to main streets such as Hibbard Road, Tower Road, Willow Road, Green Bay Road, and Elm Street, etc. Since these streets receive much of the traffic in the Village, they must be kept clear as primary emergency access routes. The next priorities are: (i) streets and sidewalks around schools & churches; (ii) residential streets; (iii) alleys; and (iv) public parking lots & decks.

The Village clears parking on Green Bay Road

Equipment operators cannot see children playing or hiding in these of snow adjacent to the road. Please make sure your children know they should not play in snow piles near to roads and parking lots.

Residents experience frustration when a snowplow comes by just as they have cleared the last snow from their driveway. To help minimize this problem, pile the shoveled snow on the “downstream” side of the driveway; then, when the plow comes by, the pile will tend to be moved into the parkway, and not back onto your driveway. Since conditions vary, this may not completely eliminate snow in the driveway – but should reduce it.

Village Code prohibits private snow removal services from piling snow in the street. If you use a private plow service, please inform them of this regulation.

Please do not deposit Christmas trees and recyclable items in the road after a snowfall. This practice creates road hazards for motorists; and the objects may be struck by plow trucks, damaging the equipment.

The Village minimizes salt use to control costs by only applying salt at intersections and on street surfaces that may pose a hazard. In addition, a non-corrosive liquid known as Calcium Magnesium Acetate is used on bridges and the Hubbard Woods Parking Deck to control ice build-up in an environmentally friendly manner.

The Village’s snow-parking ordinance prohibits street parking whenever a minimum of two inches of snow has accumulated within a 24-hour period. Vehicles in violation of the Village ordinance are subject to a fine and may be towed.

Continued from page 3: Council Action Summary

for improvement to the business climate. The Village will build use the results for planning future business district initiatives. The Council also discussed the Commercial Retail Overlay at length, and asked Village Staff to bring back amended languages on uses; information on the concept of “core retail zones” and boundaries of the Overlay.

October 16, 2018: The Council held a Public Hearing on a proposed Zoning Code amendment to allow amusement arcades in the Village. The matter had been thoroughly discussed at two prior meetings. There being no public testimony, the hearing was closed, and the Council approved the measure after a last brief discussion. A private-public partnership project to stabilize a portion of the Sheridan Road ravines was approved, with the Fisher Lane Homeowners Association presenting a check for \$90,000 to the Village for their portion of the project cost. This project will solve a long-standing erosion problem for the area, and a water main will also be replaced at the site. Finally, the One Winnetka amended final planned development application was approved, after the introduction of the approval Ordinances and Resolutions at the October 2 meeting.

October 26, 2018: The Council held an all-day Budget meeting, and heard the recommendations from each Village Department: Finance, Community Development, Manager, Water & Electric, Fire, Police and Public Works.

New Equipment Coming to Fire Department

The Winnetka Fire Department joined other area municipalities in a joint grant application to secure funds from the Federal Emergency Management Agency (FEMA) Firefighters Grant Program. The \$1,440,218 grant was awarded for the Mutual Aid Box Alarm System (MABAS), a partnership of 16 fire departments and the Regional Emergency Dispatch Center serving the north/northwest suburbs.

The grant will fund upgraded radio equipment to ensure inter-agency compatibility and facilitate improved cooperation among law enforcement, fire, emergency medical services, as well as other first-responders. The grant also allows the Fire Department to implement Motorola’s APX system, which provides real-time tracking of first-responders, to save valuable time during emergencies.

Thank You

Winnetka's historic Village Hall

The many elected and appointed volunteers who donate their time and energy to making Winnetka a great place to live and work deserve a special "THANK YOU!"

By serving on Village boards, commissions and committees, your fellow Winnetkans help to ensure that our community's charm and beauty are preserved. The residents of Winnetka owe them a debt of gratitude for their willingness to give so generously of their time and energy.

Shovel Your Sidewalk and Keep Neighborhoods Walkable

Do your part to keep walkways clear for pedestrians

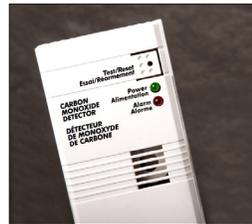

One of the unique qualities that make Winnetka such a desirable place to live is the walkability of our neighborhoods. Whether jogging, strolling, or walking the dog, enjoying scenic Winnetka from the sidewalk is a pleasurable pastime.

Since the Village's Public Works Department does not plow residential sidewalks

after a small snowstorm of three inches or less, residents are responsible for shoveling the walkways in front of their homes so the area is clear of hazards for their neighbors. If you have an elderly or incapacitated neighbor, consider being a "snow angel" and shoveling their walk as well. Small acts of good citizenship demonstrate respect for your neighbors, and contribute to the creation of a thriving and amiable community.

Replace Expiring Carbon Monoxide Detectors

Carbon monoxide (CO) detectors are crucial to ensuring your safety at home. They help detect the presence of carbon monoxide, an odorless, colorless gas that is one of the leading causes of accidental poisoning deaths in the United States. According to the Centers for Disease Control and Prevention, unintentional CO poisoning in the United States leads to more than 400 deaths and 50,000 emergency room visits each year. A functioning CO detector helps to ensure your family is protected in case of an emergency involving carbon monoxide.

CO detectors save lives

Most carbon monoxide detector models have a seven-year lifespan. These detectors will emit two beeps every thirty seconds when nearing the end of its useful life. It is not sufficient to just replace the batteries; the whole detector needs to be replaced. Unlike a smoke detector, the sensor in a CO detector will become less effective over time.

CO detectors should be installed in a central location outside each sleeping area and on every level of the home. For the best protection, interconnect all CO alarms throughout the home so that when one sounds, they all sound.

The Winnetka Fire Department encourages all residents to check their carbon monoxide detectors monthly to ensure they are functioning effectively. More information about the proper installation and maintenance of carbon monoxide detectors is available on the National Fire Protection Association website at NFPA.org. (Source: Firehouse Magazine September 2018)

Last Day for Leaf Collection is November 26

The Village's annual curbside leaf collection program will end on Monday, November 26. Under this program, residents may rake their leaves to the parkway just inside the edge of the curb for collection by the Village.

Please do not rake leaves into the streets. This creates a hazard, as leaves become slippery when wet. In addition, leaves piled in the street may clog storm sewers, leading to flooding.

All leaves must be placed by 7:00 AM on the final day of collection.

A Message from the Police Chief

Winter is fast approaching; snow and ice conditions are sometimes accompanied with parking restrictions. Parking is prohibited during a snow emergency. Winnetka Village Code indicates a snow emergency shall exist when the Director of Public Works determines that two or more inches of snow has fallen within a 24 hour period or that two or more inches of snow remains on any roadway in the Village. A snow emergency shall remain in effect on residential streets until snow has been cleared from the streets. Vehicles parked in violation shall be subject to relocation. Any person who violates the ordinance is subject to a \$150.00 fine.

The new year also means some new laws go into effect. Beginning January 1, an amendment to the Child Passenger Protection Act provides that any child under two years of age shall be properly secured in a rear-facing child restraint system, unless the child weighs 40 or more pounds, or is 40 or more inches tall.

Unlawful use of electronic communication devices continue to be a traffic safety concern. While the Winnetka Police Department continues to educate motorists and enforce violations, the

prevalence and risk of using these devices remains. The Illinois legislature has also taken notice. Effective July 1, 2019 a first offense (rather than a second or subsequent violation) from the Electronic Communication Devices section of the Illinois Vehicle Code will be considered a moving violation. It is easy to get caught up in the desire to receive information in the moment. However, the risks associated with distracted driving are far too great and the consequences can be irreversible. Please put down the phone. The text or email can wait until you can respond without risking the safety of others.

Marc Hornstein

Chief of Police

Coming Soon: Winnetka Alert and Smart 911

Winnetka Alert

The Village is pleased to announce that real-time information is now available to residents, businesses, and visitors. Winnetka Alert is a free service that allows individuals and businesses to sign up for cell phone notifications from the state and local authorities. This new alert system will communicate real-time information via email, text, or voice message on situations involving weather, traffic, and other critical information.

Keep informed with Winnetka Alert

Winnetka Alert replaces the Code Red notification system, which has been providing residents with weather and emergency information. To receive weather, traffic, and other important local and regional information, registration for this new system is required. Information about how to sign up will be posted on the Village's website (VillageofWinnetka.org) and the E-Winnetka newsletter as that data becomes available.

Smart 911

Smart911 is a free service that allows residents to create a household Safety Profile that includes any information they want 9-1-1 and first responders to have in the event of an emergency.

The Village encourages all residents to create a household Safety Profile. The critical information provided will be displayed for any 9-1-1 call-taker, allowing them to send the appropriate response teams to the correct location, armed with accurate information.

The Smart911 profile is private and secure, is only used for emergency responses, and only made available to the 9-1-1 system in the event of an emergency call. A link to the subscriber information will be provided on the Village's website and announced in E-Winnetka at a later date.

Be sure to follow the Police Department on **Facebook** and **Twitter**.

Smart 911 aids first responders
