NOTES

SECTION C - FIELD ELEVATION INFORMATION (SURVEY REQUIRED)

C1. Building elevations are based on "Construction Drawings" or "Building Under Construction" or "Completed Construction".

"A new Elevation Certificate will be required when construction of the building is complete, or when the building diagram must be updated (see pages 6 and 7). If no drawing information is available, please provide contact information or photographs.

C2. Building Diagram Number (Refer to the building diagram number in your city or community's data, or refer to the diagram number from the field survey).

C3. Elevations - Zone A, AR, AE, AH, A (with SBE), VE, VH, X, Y, and other Special Flood Hazard Areas. These elevations are based on published field measurements and data conversion calculations. Use the data provided or the Comments area of Section D or Section E, as appropriate, to document the data source. 

SECTION D - SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION

This certification is to be signed and sealed by a land surveyor, engineer, or architect commissioned by the city to certify elevation information.

I certify that the information in Section A, B, and C of this certificate represents my best efforts to interpret the data available.

I understand that any false statement may be punished by fine or imprisonment under 18 U.S. Code, Sections 1001.
