DEMOLITION PERMIT APPLICATION

Applications for demolition of a principal structure on any property are subject to review by the Landmark Preservation Commission (LPC) and shall be accompanied by the attached completed application and all required supporting documentation. Incomplete applications will not be processed.

Upon receipt of a complete application, Village staff will consult property files and the Winnetka Historical Society to document the property history. The applicant is encouraged, but is not required, to submit any additional information on the property and alterations thereto.

The application and information gathered by Village staff will be transmitted to the LPC and evaluated at its regular monthly meeting, scheduled for the first Monday of each month at 7:00pm.

An application for demolition of a structure that is found upon initial review by the LPC to have possible architectural or historical significance must be further evaluated by the applicant and their agents in accordance with the Phase II Historical Architectural Impact Study (HAIS). Once the HAIS is submitted by the applicant, the HAIS is transmitted to the LPC for review and to the Historical Society for comment. An HAIS need not be submitted, and will not be accepted, until the LPC makes a determination of necessity during the Phase I review.

Applicants are required to attend the LPC meeting in order to address issues raised by Commissioners. The LPC meets on the first Monday of each month. Please refer to the following schedule of meetings and submittal deadlines:
